households sectarian groups including the Quakers clusters of religious exiles Jewish and Islamic communities and those who settled in the new world Finally the fifth section considers some key topics and debates in early modern religious literature ranging from ideas of authority and the relationship of body and soul to death judgment and eternity The Handbook is framed by a succinct introduction a chronology of religious and literary landmarks a guide for new researchers in this field and a full bibliography of primary and secondary texts relating to early modern English literature and religion IDIOT LOVE and the Elements of Intimacy David Stromberg, 2020-05-05 This book turns our search for intimacy on its head suggesting that our way to creativity in love may be through idiocy The book takes its readers on a journey through the work of Plato and Melanie Klein in theorizing the dynamics of intimacy while exploring some of the paradoxical aspects of love in works by Fyodor Dostoevsky and French filmmaker Catherine Breillat Revisiting core concepts of how we think about relationships the book lays out a model for relational breakdown the idiot lovecycle in which we are constantly in the flux between seeing ourselves and seeing the other Effecting close readings of literary philosophical and psychoanalytical sources the book draws on parallels between these fields of inquiry while tracing their shared intellectual genealogy suggesting that the tension between Narcissus and Cassandra with its inherent conflicts is also the space through which love emerges from intimacy

Crusades and Memory Megan Cassidy-Welch, Anne Lester, 2017-10-02 Crusading was a religious movement involving papal authorization the incentive of remission of sins pious motivation on behalf of the individual and the justification of holy war Much recent historiography in this area has focused on resolving the questions of what a crusade was and why people went on them But crusading became a cultural and social phenomenon that changed across time and geographical space In turn crusading was shaped by the ways specific crusades and their participants were remembered in specific historical contexts Moreover crusade memory had profound effects on the cultivation of family lineage kinship ties national and regional identity and religious orthodoxy Integrating memory into crusades scholarship thus offers new ways of exploring the aftermath of war the construction of cultural and social memory the role of women and families in this process and the crusading movement itself This book explores memory as a methodological means of understanding the crusades It engages with theories of communicative memory social and cultural memory war commemoration and historical processes of remembering Contributions explore the variety of cultural forms used in cultivating crusade memory Material visual liturgical and textual objects are all reflective of crusade culture and the process of crafting its memory and the analysis of such sources is of particular interest This publication furthers new trends in crusade scholarship which understand the crusades as a broad religious movement that called upon and developed within a wider cultural framework than previously acknowledged This book was originally published as a special issue of the Journal of Medieval History **Routledge**

The Quaker World C. Wess Daniels, Rhianon Grant, 2022-11-04 The Quaker World is an outstanding comprehensive and lively introduction to this complex Christian denomination. Exploring the global reach of the Quaker community the book begins with a discussion of the living community as it is now in all its diversity and complexity. The book covers well known areas of Quaker development such as the formation of Liberal Quakerism in North America alongside topics which have received much less scholarly attention in the past such as the history of Quakers in Bolivia and the spread of Quakerism in Western Kenya. It includes over sixty chapters by a distinguished international and interdisciplinary team of contributors and is organised into three clear parts: Global Quakerism, Spirituality, Embodiment. Within these sections key themes are examined including global Quaker activity, significant Quaker movements, biographies of key religious figures, important organisations, pacifism, politics, the abolition of slavery, education, industry, human rights, racism, refugees, gender, disability, sexuality and environmentalism. The Quaker World provides an authoritative and accessible source of information on all topics important to Quaker Studies. As such it is essential reading for students studying world religions, Christianity and comparative religion and it will also be of interest to those in related fields such as sociology, political science, anthropology and ethics.

Eclecticism in Late Medieval Visual Culture at the Crossroads of the Latin, Greek, and Slavic Traditions Maria Alessia Rossi, Alice Isabella Sullivan, 2021-11-22 This volume builds upon the new worldwide interest in the global Middle Ages. It investigates the prismatic heritage and eclectic artistic production of Eastern Europe between the fourteenth and seventeenth centuries while challenging the temporal and geographical parameters of the study of medieval Byzantine, post-Byzantine and early modern art. Contact and interchange between primarily the Latin, Greek and Slavic cultural spheres resulted in local assimilations of select elements that reshaped the artistic landscapes of regions of the Balkan Peninsula, the Carpathian Mountains and further north. The specificities of each region and in modern times politics and nationalistic approaches have reinforced the tendency to treat them separately, preventing scholars from questioning whether the visual output could be considered as an expression of a shared history. The comparative and interdisciplinary framework of this volume provides a holistic view of the visual culture of these regions by addressing issues of transmission and appropriation as well as notions

of cross cultural contact while putting on the global map of art history the eclectic artistic production of Eastern Europe

Epigram, Art, and Devotion in Later Byzantium Ivan Drpić, 2016-07-21 Using epigrammatic poetry as a framework investigates the interplay between art and religious devotion in the later Byzantine period Krishna in History, Thought, and Culture Lavanya Vemsani, 2016-06-13 Krishna is a central figure in Hinduism a religion that has been a fundamental force for thousands of years This accessible encyclopedia covers texts practices scholarship and arts related to Krishna from the earliest known sources on As Eastern religions and related practices such as yoga become increasingly popular there is a need for resources that explain where these practices come from and what they mean This is one of those works Krishna is central to Hindu philosophy theology art architecture and literature and an understanding of Krishna will give students greater understanding of the role of Hinduism around the world Yet this isn't just a book on religion The encyclopedia also provides insights into Indian and world history and into contemporary concerns fostering respect for religious and cultural diversity Entries on a wide range of subjects related to Krishna cover India and other places where major Krishna religious centers and temples are established worldwide Articles draw from classical Indian sources dating back as far as 1300 BCE and from folk and worldwide literature including mythology from Jainism and Buddhism The book's alphabetical organization cross references in each entry that highlight related entries and further readings and topical and thematic lists will facilitate in depth research Johannine Belief and Graeco-Roman Devotion Chris Seglenieks, 2020-09-29 In this volume Christopher Seglenieks offers a study of the complex meaning in John's Gospel of genuine belief arguing it includes cognitive relational ethical ongoing and public aspects He compares it with Graeco Roman religious practices and highlights the distinctiveness of Johannine belief whose features are motivated by John's picture of Jesus **Animation between Magic, Miracles and Mechanics** Hans Henrik Lohfert Jørgensen, Laura Katrine Skinnebach, Henning Laugerud, 2023-08-18 When it comes to images we are all animists Deep down we all know that images can at least potentially be alive or come to life Nowadays we may tend to rationalize our ingrained animism and explain it away as a mere projection only happening in the space between image and viewer In the Middle Ages however imagery made enthusiastic use of magical miraculous and mechanical means of animation empowered and ensouled by both natural and supernatural principles of life This animist book investigates magic miracles and mechanics as motors of animation and seeks to understand the living image in solidarity with medieval experience rather than dismissive alienation of it Effigies did bleed weep or lactate either through divine intervention or through hydraulic machinery Statues did move or speak either as demonic oracles or as talking heads with implanted speaking tubes Marvels made by magic or by miracles were real as real as the wonders of physical mechanics moving bodily matter We just need to look and listen more carefully to comprehend these fluid realities even when especially when they challenge our received worldview Animation was by no means uncontested or uncontradicted but even its stiffest critics knew that gods and demons could intervene in inanimate matter to set it in motion to speak in tongues and exude the liquids

of life **New Light From Heaven** Jesus Christ, Virgin Mary, 2017-01-17 Messages From Heaven About the Future of Our World Mary God's Final Preacher God is always trying to lead man away from self destruction He sends his preachers He sends his teachers But these are snuffed out Their words are not listened to and their invitations are rejected So finally he has sent me I am his final teacher his final prophet I am his last opportunity to change the course of history There is no one behind me no other message no other signs than the ones that I will give When I tell the world that it must listen to me I am not speaking from a selfish and arrogant spirit I am speaking as one who sees the destruction the hopelessness of mankind if my words are not heeded *Devotion to the Administrative State* Mona Oraby, 2024-03-26 Why the pursuit of state

recognition by seemingly marginal religious groups in Egypt and elsewhere is a devotional practice Over the past decade alone religious communities around the world have demanded state recognition exemption accommodation or protection They make these appeals both in states with a declared religious identity and in states officially neutral toward religion In this book Mona Oraby argues that the pursuit of official recognition by religious minorities amounts to a devotional practice Countering the prevailing views on secularism Oraby contends that demands by seemingly marginal groups to have their religious differences recognized by the state in fact assure communal integrity and coherence over time Making her case she analyzes more than fifty years of administrative judicial trends theological discourse and minority claims making practices focusing on the activities of Coptic Orthodox Christians and Bah in modern and contemporary Egypt Oraby documents the ways that devotion is expressed across a range of sites and sources including in lawyers offices administrative judicial verdicts televised media and film and invitation only study sessions She shows how Egypt's religious minorities navigated the political and legal upheavals of the 2011 uprising and now persevere amid authoritarian repression In a Muslim majority state they assert their status as Islam's others finding belonging by affirming their difference and difference Oraby argues is the necessary foundation for collective life Considering these activities in light of the global history of civil administration and adjudication Oraby shows that the lengths to which these marginalized groups go to secure their status can help us to reimagine the relationship between law and religion **Religion in Sixteenth-Century Mexico** Cheryl Claassen, Laura

Ammon, 2022-02-10 Religion in Sixteenth Century Mexico explores the development of religion as transferred from Spain to Tenochtitlan The religious world of both Aztecs and Spanish Catholics at time of encounter was organized through large and small scale community family and personal devotions Devotion expressed through cults was the single most salient aspect in the transfer of Catholicism to New World people This book highlights the role that ideas such as afterlife apocalypticism iconoclasm Marianism resistance and saints played in the emergence of Mexican Catholicism in the sixteenth century The larger Atlantic world context as seen in the regions of Iberia Anahuac and New Spain or central Mexico from Zacatecas to Oaxaca is explored in detail Beginning with an extensive historical essay to contextualize the pre contact period the bulk of this volume contains 118 separate keywords each with three comparative essays examining Aztec and Catholic religious

practices before and after contact *ECKM 2019 20th European Conference on Knowledge Management 2 VOLS* Dr. Eduardo Tomé, 2019-09-05 Coming of Age in Jewish America Patricia Keer Munro, 2016-05 The Jewish practice of bar mitzvah dates back to the twelfth century but this ancient cultural ritual has changed radically since then evolving with the times and adapting to local conditions For many Jewish American families a child's bar mitzvah or bat mitzvah is both a major social event and a symbolic means of asserting the family's ongoing connection to the core values of Judaism *Coming of Age in Jewish America* takes an inside look at bar and bat mitzvahs in the twenty first century examining how the practices have continued to morph and exploring how they serve as a sometimes shaky bridge between the values of contemporary American culture and Judaic tradition Interviewing over 200 individuals involved in bar and bat mitzvah ceremonies from family members to religious educators to rabbis Patricia Keer Munro presents a candid portrait of the conflicts that often emerge and the negotiations that ensue In the course of her study she charts how this ritual is rife with contradictions it is a private family event and a public community activity and for the child it is both an educational process and a high stakes performance Through detailed observations of Conservative Orthodox Reform and independent congregations in the San Francisco Bay Area Munro draws intriguing broad reaching conclusions about both the current state and likely future of American Judaism In the process she shows not only how American Jews have forged a unique set of bar and bat mitzvah practices but also how these rituals continue to shape a distinctive Jewish American identity Christian Pilgrimage, Landscape and Heritage Avril Maddrell, Veronica della Dora, Alessandro Scafi, Heather Walton, 2014-12-05 This volume provides a theoretically and empirically grounded study of the significance of landscape in the experience of Christian pilgrimage across different denominations and its intersection with cultural heritage and tourism The book focuses on pilgrimages to Meteora Greece Subiaco Italy and the Isle of Man These are each sites of scenic beauty that boast a rich heritage associated respectively to Greek Orthodox Roman Catholic and Ecumenical Protestant denominations The study discusses different Christian theologies practices and perspectives on the nature and the purpose of pilgrimage in these traditions It draws on participant experiential accounts archival research and interviews with clergy laity and local stakeholders Special attention is paid to the themes of sacred space and practice aesthetics mobilities embodiment and performance emotional geographies theology cultural heritage consumption and commodification and the pilgrim tourist continuum The Hermeneutics of Jesuit Leadership in Higher Education Maduabuchi Muoneme, S.J., 2017-03-31 Cover Title Copyright Dedication Contents List of Tables Foreword Acknowledgments 1 Introduction The Idea of a Jesuit Catholic University 2 Modus Operandi of This Hermeneutics of Leadership 3 Nurturing for Leadership 4 Leadership Behaviors and Styles 5 Translation of Values 6 Spirit of Jesuit Catholic Leadership 7 Power and Jesuit Catholic Leadership 8 Convergence Lens for University Leadership Bibliography Index **Religious Devotion and the Poetics of Reform** George Pati, 2019-02-18 The poetry emanating from the bhakti tradition of devotional love in India has been both a religious

expression and a form of resistance to hierarchies of caste gender and colonialism Some scholars have read this art form through the lens of resistance and reform but others have responded that imposing an interpretive framework on these poems fails to appreciate their authentic expressions of devotion This book argues that these declarations of love and piety can simultaneously represent efforts towards emancipation at the spiritual political and social level This book through a close study of Na ini 1911 a Malayalam lyric poem as well as other poems authored by Mah kavi Kum ran n 1873 1924 a low caste Kerala poet demonstrates how n employed a theme of love among humans during the modern period in Kerala that was grounded in the native South Indian bhakti understanding of love of the deity n believed that personal religious freedom comes from devotion to the deity and that love for humans must emanate from love of the deity In showing how devotional religious expression also served as a resistance movement this study provides new perspective on an understudied area of the colonial period Bringing to light an under explored medium in both religious and artistic terms this book will be of great interest to scholars of religious studies Hindu studies and religion and literature as well as academics with an interest in Indian culture
