The Orangeman, Second Edition Don Akenson, 2023-02-15 From the end of the Napoleonic Wars to Confederation central Canada was awash with migrants from the British Isles and their cultural values The raw prejudice that they brought with them against the French the Catholics and even Yanks and Europeans bound together the eventual political majority in Ontario The Orangeman uses the life of Ogle Gowan an Irish Protestant upstart from County Wexford who turned central Canada Orange to explore these forces Gowan was ambitious malicious and mendacious but by the time of Confederation the Orange Order was the largest alliance of men in the country the foundation of the coalition of conservative Protestants that sculpted Canadian politics in the century that followed Don Akenson uses his skills as a

historian and a novelist in respecting the historical record The Orangeman is a lively and entertaining fictional biography and in Akenson's telling Gowan crosses swords with William Lyon Mackenzie and goes pub crawling with the young John A Macdonald One never knows everything about a historical person or event sometimes the right thing to do is to speculate sensibly and if possible have a little fun along the way Akenson shows us Canadian loyalism constitutionalism and deference to state authority on one side of the coin and on the flip side the successful attempt by one group of Canadians to do down the other This is real history real life as yesterday so today

The Emergent Metaphysics in Plato's Theory of Disorder Sarai Robin Charles, 2006-01-01 The Emergent Metaphysics in Plato's Theory of Disorder presents for the first time Plato's theory of disorder as it pertains to his understanding of powerful causal forces at work within and outwith the cosmos and the soul of man Divided into two Parts and presenting passages in both Greek and English Plato's cosmology the Timaeus and his chief theological work Laws X are discussed in detail In the Timaeus Ananke is introduced as one of two powerful primal causes a disordering force second only to the Demiurgos an ordering power and father of the universe Ananke is presented as being responsible for the physical chaos that existed prior to the generation of the universe as well as for any residual disorder left within the cosmos after its formation However later in Laws X Plato hypothesizes a different sort of disordering power a destructive force active long after the cosmos has been generated a primal Soul capable of endangering not just the physical universe but also the soul of man What ultimately arises from the juxtaposition of these two dialogues is a dynamic theory of disorder in which an epistemology is outlined an ontology is given and from which it is argued a metaphysics of disorder emerges Charles's work is a rich addition to the study of Plato and philosophy
