Notes From The Underground:

Notes from Underground Fyodor Dostoevsky, 1994-08-30 Award winning translators Richard Pevear and Larissa Volokhonsky give us a brilliantly faithful rendition of this classic novel in all its tragedy and tormented comedy In this second edition they have updated their translation in honor of the 200th anniversary of Dostoevsky's birth One of the most remarkable characters in literature the unnamed narrator of Dostoevsky's most revolutionary novel is a former official who has defiantly withdrawn into an underground existence In full retreat from society he scrawls a passionate obsessive self contradictory narrative that serves as a devastating attack on social utopianism and an assertion of man's essentially irrational nature

Notes from the Underground Fyodor Dostoevsky, 2014-08-27 Notes from the Underground is recounted from the perspective of an unnamed narrator who describes himself as sick spiteful and unattractive His thoughts and his moods veer unpredictably as he reflects on the folly of idealism and the reality of human squalor and degradation The psychological power of the book is deeply rooted in the conflicts and contradictions that afflict the narrator many of which seem to have afflicted Dostoevsky himself Once attracted to idealistic and utopian notions he subsequently found himself repelled by them A passionate advocate of freedom he had little confidence that humans could use freedom for good The narrator of Notes from the Underground is not a unified self but a self contradictory character like his author His bewildering complexity and relentless self analysis make him one of the most memorable and thought provoking protagonists of modern literature This new translation of Notes from the Underground renders Dostoevsky's famous work in readable and idiomatic contemporary English As well as the full text of the work itself and an informative introduction this edition provides background materials that offer personal and intellectual context for the work These materials also newly translated include writings from some of the thinkers against whom Dostoevsky positioned himself excerpts from Dostoevsky's personal letters and his earlier published works and a substantial selection of relevant illustrations and photographs
