Nuwaubian Pan-Africanism Emeka C. Anaedozie,2019-12-03 This book examines the contemporary operational and theoretical parameters of Pan Africanism and black nationalism in the post civil rights era It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history culture and tradition The author argues that the Nuwaubian Nation like their contemporaries such as the Nation of Islam represents contemporary efforts of African descendants to dialectically and culturally fight oppression He argues that unlike the classical Back to Africa movements the contemporary ones do not seek to primarily relocate to Africa but to go to Africa culturally and bring back Africa to the diaspora This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions mores and values in their in their various communities across the United States especially in Eatonton Georgia Their aim was to chart an identity for their adherents and inspire racial pride for people of African descent **The Kybalion** William Walker Atkinson,Three Initiates,Philip Deslippe,2011-04-28 Here is the flagship edition of the most popular occult work of the past century now published with a groundbreaking historical introduction that establishes its authentic authorship and a lost bonus work by the original author It is one of the most mysterious and hotly debated occult works ever written and without question the most popular and widely influential book of arcane philosophy of the twentieth century The Kybalion has been credited only to the cryptic Three Initiates since its first appearance in 1908 Debate rages over the identity of the Three Initiates the origin of the book s mysterious title and insights and the nature of the Hermetic teachings on which it is thought to be based Now the veil is parted The Kybalion The Definitive Edition presents the first full scale analysis of this work of practical occult wisdom It features the complete text of The Kybalion and the first ever publication of Atkinson s previously unknown post Kybalion work The Seven Cosmic Laws In an engaging introduction to this unique volume religious scholar Philip Deslippe surveys the work s context history and impact including as a source of spiritual insight to communities ranging from New Thought to Black Nationalism and provides a biographical sketch of its elusive author the New Thought pioneer William Walker Atkinson As valuable to new fans as it is to longtime readers who crave more knowledge about Atkinson and his work The Kybalion The Definitive Edition illuminates the remarkable history of this long cherished text

is to show how the ideas of self determination self identification self sufficiency self development and eventual autonomy can be achieved through the establishment of sustainable communities The sustainable community is the perfect vehicle in achieving liberation on a collective level True self determination for a people is always achieved collectively and not individually The idea of freedom is far from a new concept Sustainable living is also not a new concept However it is only recently that we have heard talk of utilizing sustainable ideas in conjunction with conventional ideas to achieve this freedom in these days in time The question now becomes How do we use sustainable living to gain the true freedom we ve been looking for IWAKERI: the Quest for Afrikan Spirituality by Awotunde Yao Zannu Faseyin Awotunde Zannu

things *ANKH: The Origin of the Term 'Yoga' - KARA KASA: The Origin and Nature of the 'Chakra'* Odwirafo Kwesi Ra Nehem Ptah Akhan, ANKH The Origin of the Term Yoga KARA KASA The Origin and Nature of the Chakra There is a great deal of misinformation regarding the notion of what yoga is and how chakras are related to yoga This misinformation has been propagated by the whites and their offspring who have fraudulently co opted these terms and created false etymologies to place them in their own languages They further moved to take fragments of ritual practices of Afuraka Afuraitkait Africa and manufacture pseudo religious practices and a corresponding dogma which has no basis in reality These acts were and are deliberate acts by the whites and their offspring spirits of disorder to control the spirits minds of Afurakanu Afuraitkaitnut Africans whose lands and cultures they invaded and desire to maintain complete control over The corruption of the Ancestral Religion of Afurakani Afuraitkaitnit African people by the whites and their offspring is an act of war It was the final attempt by them to gain a foothold in our societies which they were unsuccessful at taking through various failed military engagements over the course of millennia The western eurasian version of the corruption of Afurakani Afuraitkaitnit African Ancestral Religion manifested via the pseudo religions of christianity islam judaism and their pseudo esoteric branches The eastern eurasian version of the corruption of Afurakani Afuraitkaitnit African Ancestral Religion manifested via the pseudo religions of hinduism vedanta jainism buddhism taoism and various others These pseudo religious practices do not lead to enlightenment nor any manner of spiritual development They are designed to keep Afurakani Afuraitkaitnit African people the spiritual and physical slaves of the whites and their offspring thereby allowing them to control us our land and its resources until we awaken The terms yoga and chakra have no etymological roots in proto indo european languages We demonstrate conclusively and for the first time that these terms are found in the language of ancient Kamit Egypt They are woven into the cosmology of ancient Afurakani Afuraitkaitnit African Ancestral Religion and Culture Once understood their connotations for spirituality and ritual practice are totally different than what has been promoted by the whites and their offspring over the centuries
