Oxford Modern English Guide:

A Reference Guide for English Studies Michael J. Marcuse, 2023-11-15 **A Guide to Modern English History** William Johnson Cory, 1880 **The Columbia Guide to Standard American English** Kenneth G. Wilson, 1996-08-30 In the most reliable and readable guide to effective writing for the Americans of today Wilson answers questions of meaning grammar pronunciation punctuation and spelling in thousands of clear concise entries His guide is unique in presenting a systematic comprehensive view of language as determined by context Wilson provides a simple chart of contexts from oratorical speech to intimate from formal writing to informal and explains in which contexts a particular usage is appropriate and in which it is not The Columbia Guide to Standard American English provides the answers to questions about American English the way no other guide can with an A Z format for quick reference over five thousand entries more than any other usage book sensible and useful advice based on the most current linguistic research a convenient chart of levels of speech and writing geared to context both descriptive and prescriptive entries for guidance guidelines for nonsexist usage individual entries for all language terms A vibrant description of how our language is being spoken and written at the end of the twentieth century and how we ourselves can use it most effectively The Columbia Guide to Standard American English is the ideal handbook to language etiquette friendly sensible and reliable The Chicago Guide to Grammar, Usage, and Punctuation Bryan A. Garner, 2020-03-04 The authoritative guide to using the English language effectively from the greatest writer on grammar and usage that this country has ever produced David Yerkes Columbia University The author of The Chicago Manual of Style s popular Grammar and Usage chapter Bryan A Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity With The Chicago Guide to Grammar Usage and Punctuation he has written the definitive guide for writers who want their prose to be both memorable and correct Garner describes standard literary English the forms that mark writers and speakers as educated users of the language He also offers historical context for understanding the development of these forms The section on grammar explains how the canonical parts of speech came to be identified while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature Garner also treats punctuation and word formation and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references The Chicago Guide to Grammar Usage and Punctuation is a magisterial work the culmination of Garner s lifelong study of the English language The result is a landmark resource that will offer clear guidelines to students writers and editors alike A manual for those of us laboring to produce expository prose nonfiction books journalistic articles memorandums business letters The conservatism of his advice pushes you to consider audience and occasion so that you will understand when to follow convention and when you can safely

break it John E McIntyre Baltimore Sun *Standardising English* Linda Pillière, Wilfrid Andrieu, Valérie Kerfelec, Diana Lewis, 2018-03-15 This path breaking study of the standardisation of English goes well beyond the traditional prescriptivism versus descriptivism debate It argues that the way norms are established and enforced is the result of a complex network of social factors and cannot be explained simply by appeals to power and hegemony It brings together insights from leading researchers to re centre the discussion on linguistic communities and language users It examines the philosophy underlying the urge to standardise language and takes a closer look at both well known and lesser known historical dictionaries grammars and usage guides demonstrating that they cannot be simply labelled as prescriptivist Drawing on rich empirical data and case studies it shows how the norm continues to function in society influencing and affecting language users even today

Describing Prescriptivism Ingrid Tieken-Boon van Ostade, 2019-10-08 Describing Prescriptivism provides a topical and thought provoking analysis of linguistic prescriptivism in British and American English from a historical as well as present day perspective Focusing on usage guides and usage problems the book takes a three fold approach to present an in depth analysis of the topic featuring a detailed study of the advice provided in usage guides over the years an authoritative comparison of this advice with actual usage as recorded in British and American corpora including the HUGE Hyper Usage Guide of English database developed specifically to enable this line of study as well as more mainstream corpora such as COCA COHA and the BNC a close analysis of the attitudes to particular usage problems among the general public based on surveys distributed online through the Bridging the Unbridgeable research project s blog With extensive case studies to illustrate and support claims throughout this comprehensive study is key reading for students and researchers of prescriptivism the history of English and sociolinguistics Found at <https://bridgingtheunbridgeable.com>

A Guide To Grammar and Usage for Psychology and Related Fields John Eric Bellquist, 2014-01-27 Why another book on this topic The author s experience editing leading journals in psychology suggests that publication manuals and books on writing about experimentation in psychology do not adequately address grammatical usage and style Much of the advice published for scientific writers reads as if it had been written either by English teachers for writers who do not publish in scientific fields or by scientific writers who think that the information already available in countless handbooks on grammar and style for student writers in English classes is enough Unfortunately such traditional handbooks do not offer the particular sorts of commentary that scientific writers need This book offers specific advice on a host of issues ranging from the appropriate use of abbreviations to wordiness and how to avoid it Dr Bellquist s expertise in both the English language and the language of scientific writing ideally positions him to offer guidelines on the use of the passive the best wording for statistical presentations and just how to describe experimental procedures among many other topics Complete with examples and principles to guide writing decisions this book will assist both students and seasoned professionals in presenting their work clearly for maximum impact This book is intended as a guide to grammar and usage for writers in scientific fields particularly

in experimental psychology and all fields related to experimental psychology Features of the book include alphabetical entries and numerous cross references on grammar usage and style numerous examples taken from scientific papers or based on actual cases discussions of semantic problems of grammar such as modification predication and statement and discussions of usage specific to experimental psychology statistics and related fields

Legal Writing in Plain English, Third Edition Bryan A. Garner, 2023-09-06 The leading guide to clear writing StartFragment and clear thinking StartFragment in the legal profession for more than two decades now newly updated Admirably clear concise down to earth and powerful all too often legal writing embodies none of these qualities Its reputation for obscurity and needless legalese is widespread Since 2001 Bryan A Garner s Legal Writing in Plain English has helped address this problem by providing lawyers judges paralegals law students and legal scholars with sound advice and practical tools for improving their written work Now the leading guide to clear writing in the field this indispensable volume encourages legal writers to challenge conventions and offers valuable insights into the writing process how to organize ideas create and refine prose and improve editing skills Accessible and witty Legal Writing in Plain English draws on real life writing samples that Garner has gathered through decades of teaching experience Trenchant advice covers all types of legal materials from analytical and persuasive writing to legal drafting and the book s principles are reinforced by sets of basic intermediate and advanced exercises in each section For this third edition Garner has retained the structure of the previous versions with updates and new material throughout There are new sections on making your writing vivid and concrete and on using graphics to enhance your argument The coverage and examples of key topics such as achieving parallelism avoiding legalese writing effective openers and summaries and weaving quotations into your text have also been expanded And the sample legal documents and exercises have been updated while newly added checklists provide quick summaries of each section Altogether this new edition will be the most useful yet for legal professionals and students seeking to improve their prose

The Routledge Student Guide to English Usage Stewart Clark, Graham Pointon, 2016-05-20 The most comprehensive and user friendly guide to English usage available specifically tailored to the needs of students in Higher education Comparative approach as opposed to a dictionary format allows the student reader to quickly resolve issues around commonly confused words Includes extensive examples from the most widely used corpora the British National Corpus and the Corpus of Contemporary American English

The Cambridge Guide to Australian English Usage Pam Peters, 2007-04-26 The Cambridge Guide to Australian English Usage is an up to date evidence based account of the variable points in Australian usage and style in alphabetical format Its description of Australian English uses a wealth of primary sources linguistic corpora the internet public surveys of usage conducted through Australian Style as well as the latest editions of English dictionaries style manuals and grammars With all this input the Cambridge Guide to Australian English Usage provides in depth coverage of the currency of alternative usages in spelling punctuation and word choice in Australia while showing the influence of British and

American English here as well This book is designed for everyone who writes and edits documents and non fiction texts for print or electronic delivery Tertiary students and staff will get plenty of help from it as well as professional editors who work with manuscripts of many different authors and commissions from multiple publishers

A Research Guide to Gothic Literature in English Sherri L. Brown,Carol Senf,Ellen J. Stockstill,2018-03-15 The Gothic began as a designation for barbarian tribes was associated with the cathedrals of the High Middle Ages was used to describe a marginalized literature in the late eighteenth century and continues today in a variety of forms literature film graphic novel video games and other narrative and artistic forms Unlike other recent books in the field that focus on certain aspects of the Gothic this work directs researchers to seminal and significant resources on all of its aspects Annotations will help researchers determine what materials best suit their needs A Research Guide to Gothic Literature in English covers Gothic cultural artifacts such as literature film graphic novels and videogames This authoritative guide equips researchers with valuable recent information about noteworthy resources that they can use to study the Gothic effectively and thoroughly

A Practical Guide to Lexicography P. G. J. van Sterkenburg,2003-01-01 This is a state of the art Guide to the fascinating world of the lexicon and its description in various types of dictionaries A team of experts brings together a solid Introduction to Lexicography and leads you through decision making processes step by step to compile and design dictionaries for general and specific purposes The domains of lexicography are outlined and its specific terminology is explained in the Glossary Each chapter provides ample suggestions for further reading Naturally electronic dictionaries corpus analysis and database management are central themes throughout the book The book also introduces questions about the many types of definition meaning sense relations and stylistics And that is not all those afraid to embark on a dictionary adventure will find out all about the pitfalls in the chapters on Design A Practical Guide to Lexicography introduces and seduces you to learn about the achievements unexpected possibilities and challenges of modern day lexicography

Dynamics of Language Changes Keith Allan,2020-08-31 This book explores the dynamics of language changes from sociolinguistic and historical linguistic perspectives With in depth case studies from all around the world it uses diverse approaches across sociolinguistics and historical linguistics to answer questions such as How and why do language changes begin how do language changes spread and how can they ultimately be explained Each chapter explores a different component of language change including typology syntax morphology phonology semantics lexicology discourse strategies diachronic change synchronic change how the deafblind modify sign language and the accommodation of language to song This book presents a comprehensive analysis of the dynamics of language change over time simultaneously advancing current research and suggesting new directions in sociolinguistic and historical linguistic approaches

The Essential Guide to English Studies Peter Childs,2008-09-25 Focusing on what it means to study English in higher education this book guides students through key aspects of English Studies including major topics and approaches subject specific study skills and assessment including seminar presentations

assignments and exams Peter Childs offers down to earth practical guidance on developing the skills needed to succeed and includes coverage of literature language and creative writing This is an essential introduction to English Studies for students beginning their studies at university or college and anyone considering taking a degree in English

The Rules of Good Style: Teach Yourself Ebook A Practical Guide for 21st Century Writers Katherine Lapworth, 2012-01-13 Do you want to write more effectively correctly and in a manner which is appropriate for this brave new world of text speak and blogging Whether you are a professional writer or writing for your profession a journalist non fiction writer or simply a would be blogger you will find essential guidance and the latest style rules in this book It contains firstly a detailed breakdown of both the rules of grammar punctuation and spelling and secondly a guide to making your work readable structured and well paced Unlike any other style guide it also sets out the new and evolving rules for 21st century writing such as blogging chatrooms and even PowerPoint presentations

LEXICAL LUMINARY Chinua Asuzu, 2025-07-16 This book is a bold incisive companion for the reader who loves language and wants to wield it with precision force and grace Drawing from the author's lifetime of lexical inquiry and legal practice this book blends erudition with clarity and instruction with delight The book invites you to sharpen your vocabulary appreciate the fine distinctions between deceptively similar words and discover the compelling and evocative origins of selected terms Along the way you'll explore the meanings that matter not the obscure or ornamental but the vital and often misunderstood Written for lawyers law students writers judges teachers editors and anyone whose work or passion depends on the exact use of language Lexical Luminary champions clarity over confusion and precision over pretension It refuses encyclopedic overload and instead curates insight what you most need to know and why it matters

Words: A User's Guide Graham Pointon, Stewart Clark, 2014-06-03 Words A User's Guide is an accessible and invaluable reference that is ideal for students business people and advanced learners of English The book is structured in groups of words that may be confused because they sound alike look alike or seem to have similar meanings and this approach makes it much more intuitive and easy to use than a dictionary Contrasting over 5000 words such as habitable and inhabitable precipitation and rainfall reigns and reins Words a User's Guide provides examples of usage adapted from large national databases of contemporary English and illustrates each headword in typical contexts and phrases This book gives you straightforward answers and helps with pronunciation spelling style and levels of formality For those working internationally it presents international standards and compares usage in Britain and the USA Words A User's Guide is an excellent resource for anyone who wants to communicate well in written and spoken English At last A book about the use of words that clarifies and demystifies in an eminently usable way I would recommend it to anyone who wants to write well It is a book to keep Sandy Gilkes Head of the Centre for Academic Practice University of Northampton Rigorous fresh intriguing and downright useful it deserves a place on every properly stocked reference shelf Brian Cathcart Professor of Journalism Kingston University From the pedantic to the permissive everyone who's interested in the English language and the way we

speak and write it will want a copy of this practical entertaining book Wynford Hicks author of Quite Literally and The Basics of English Usage **Reader's Guide to Literature in English** Mark Hawkins-Dady,2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study **English Historical Linguistics** Laurel J. Brinton,2017-07-06 Uniquely organized in terms of theoretical approaches this is an advanced textbook on the study of English historical linguistics *An Introduction to English Grammar* Gerald Nelson,Sidney Greenbaum,2018-03-29 An Introduction to English Grammar provides a comprehensive overview of all aspects of English grammar The first part of the book The Grammar provides a step by step introduction to the key topics in English grammar The second part The Applications shows how a grasp of these topics can be helpful in resolving usage problems in developing a clear writing style and in mastering punctuation and spelling A whole chapter English in Use is devoted to illustrating the grammatical features of a wide range of modern text types including emails Facebook pages and tweets It also looks at the special grammatical features of English in everyday conversation Each chapter is followed by two sets of exercises The first set can be used in self study or in the classroom The second set deals with more advanced topics and can be used for classroom discussion or essay writing This fourth edition has been fully revised and updated and includes clearer descriptions and improved presentation new material on word structure and word formation new exercises examples and extracts updated further reading Assuming no prior knowledge of English grammar this book is ideal for beginning students on a one semester course and provides everything a student needs on the theory and practice of English usage A comprehensive Glossary of grammatical terms is included and a website provides invaluable additional exercises
