One Undisclosed Trilogy Book 3:

Unidentified Submerged Objects and Underwater Bases Martin K. Ettington, There are many books on UFOs and Aliens but most are in the air or over the land However you might not be aware that there are also many UFO sightings underwater or over water There are even some strong claims of UFO and or Alien bases underwater Over 71% of the surface of the Earth is covered in water much of which is in the Earth s Oceans So it makes sense that Aliens visiting Earth would hide in the water or even build bases there Yes there are reports from several places of possible Aliens bases beneath the waves This would make a sensible place to hide if you have advanced technology which will allow you to hide underwater Some of the suspected underwater bases are near Malibu California Gulf Breeze Florida and the Solomon Islands in the South Pacific There are probably a lot more submerged base locations we don t know about all over the world In this book I ve provided as many Unidentified Submerged Object stories as I could research I think you will find these stories to be very interesting
