Brill's Companion to the Reception of Senecan Tragedy

, 2016-02-02 In Brill's Companion to the Reception of Senecan Tragedy Eric Dodson Robinson incorporates essays by specialists working across disciplines and national literatures into a subtle narrative tracing the diverse scholarly literary and theatrical receptions of Seneca's tragedies The tragedies influential throughout the Roman world well beyond Seneca's time plunge into obscurity in Late Antiquity and nearly disappear during the Middle Ages Profound consequences follow from the rediscovery of a dusty manuscript containing nine plays attributed to Seneca it is seminal to both the renaissance of tragedy and the birth of Humanism Canonical Western writers from Antiquity to the present have revisited transformed and eviscerated Senecan precedents to develop in Dodson Robinson's words competing tragic visions of agency and the human place in the universe

The Trap of Proximity Violence Ignazia Bartholini, 2020-08-30 This book aims at shifting the emphasis from a general vision of gender based violence to a more opaque yet equally destructive one that related to proximity violence The first type of violence is exercised in multiple situations and in the generality of relationships experienced by people involving others who are both strangers to and intimate with each other Proximity violence provides and includes a fiduciary kind of proximity of dependent intimacy where the trust that the victim places in the other her tormentor favours the exercise of violence itself allowing it to take place thus making it practically imperceptible when not actually normal in extreme cases In turn this confidence is comparable to a veil of Maja which in conditions of vulnerability typical of victims attenuates the consequences of the violence undergone or the omens of what becomes violent action The

conceptual triad proximity violence vulnerability resistance resilience is explored here in the three main chapters and in the details aimed at identifying in the final chapter the mutual interconnections This book will be of particular interest and use to undergraduate and graduate students of sociology and gender studies **Easy Italian Reader, Premium Third Edition**

Agricultural Cooperative in the Framework of the European Cooperative Society Georg Miribung, 2020-04-09 This book assesses the Statute for a European Cooperative Society SCE regarding agricultural activities by comparing how specific questions arising in this context must be dealt with under the Italian and Austrian legal systems In this regard Council Regulation EC No 1435/2003 of 22 July 2003 on the Statute for a European Cooperative Society SCE is used as a tool for the structured analysis of various aspects of agricultural cooperatives However a comparison is only meaningful if the results are made comparable on the basis of a previously defined standard Accordingly the study uses on one hand a cooperative model developed by European legal scholars that defines general guidelines on how cooperatives should function PECOL On the other the results are presented in connection with economic considerations to discuss how efficient rules can be developed

Le salaire au travail ménager: Chronique d'une lutte féministe internationale (1972-1977) Louise Toupin, 2018-10-24 In this first ever international history of the influential feminist movement Wages for Housework Louise Toupin draws on extensive archival research and interviews with the movement's founders and activists from Italy England Germany Switzerland the United States and Canada Featuring previously unpublished conversations with Silvia Federici and Mariarosa Dalla Costa the book highlights the power and originality of the movement detailing its theoretical and organizational innovations around the unrecognized labour performed by women Challenging both classic Marxist theory and

the mainstream women's movement Wages for Housework organized in the 1970s around the idea that domestic or reproductive labour is as crucial for the survival of the capitalist system as more typically male productive labour Its activists demanded the wage as a way of ensuring that housework's value be recognized an idea still hotly debated today Wages for Housework is a major contribution to the history of feminist and anti capitalist movements and a provocative intervention into contemporary conversations about the changing nature of work and the gendered labour market **The Crisis of**

Social Reproduction Silvia Federici, Mariarosa Dalla Costa, Louise Toupin, 2025-01-21 In a series of interviews with Louise Toupin groundbreaking feminist thinkers Silvia Federici and Mariarosa Dalla Costa return to the movement they co founded in 1972 the International Feminist Collective The feminist collective originated the radical and controversial demand for wages for housework From these powerful roots they continue to explain how their political thinking developed over time formulating an intersectional critique of neoliberal capitalism with a crisis of social reproduction at its heart *Pearson's*
