**Beyond Turkey's Borders** Banu Senay, 2012-12-05 In an increasingly connected world the engagement of diasporic communities in transnationalism has become a potent force Instead of pointing to a post national era of globalised politics as one might expect Banu Senay argues that expanding global channels of communication have provided states with more scope to mobilise their nationals across borders Her case is built around the way in which the long reach of the proactive Turkish state maintains relations with its Australian diaspora to promote the official Kemalist ideology Activists invest themselves in the state to see both for and like the state and as such Turkish immigrants have been politicised and polarised along lines that reflect internal divisions and developments in Turkish politics This book explores the way in which the Turkish state injects its presence into everyday life through the work of its consular institutions its management of Turkish Islam and its sponsoring of national celebrations The result is a state engineered transnationalism that mobilises Turkish migrants and seeks to tie them to official discourse and policy Despite this individual Kemalist activists dissatisfied with the state s transnational work have appointed themselves as the true cultural attach s of the Turkish Republic It is the actions and discourses of these activists that give efficacy to trans Kemalism in the unique migratory context of Australian multiculturalism Vital to this engagement is its Australian backdrop where ethnic diversity policies facilitate the nationalising initiatives of the Turkish state as well as the bottom up activism of Atatürkists On the other hand it also complicates and challenges trans Kemalism by giving a platform to groups such as Kurds or Armenians whose identity politics clash with that of Turkish officialdom An original and insightful contribution on the scope of transnationalism and cross border mobilisation this book is a valuable resource for researchers of politics nationalism and international migration
