## Polycom® Touch Control

### Telepresence at your fingertips

The intuitive solution for accelerating unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would take hours to solve. It takes mere moments, not hours, to complete a task or to troubleshoot. By simplifying user experience, collaboration and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make your organization more productive and efficient.

#### Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional applications environments, and any other group requiring faster and more efficient collaboration. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution gives users the control of aspects of their conference. Adjusted for meeting/training, telepresence viewing rates and viewing content.

Meet and learn content for your meeting using a shared screen. Users can adjust keypad and content view. For quick access to more information, the Polycom® Touch Control communicates with the Polycom® H323 and SIP endpoints. It also features a multi-touch interface that can be integrated with Microsoft® Exchange® software or other content management.

The Polycom® Touch Control offers multiple options for a single user, enabling users to view and use the (or their) meeting and content. SIP endpoints on the Touch Control use Polycom® (or other) content and the (or their) content. It also features a multi-touch interface that can be integrated with Microsoft® Exchange® software or other content management.

#### Easy to use and deploy

The Polycom® Touch Control offers multiple options for a single user, enabling users to view and use the (or their) meeting and content. SIP endpoints on the Touch Control use Polycom® (or other) content and the (or their) content. It also features a multi-touch interface that can be integrated with Microsoft® Exchange® software or other content management.

#### Benefits

- Reduced time and complexity in troubleshooting and increased user adoption through a highly intuitive interface
- Improved user experience through easy touch control
