Daly,2021-02-01 Daly uses the lens of virtue and vice to reimagine a Catholic ethics that can better scrutinize the social forces that both affect our moral character and contribute to human well being or human suffering creating a framework to respond virtuously to problems caused by global

social systems from poverty to climate change **Triple Homicide** Charles J. Hynes, 2024-03-26 The debut novel from longtime Brooklyn district attorney Charles Joe Hynes Triple Homicide is the gritty saga of two generations of New York City police officers fighting to stay on the right side of the law In the early 1990s in New York easy money stands to be made at every turn and temptation proves a bitter struggle for the young and much decorated NYPD Sergeant Steven Holt and for Steven and his uncle Robert an officer before him an increasingly violent mess endangers their careers and the reputation of the entire department Born out of real stories of corruption and centered around two men who ultimately dare to challenge the fabled blue wall of silence the novel works toward a majestic courtroom on Long Island where Sergeant Holt is about to stand trial for triple homicide and where as he comes to know his past he ll learn that nothing he s known has ever been as it seemed In its intense telling by one of the only writers who could write it with such realism the story uncovers decades of deceit and corruption that infiltrate families and threaten to ruin the force Reflecting the proud yet troubled history of the NYPD Charles Hynes s debut is a searing up close portrait of the men and women who live and die in the pursuit of criminal justice **New York Court of Appeals. Records and Briefs.** New York (State)., The 3-0 Liborio Lungaro - Retired NYPD, 2020-09-29 Based on a True Story of the Largest Police Corruption Scandal in New York City s History The Dirty Thirty The 3 0 is a thrilling cat and mouse story that s based on the true story of the largest police corruption scandal in the history of the New York City Police Department The Dirty Thirty It s also a story of bringing a divided community together The actual events led to the arrest of 33 police officers The story is set in the 1990 s in the 30th Precinct in Harlem But the story of The 3 0 is not just about police corruption It s the story of what happens when the social order collapses under the weight of politics race fear drug cartels illegal immigration the rights of citizens and the role of law enforcement to protect and serve Because of this the NYPD responded by creating a new specialized unit that revolved around a decorated cop Sergeant Liborio Lungaro and his team of beat officers This story sheds light on the riveting back story of Lungaro s character and how he s taken on a journey that will change his life forever It s a story of twist and turns Who s good and who s dirty This story will keep you on the edge of your seat Law Enforcement in the Age of Black Lives Matter Dwayne A. Mack, Sandra E. Weissinger, 2017-12-29 There is a reason why people claim great respect for officers of the law the job by description is hard if not deadly It takes a certain kind of person to accept the consequences of the job seeing the very worst situations on a regular basis and knowing that one s life is on the line every hour of every day Working in law enforcement is emotionally and psychologically draining It affects these public servants both on and off the job Said plainly shaking an officers hand when you see them or posting a sign in the front yard that reads Support the Badge is lip service Even going as far as to donate money to a crowdsourcing fundraising site does little to support the long term professional development needs of officers These are surface level signs of solidarity and do little in terms of showing respect for the job and those who do it For those who want to do more this text provides reasons and a rationale for doing better by these public servants Showing

respect does not mean that one agrees with whatever another person or institution claims to be the right way Showing respect and admiration means that we charge individuals to live up to their fullest potentials and integrate innovation wherever possible In the case of policing in the era of Black Lives Matters policing as usual simply is not an option any longer It is disrespectful to both the officers and those who are being policed to rest on the laurels of past policing tactics As we enter a time period in which police interactions are recorded dash cams or body cams for example and new populations are being targeted Latinx people there is much to learn about what is working and what is not Routledge International Handbook of Critical Gang Studies David Brotherton,Rafael Gude,2021-07-28 Routledge International Handbook of Critical Gang Studies is rooted in the instability inequality and liquidity of the post industrial era It understands the gang as a complex and contradictory phenomenon a socio historical agent that reflects responds to and creates a certain structured environment in spaces which are always in flux International in scope and drawing on a range of sociological criminological and anthropological traditions it looks beyond pathological ahistorical and non transformative approaches and considers other important factors that produce the phenomenon whether the historically entrenched racialized power structure and segregation in Chicago the unconstrained state abandoned development of favelas in Brazil or the colonization displacement and dependency of people in Central America This handbook reflects and defines the new theoretical and empirical traditions of critical gang studies It offers a variety of perspectives including A view of gangs that takes into consideration the global context and appearance of the gang in its various forms and stages of development An appreciation of the gang as a socio cultural formation A race ethnic and class analysis of the gang that problematizes domain assumptions such as the underclass Gender variations of the gang phenomenon with a particular emphasis on their intersectional properties Relations between gangs and the political economy that address the dominant mode of production and exchange Treatments that demonstrate the historically contingent nature of gangs and their changes across time The contradictory impact of gang repressive policies institutions and practices as part of a broader discussion on the nature of the state in specific societies and Critical methodologies on gangs that involve discussions of visual and textual representations and the problematics of data collection and analysis Authoritative multi disciplinary and international this book will be of interest to criminologists sociologists and anthropologists alike particularly those engaged with critical criminology sociology youth crime delinquency and global social inequality The Handbook will also be of interest to policy makers and those in the peacebuilding field
