## Politiques Du Spectateur:

**Politiques du spectateur** Olivier Neveux, 2013-05-23 Face au monde ses crises et son devenir un théâtre s'invente Il raconte ce théâtre explique illustre propose ce théâtre est politique Il s'inscrit dans une longue histoire souvent de considérer celle d'un théâtre qui prend acte des batailles de son temps Aujourd'hui il défend des orientations politiques dissemblables et fait en particulier de la place accordée au spectateur le lieu d'enjeux différents Face au monde ses crises et son devenir un théâtre s'invente Il raconte ce théâtre explique illustre propose ce théâtre est politique ce titre il s'inscrit dans une longue histoire bien souvent de considérer celle d'un théâtre qui prend acte des batailles de son temps Mais ce théâtre d'aujourd'hui n'est pas homogène il défend des orientations politiques dissemblables et fait en particulier de la place accordée au spectateur le lieu d'enjeux différents En effet la politique au théâtre se dédouble aussi de façon discursive dans le rapport que le spectacle entend entretenir avec son spectateur C'est travers ce prisme qu'Olivier Neveux propose d'analyser le champ théâtral politique l'heure du néolibéralisme Comment le théâtre transgressif confronte-il ses spectateurs Quelles facultés le théâtre postdramatique entend-il solliciter Que nous apprennent ces volontés de brusquer sensibiliser clarifier mobiliser le spectateur Dans leur diversité quelles conceptions de l'émancipation tous ces théâtres soutiennent-ils Car c'est bel et bien une interrogation sur la possibilité de l'émancipation et la part que peut y prendre le théâtre qui anime cet ouvrage celle du spectateur de l'artiste et de l'œuvre émancipatrice Rattachée aux politiques du spectateur signifie alors s'intéresser tout autant aux politiques que le théâtre défend celles qu'il applique et aux définitions implicites qu'il propose par là de la politique

*The Intellectual Origins of the Belgian Revolution* Stefaan Marteel, 2018-09-05 This book explores the political ideas of the Belgian Revolution of 1830 which led to the break up of the Restoration state of the united Kingdom of the Netherlands It uncovers the origins of liberalism and political Catholicism in the Southern Netherlands in the wake of the French Revolution and traces the development of political language in the context of the tensions between the Northern and Southern part of the united Netherlands It shows how differences in Dutch and Belgian political and intellectual history resulted in different understandings of essential political concepts such as sovereignty and balance of powers as well as of the nature of the constitutional order of 1815 Finally it traces the emergence of Belgian nationalism within the discourse of opposition against the government Stefaan Marteel therefore provides a fresh perspective on the intellectual background of the rise of the nation state in the nineteenth century

**Re-Situating Public Theatre in Contemporary France** Ifigenia Gonis, 2023-05-10 This book examines the dynamics of the relational and spatial politics of contemporary French theatrical production with a focus on four theatres in the Greater Paris region It situates these dynamics within the intersection of the histories of the public theatre and theatre decentralization in France and the dialogues between live performances and the larger frameworks of artistic direction and programming as well as various imaginations of the public Understanding these phenomena as well as the politics that underscore them is key to understanding not only the present status of the public theatre in France but also how theatre as a

publicly funded institution interacts with the notion of the plurality rather than the homogeneity of its publics The Social History of Ideas in Quebec, 1760-1896 Yvan Lamonde, 2013-05-01 In *The Social History of Ideas in Quebec 1760 1896* Yvan Lamonde traces the province's political and intellectual development from the British Conquest to the election of Prime Minister Wilfrid Laurier. From the individuals who formulated them to the networks in which they circulated to their reception, Yvan Lamonde focuses on ideas at work and their role in shaping Quebec history. The mapping of a complete intellectual circuit allows Lamonde to follow the strains of ideological debates: monarchism, liberalism, republicanism, democracy, revolution, ultramontanism, nationalism over more than a century. His work is informed by an encyclopaedic reading of the print culture of the period and the book conveys a profound and nuanced knowledge of the social context and cultural channels: educational institutions, newspapers, the book trade in which intellectual debate occurred. Lamonde argues that while these ideas concerned politics, they went beyond the political; they were a fundamental and everyday element of civic society that was expressed in the public sphere through pamphlets, the popular press, and sermons. Lamonde's scrutiny of public opinion in Quebec allows him to place such currents of thought in the colony's international context: that of France, England, Rome, the United States, and their respective metropolises. *The Social History of Ideas in Quebec 1760 1896* covers a volatile time in the province's history from the end of the French Regime through the American invasion, the War of 1812, and the Rebellions in Lower Canada, capturing the cultural ascension of a society and the foundations of Quebec identity.

**Quels rôles pour le spectateur à l'ère numérique?** Simon Hagemann, Izabella Pluta, 2023-12-15 L'expression usuelle aller voir un spectacle de théâtre semble désormais inadéquatement lorsque il s'agit de définir l'activité d'un spectateur au XXI<sup>e</sup> siècle. Les formes théâtrales de l'ère numérique testent en effet une multitude de configurations incluant les nouvelles technologies et bousculent de fait la définition même du spectateur. Filmé par les caméras de Jay Scheib ou de Cyril Teste ou de Gob Squad, celui-ci se découvre sur écran et réagit avec son corps, il débambule avec des couteurs dans les formes scéniques de Rimini Protokoll et d'INVIVO tout autant qu'il expérimente les visiocasques dans les spectacles de CREW et de RGB Project. Partir de nombreux exemples de créations contemporaines, cet ouvrage explore les notions capitales du champ théâtral que sont la perception, l'immersion, la participation, l'interactivité ou l'émancipation. Il interroge également la relation du spectacle vivant avec des techniques ou des formes médiatiques spécifiques telles que l'intelligence artificielle ou les jeux vidéo. Il offre ainsi les repères indispensables pour aborder la complexité des univers scéniques et médiatiques contemporains. *Union List of Serials in Libraries of the United States and Canada* Gabrielle Ernits Malikoff, 1927 **Race and Theatre in France**, 2025-08-26 These well researched essays speak to the situation of African descended artists on the French stage especially in prestigious government subsidized theatres. Through documentation, historical analysis, close attention to productions and witnessing by Black French speaking artists, Chalaye uncovers and critiques the unacknowledged racialization and racism that have circumscribed the careers of Black actors. She ascribes responsibility for this frustrating situation in large part to
