Saunterings In And About London:

Saunterings in and about London Max Schlesinger, 2021-05-19 In *Saunterings in and about London* Max Schlesinger presents a captivating exploration of London's streets, neighborhoods, and cultural milieu in the mid 19th century. Imbued with vivid descriptions and a keen sense of observation, Schlesinger's literary style combines picturesque prose with a touch of romanticism, inviting readers on a leisurely stroll through both the city's bustling life and its quieter corners. The work serves as both a travelogue and a reflective meditation, offering insights into the social dynamics and urban landscapes of a city grappling with rapid modernization while also delving into themes of identity and place. Max Schlesinger, a journalist and urban observer, was profoundly influenced by his European upbringing and keen interest in the civilizations he encountered. His experiences navigating the streets of London during a period of great change inspired him to craft this insightful narrative. Schlesinger's background in literature and journalism provided him with the tools to articulate the complexities of urban life, making his work a pivotal contribution to the genre of literary travel writing. For those intrigued by the transformative power of cities and the rich tapestry of human experience, *Saunterings in and about London* is an essential read. It not only captures the essence of a bygone era but also resonates with contemporary readers seeking to understand the intricate relationship between individuals and their urban environments. In this enriched edition, we have carefully created added value for your reading experience. Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. Interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read.

[Saunterings in and about London](#) Max Schlesinger, 2014-08-14 Prefaces generally speaking are pleadings in which authors, anticipating public censure and well knowing how richly they deserve it, adduce sundry reasons why their books are not shorter or longer and altogether different from the volumes which then and there they bring into the market. I need not make any such excuses for I did not write for an English public nor did I ever pretend to popularity in England. The SAUNTERINGS were intended for the profit and amusement of my German countrymen and I must say I was not a little pleased and surprised with the very flattering reception which my book experienced at the hands of the English critics. Their favourable opinion which they so emphatically and I am selfish enough to go the whole length of the word so ably expressed has probably caused the production of the book in an English dress. The critics therefore must bear the responsibility if the general public should happen to condemn these *Saunterings* as weary, stale, flat, and unprofitable and shelve them accordingly.
