

How to Build Pergola

Check with your Local Authority if a permit is required.

The typical design illustrated and described here is one attached to the house fascia board (for further details on attaching pergolax to the fauria bound or house wolf see Pages 69-71).

Note: Although musy pergolas are initially without roof cladding, at a later date many folk choose to clad the roof with metal, fibreglass, or acrylic sheet. Footings designed to anchor pergolas with roof cladding will generally be larger than those without, so it is advisable to design footings to receive roof claddings should the need arise.

Where to Begin

Step 1 Prepare a Plan

Propure a layout plan and sectional view to establish lengths and quantities of materials (see Example Plant Playe 673.
