On Record Schalk van der Merwe, 2017-07-12 Popular Afrikaans music artists have done well in post apartheid South Africa and enjoy the enthusiastic support of loyal fans This support is fuelled by a complex set of emotions linked to being Afrikaans in a culturally pluralistic society In *On Record* van der Merwe investigates the interplay between popular music and the unfolding of Afrikaans culture politics from the start of the twentieth century to the present It includes a search for the earliest recorded Afrikaans songs and documents subsequent phases of music development that reflect the agency of ordinary individuals artists and listeners against a background of fundamental societal and political change It regards both the music mainstream and the alternative and reveals among other things historical cases of compliance and resistance regarding the master narrative of Afrikaner nationalist ideology the attempts by cultural entrepreneurs to establish authority over popular Afrikaans culture class tension lasting racial exclusivity protest and censorship and the post apartheid invocation of Afrikaner nostalgia and white victimhood Ultimately *On Record* provides an uninterrupted account and a critique of the entire history of recorded popular Afrikaans music up to the present Competition Law in South Africa Precious N. Music and Youth Culture Andy Bennett, 2022-12-29 The Bloomsbury Handbook of Popular Music and Youth Culture provides a comprehensive and fully up to date overview of key themes and debates relating to the academic study of popular music and youth culture While this is a highly popular and rapidly expanding field of research there currently exists no single source reference book for those interested in this topic The handbook is comprised of 32 original chapters written by leading authors in the field of popular music and youth culture and covers a range of topics including theory method historical perspectives genre audience media globalization ageing and generation *Dare Not Linger* Nelson Mandela, Mandla Langa, 2017-10-24 A memoir of Mandela's time in office as the first president of a democratic South Africa completed and expanded with his personal notes and speeches I have discovered the secret that after climbing a great hill one only finds that there are many more hills to climb I have taken a moment here to rest to steal a view of the glorious vista that surrounds me to look back on the distance I have come But I can rest only for a moment for with freedom comes responsibilities and I dare not linger for my long walk is not ended In 1994 Nelson Mandela became the first president of a democratic South Africa From the outset he was committed to serving only a single five year term During his presidency he and his government ensured that all of South Africa's citizens became equal before the law and he laid the foundation for turning a country riven by centuries of colonialism and apartheid into a fully functioning democracy *Dare Not Linger* is the story of Mandela's presidential years drawing heavily on the memoir he began to write as he prepared to leave office but was unable to finish Now the acclaimed South African writer Mandla Langa has completed the task using Mandela's unfinished draft detailed notes that Mandela made as events were unfolding and a wealth of unseen archival material With a prologue by Mandela's widow Graa Machel the result is a vivid and often inspirational account of Mandela's presidency and the creation of a new democracy It tells the story of a country in transition and the challenges Mandela faced as he strove to make his vision for a liberated South Africa a reality Underneath the history that has been made there is a human being who chose hope over fear progress over the prisons of the past Even as he became a legend to know the man Nelson Mandela is to respect him even more Barack Obama A rare human being who in freeing himself of his demons also became free to give his extraordinarily leadership to his country and the world Bill Clinton A critically important document as the principal firsthand record of Mandela's tumultuous time in office and the often ingenious measures he took to bring about peace the book contains many such practical lessons in governance Essential to students of Mandela's political career as well as of modern African history Kirkus Reviews South African Language Rights Monitor 2011 / Suid-Afrikaanse Taalregtemonitor 2011 Johan Lubbe, Theodorus du Plessis, 2016-01-05 The SALRM 2011 provides a rich source of information on a range of language related subjects A prominent issue remains the changing of street and place names including the Pretoria Tshwane and Louis Trichardt Makhado sagas Language in education remains a thorny issue as medium of instruction at school and tertiary level and the proposal that passing an African language should be a requirement in order to obtain a tertiary degree in South

Africa In terms of language legislation the draft version of the National Language Act was proposed The language of record in courts also received attention in the media The Challenge of Apartheid: UK-South African Relations, 1985-1986 Patrick Salmon,2016-11-25 The crisis of apartheid that began in 1984 provoked international outrage on an unprecedented scale and this volume documents the attempt by the British Government to formulate a response **Global Hindu Diaspora** Kalpana Hiralal,2017-08-22 This book examines Hinduism from both a historical and contemporary perspective It provides some interesting insights into factors that shaped and defined Hinduism in the diaspora It also examines the challenges facing Hinduism in the twenty first century In recent years the growing conversions of Hindus to other religions the complexities of caste the impact of AIDS and the need to reinvigorate the youth in Hindu teachings are just some of the issues that it faces What shape and form will Hinduism take in the twenty first century What will Hinduism look like in the future These relevant questions are the subject of debate and deliberations amongst religious scholars academics and politicians This edited collection addresses some of these questions as well as the relationship between religion and diaspora within historical and contemporary perspectives The Silence of Memory Adrian Gregory,2014-03-04 This book examines how the British people came to terms with the massive trauma of the First World War Although the literary memory of the war has often been discussed little has been written on the public ceremonies on and around 11 November which dominated the public memory of the war in the inter war years This book aims to remedy the deficiency by showing the pre eminence of Armistice Day both in reflecting what people felt about the war and in shaping their memories of it It shows that this memory was complex rather than simple and that it was continually contested Finally it seeks to examine the impact of the Second World War on the memory of the First and to show how difficult it is to recapture the idealistic assumptions of a world that believed it had experienced the war to end all wars **Architecture, State Modernism and Cultural Nationalism in the Apartheid Capital** Hilton Judin,2021-04-07 This book is the first comprehensive investigation of the architecture of the apartheid state in the period of rapid economic growth and political repression from 1957 to 1966 when buildings took on an ideological role that was never remote from the increasingly dominant administrative legislative and policing mechanisms of the regime It considers how this process reflected the usurpation of a regional modernism and looks to contribute to wider discourses on international postwar modernism in architecture Buildings in Pretoria that came to embody ambitions of the apartheid state for industrialisation and progress serve as case studies These were widely acclaimed projects that embodied for apartheid officials the pursuit of modernisation but carried latent apprehensions of Afrikaners about their growing economic prospects and cultural estrangement in Africa It is a less known and marginal story due to the dearth of material and documents buried in archives and untranslated documents Many of the documents drawings and photographs in the book are unpublished and include classified material and photographs from the National Nuclear Research Centre negatives of 1960s from Pretoria News and documents and pamphlets from Afrikaner Broederbond archives State architecture became

the most iconic public manifestation of an evolving expression of white cultural identity as a new generation of architects in Pretoria took up the challenge of finding form to their prospects and beliefs. It was an opportunistic faith in Afrikaners who urgently needed to entrench their vulnerable and contested position on the African continent. The shift from provincial town to apartheid capital was swift and relentless. Little was left to stand in the way of the ambitions and aim of the state as people were uprooted and forcibly relocated, structures torn down and block upon block of administration towers and slabs erected across Pretoria. This book will be of great interest to students and scholars of architectural history as well as those with an interest in postcolonial studies, political science and social anthropology. **Leading for Change** Jonathan

Jansen, 2015-08-14. This book offers new theoretical ground for thinking about and transforming leadership and higher education worldwide. Through an examination of the construct of intimacy and nearness including emotional, spiritual, psychic, intellectual and physical closeness, Jonathan Jansen demonstrates its power to influence positive leadership in young people. He argues that sensory leadership, which includes but extends beyond the power of touch, represents a fresh and effective approach to progressive transformation of long-divided institutions. Considering richly textured narratives, chapters explore complex intimacies among Black and White university students in South Africa post-apartheid and in the aftermath of a major racial atrocity. The stories reveal the students' transformation in the process of leadership for change, interweaving concepts of racism, human relationships and intimacy and in turn expanding the knowledge base of social and institutional improvement. This book explores how when different kinds of nearness come together in leadership, change young people respond in ways that would not be possible through conventional instruments such as policy, legislation and the appeal to moral sensibilities alone. **Leading for Change** will be critical reading for academics, researchers and postgraduate students in the fields of education, educational justice, higher education, educational leadership and change, social and/or racial justice. This book will also be of interest to those working in the fields of anthropology, social psychology and South African contemporary politics, policy and institutional practices.
