Oxford New Modern English Teachers Guide:

Functions of American English Teacher's Manual Leo Jones, C. von Baeyer, 1983-02-28 Functions of American English is for adults and young adults at high intermediate and advanced levels who need to learn to communicate effectively with the English they have acquired

Preposition Placement in English Thomas Hoffmann, 2011-01-06 Preposition placement the competition between preposition stranding What is he talking about and pied piping About what is he talking is one of the most interesting areas of syntactic variation in English This is the first book to investigate preposition placement across all types of clauses that license it such as questions exclamations and wh clauses and those which exhibit categorical stranding such as non wh relative clauses comparatives and passives Drawing on over 100 authentic examples from both first language English and second language Kenyan data it combines experimental and corpus based approaches to provide a full grammatical account of preposition placement in both varieties of English Although written within the usage based construction grammar framework the results are presented in theory neutral terminology making them accessible to researchers from all syntactic schools This pioneering volume will be of interest not only to syntacticians but also second language researchers and those working on variation in English

Teaching Materials and the Roles of EFL/ESL Teachers Ian McGrath, 2013-03-14 Teaching Materials and the Roles of EFL ESL Teachers is published amidst a decade long increase in academic publications and training courses concerned with the evaluation and design of English language teaching materials It is timely to consider what effect the advice on offer has had on teachers practice Are teachers evaluating materials carefully using textbooks in the ways expected by textbook writers developing their own materials and mediating between materials and learners in the ways advised in the professional literature The book explores these issues from a variety of perspectives The views of publishers textbook writers those contributing to the professional literature and teacher educators are synthesised to establish a theory of how teachers can best fulfil their roles vis vis materials and learners This is then compared with practice as represented by published accounts of teachers actual practices and learners perspectives The conclusion reached is that teacher education in materials evaluation and design is essential and suggestions are offered as to the form this might take The book is intended particularly for MA students and teacher educators concerned with materials evaluation and design but is of interest to all those concerned with the publication and use of English language teaching materials

A Reference Guide for English Studies Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious

librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal

Learning English at School Kelleen Toohey, 2018-05-25 This fully revised edition provides a comprehensive discussion of how insights and concepts from new materialism and posthumanism might be used in investigating second language learning and teaching in classrooms Alongside the sociocultural and poststructural perspectives discussed in the first edition this new book presents insights from new materialism on identity second language learning and pedagogical practices This application of new theory deepens our understanding of how minority language background children learn English in the context of their classrooms The author comprehensively explains the new materiality perspectives and suggests how research from this perspective might provide new insights on second language learning and teaching in classrooms The book is unique in analysing empirical classroom data from a sociocultural but also a new materiality perspective and has the potential to change our understandings of research and pedagogical practices
