One Thousand Things Worth Knowing Poems:

One Thousand Things Worth Knowing Paul Muldoon, 2015-01-13 Another wild expansive collection from the eternally surprising Pulitzer Prize winning poet Smuggling diesel Ben Hur the movie yes but also Lew Wallace's original book and Seosamh Mac Grianna's Gaelic translation a real trip to Havana an imaginary trip to the Chateau d'If Paul Muldoon's newest collection of poems his twelfth is exceptionally wide ranging in its subject matter as we've come to expect from this master of self reinvention He can be somber or quick witted often within the same poem The mournful refrain of Cuthbert and the Otters is I cannot thole the thought of Seamus Heaney dead but that doesn't stop Muldoon from quipping that the ancient Danes are already dyeing everything beige In anticipation perhaps of the carpet and mustard factories If this masterful multifarious collection does have a theme it is watchfulness War is to wealth as performance is to appraisal he warns in Recalculating And Source is to leak as Ireland is to debt Heedful hard won head turning heartfelt these poems attempt to bring scrutiny to bear on everything including scrutiny itself *One Thousand Things Worth Knowing* confirms Nick Laird's assessment in *The New York Review of Books* that Muldoon is the most formally ambitious and technically innovative of modern poets an experimenter and craftsman who writes poems like no one else [1000 Things Worth Knowing](#) Nathaniel Clark Fowler, 1913

Paul Muldoon and the Language of Poetry Ruben Moi, 2020-01-13 Paul Muldoon and the Language of Poetry is the first book in years that attends to the entire oeuvre of the Irish American poet critic lyricist dramatist and Princeton professor from his debut with *New Weather* in 1973 up to his very recent publications Ruben Moi's book explores in correspondence with language philosophy and critical debate how Muldoon's ingenious language and inventive form give shape and significance to his poetry and how his linguistic panache and technical verve keep language forever surprising new and alive *Poetry & the Dictionary* Andrew Blades, Piers Pennington, 2020 This innovative collection of essays is the first volume to explore the many ways in which dictionaries have stimulated the imaginations of modern and contemporary poets from Britain Ireland and America while also considering how poetry has itself been a rich source of material for lexicographers **The Etymological Poetry of W. H. Auden, J. H. Prynne, and Paul Muldoon** Mia

Gaudern, 2020-07-10 This book defines analyses and theorises a late modern etymological poetry that is alive to the past lives of its words and probes the possible significance of them both explicitly and implicitly Close readings of poetry and criticism by Auden Prynne and Muldoon investigate the implications of their etymological perspectives for the way their language establishes relationships between people and between people and the world These twin functions of communication and representation are shown to be central to the critical reception of etymological poetry which is a category of difficult poetry However resonant poetic etymologising may be critics warn that it shows the poet's natural interest in language degenerating into an unhealthy obsession with the dictionary It is unavoidably pedantic in the post Saussurean era to entertain the idea that a word's history might have any relevance to its current use As such etymological poetry elicits the

closest of close readings thus encouraging readers to reflect not only on its own pedantry obscurity and virtuosity but also on how these qualities function in criticism As well as presenting a new way of reading three very different late modern poet critics this book addresses an understudied aspect of the relationship between poetry and criticism Its findings are situated in the context of literary debates about difficulty and diction and in larger cultural conversations about the workings of language as a historical event **The Poetics of Migration in Contemporary Irish Poetry** Ailbhe McDaid,2017-11-29

This book offers fresh critical interpretation of two of the central tenets of Irish culture migration and memory From its starting point with the New Irish generation of poets in the United States during the 1980s and concluding with the technological innovations of 21st century poetry this study spans continents generations genders and sexualities to reconsider the role of memory and of migration in the work of a range of contemporary Irish poets Combining sensitive close readings and textual analysis with thorough theoretical application it sets out the formal thematic socio cultural and literary contexts of migration as an essential aspect of Irish literature This book is essential reading for literary critics academics cultural commentators and students with an interest in contemporary poetry Irish studies diaspora studies and memory studies *Paul Muldoon in America* Alex Alonso,2021-09-09 Paul Muldoon was looking west long before he left Ireland for the United States in 1987 and his Transatlantic departure would prove to be a turning point in his life and work In America Muldoon s creative repertoire has extended into song writing libretti and literary criticism while his poetry collections have extended to outlandish proportions typified in recent years by a level of formal intensity that is unique in modern poetry To leave Northern Ireland though is not necessarily to leave it behind Muldoon has spoken of his sense of belonging to several places at once and in the United States he has found another creative gear new modes of performance facilitated by his Irish migr status Focusing on the protean work of his American period this book explores Muldoon s expansive structural imagination his investment in Eros and errors the nimbleness of his allusive practice as both a reader and writer and the mobility of his Transatlantic position It raises questions about the Irish poet as a westward voyager about Irish American cultural exchange and how departures for Muldoon seem to be a precondition for return indeed returns of many different kinds It also draws on archival research to produce provocative new readings of Muldoon s later works Exploring the poetic and literary critical long forms that are now his hallmark this volume places the most significant works of Muldoon s American period under the microscope and opens up the intricate formal schemes of a poet Mick Imlah credits as having reinvented the possibilities of rhyme for our time *The Bloomsbury Handbook of Contemporary American Poetry* Craig Svonkin,Steven Gould Axelrod,2023-01-12 With chapters written by leading scholars such as Steven Gould Axelrod Cary Nelson and Marjorie Perloff this comprehensive Handbook explores the full range and diversity of poetry and criticism in 21st century America The Bloomsbury Handbook of Contemporary American Poetry covers such topics as Major histories and genealogies of post war poetry from the language poets and the Black Arts Movement to New York school and the Beats

Poetry identity and community from African American Chicana o and Native American poetry to Queer verse and the poetics of disability Key genres and forms including digital visual documentary and children s poetry Central critical themes economics publishing popular culture ecopoetics translation and biography The book also includes an interview section in which major contemporary poets such as Rae Armantrout and Claudia Rankine reflect on the craft and value of poetry today

Poetry, Publishing, and Visual Culture from Late Modernism to the Twenty-first Century Natalie Pollard, 2020 Exploring works by Djuna Barnes David Jones F T Prince Denise Riley Paul Muldoon and Ted Hughes this volume traces the relationship between twentieth century poetry and art to question the role of art in society

The Poetry of Bloody Sunday Kübra Özermiş, 2025-09-29 As a turning point that changed the course of the Troubles the Bloody Sunday massacre continues to define ongoing debates about the legacy of the Troubles and the impact of state violence Bloody Sunday has been at the centre of numerous cultural and literary expressions which deal with the grief and trauma of the massacre such as murals songs plays and poetry This volume is the first comprehensive study of the poetry of Bloody Sunday written by critically acclaimed Irish poets including Seamus Heaney Paul Muldoon Thomas Kinsella Seamus Deane and Medbh McGuckian By focusing on poems written between 1972 and 2015 this book examines each poet s attempt to find an apt way of articulating the anger trauma and grief over the massacre with most of the poets continuously returning to the shooting in their poetry throughout their careers The monograph outlines how in the face of adversity the poets draw on old Irish literary traditions such as Gaelic laments and Aisling poetry which offer an indigenous anti colonial and counter hegemonic response to a massacre that was experienced as a colonial aggression It also discusses the complex relationship between poetry and politics and the negotiation between aesthetic freedom and the moral obligation to write about Bloody Sunday
