**The Political Economy and Ethics of Debt Financing** Patrick O'Sullivan,Paolo Ricci,2024-12-04 This book takes a fresh look at an age old controversy in ethics and political economy that stretches right back to Aristotle the morality and the economics of debt financing or the charging of interest on loans It endeavours to show the immense relevance of those ancient debates in the contemporary economy Outside of countries which practise Islam and Islamic finance the charging of interest is taken completely for granted today and little or no thought is devoted to its morality or economic and social impacts This book argues that in fact the question of the morality of charging interest is still debatable and deserves to be considered anew in the 21st century for the light it can shine on certain salient contemporary sources of economic malaise This book will first of all review the ancient debates on these questions stretching back to Aristotle seeking to restate the concerns in terms of contemporary economic theories and realities It will also then delve into the current practices in respect of lending of all kinds that can be found in those Islamic countries and financial institutions which endeavour to follow the

prohibition of riba charging of any kind of interest This will be contrasted with the impact of interest and debt financing in the contemporary non Islamic economies arguing that debt financing of businesses promotes greater rates of bankruptcy over the business cycle and that the charging of interest on loans for current consumption purposes will over time increase inequality and inequitable concentration of wealth in societies where it is practised It will also be shown how in a system without predetermined interest charges problems of exponentially exploding government debt could largely and neatly be avoided by linking bondholder rewards to levels of fiscal proceeds of states This book will be of significant interest to readers in ethics moral philosophy and political economy as well as to policymakers and thinkers grappling with issues around debt burdens public and private inequality and fairness *Christianity Today* ,1990 **NIV, Holy Bible, Larger Print, Economy Edition, Paperback, Teal/Tan, Comfort Print** ,2024-07-30 A low cost outreach Bible with added features in a readable 9 9 print size The NIV Holy Bible Larger Print is a great witness tool to give to first time Bible readers looking to discover God s Word You can feel comfortable and confident handing this Bible to anyone interested in spiritual issues or open to talking about God Includes added helps for a deeper understanding of the Bible making it ideal for churches and ministries buying Bibles in bulk Features include Full text of the accurate readable and clear New International Version NIV Selection of Old Testament and New Testament maps Getting to Know God A step by step path of salvation About the Bible Answers questions about what the Bible is how it was written and how it came to us Promises from the Bible Scripture passages on 20 difficult yet common emotions experienced by Christians 30 Days for Beginning Your Walk with Christ reading plan that gives an overview of the Bible and God s love for his people Perspectives from the Bible Scripture passages on 30 common situations experienced by Christians 30 Days with Jesus reading plan that covers the life death and resurrection of Jesus Double column format Exclusive Zondervan NIV Comfort Print typeface for a smooth reading experience Print size 9 9 New International Version NIV is the world s bestselling modern English Bible translation accurate readable and clear yet rich with the detail found in the original languages The NIV is the result of over 50 years of work by the Committee on Bible Translation who oversee the efforts of many contributing scholars Representing the spectrum of evangelicalism the translators come from a wide range of denominations and various countries and continually review new research to ensure the NIV remains at the forefront of accessibility relevance and authority Every NIV Bible that is purchased helps Biblica translate and give Bibles to people in need around the world **The theory of the kingdom: A unified model of human agency** Andrew Root,2024-01-02 This original monograph presents a comprehensive theory regarding the economy of the kingdom of God The theory and associated model will help individuals make better choices The research integrates fundamentals of the temporal real economy and the permanent economy of the kingdom of God to present a unified model of human agency According to the model effective agents are salt and light in the real economy arresting corruption and revealing the truth Effective agency produces life peace and growth Individual and organizational

**Mere Christian Hermeneutics** Kevin J. Vanhoozer, 2024-10-01 Southwestern Journal of Theology 2024 Book of The Year Christianity Today 2024 Theology Book Award The Gospel Coalition 2024 Biblical Studies Book Award Reading the Bible to the glory of God In 1952 C S Lewis s Mere Christianity eloquently defined the essential tenets of the Christian faith With the rise of fractured individualism that continues to split the church this approach is more

important now than ever before for biblical hermeneutics. Many Christians wonder how to read the text of Scripture well rightly and faithfully. After all, developing a strong theory of interpretation has always been presented by two enormous challenges. A variety of actual interpretations of the Bible even within the context of a single community of believers. The plurality of reading cultures: denominational, disciplinary, historical, and global interpretive communities, each with its own frame of reference. In response, influential theologian Kevin J. Vanhoozer puts forth a mere Christian hermeneutic: essential principles for reading the Bible as Scripture everywhere at all times and by all Christians. To center his thought, Vanhoozer turns to the accounts of Jesus' transfiguration, a key moment in the broader economy of God's revelation, to suggest that spiritual or figural interpretation is not a denial or distortion of the literal sense but rather its glorification. Irenic without resorting to bland ecumenical tolerance, *Mere Christian Hermeneutics* is a powerful and convincing call for both church and academy to develop reading cultures that enable and sustain the kind of unity and diversity that a mere Christian hermeneutic should call for and encourage.
