2 pages | 387 words

Do you have some one that you admire? Do you have someone that you look up to? I'm sure you do. Most people I know do as well. Generally people admire someone that is related or close to them. But I also know people who admire someone that they have never met personally such as a super star musician or athlete. Let me tell you about someone that is very close to me and that I admire more than anybody else because he is someone I spend time with every day.

The next attribute that I admire about my dad is his knowledge. Knowledge is something that my dad has never been short on. Ever since I have been old enough to pay attention, I have noticed that my dad teaches himself just about everything. Whether its working on a car that he has never worked on before, or setting up an entirely new computer network for any of the companies he has worked for.

All he has to do is either work on something or read about it and he will know how to do it forever. I have always wished that it were this easy for me to pick something up and learn it. That's just another reason why I have so much respect and admiration for my father. Another reason why I admire my dad so much is...
