comma or no comma Instead of rehearsing errors and drilling students on what's wrong with a sentence Jeff invites students to look carefully at their writing along with mentor texts and to think about how punctuation grammar and style can be best used to hone and communicate meaning Written in Jeff's characteristically witty style this refreshing and practical guide offers an overview of his approach to editing within the writing workshop as well as ten detailed sets of lessons covering everything from apostrophes to serial commas These lessons can be used throughout the year to replace Daily Oral Language or error based editing strategies with a more effective method for improving student writing
