Advanced Skills in Executive Protection A. Hunsicker,2010 Any professional actively engaged in the executive protection field novice or veteran whether in a team or as team leader must train for and be able to pinpoint even the most unexpected security concerns The continuation of *The Fine Art of Executive Protection Handbook for the Executive Protection Officer* 2007 *Advanced Skills in Executive Protection* contains carefully selected and illustrated material for the executive protection and security enforcement professional All available training and study material individual case studies and real scenarios combined with professional experience serve as the foundation for this specialist s manual For the client as a prospective principal it provides important details that will assure lifesaving protection Comprehensive detailed and straightforward *Advanced Skills in Executive Protection* is the only book to offer an in depth look into the operational aspects of executive protection It guides the reader through a diversity of advanced disciplines and skills and contains all the necessary ingredients for effective protection planning Information about every aspect of executive protection is not only an important part of the professional s ongoing training curriculum but is also crucial for the client who seeks this professional protection to face not only today s protection needs but also those of the future See also *The Fine Art of Executive Protection Handbook for the Executive Protection Officer and Understanding International Counter Terrorism A Professional s Guide to the Operational Art* by A Hunsicker

The Fine Art of Executive Protection A. Hunsicker,2007-12 The number of incidents and crimes carried out by terrorists and criminals such as physical threats violent attacks assassinations kidnapping and hostage situations are increasing by the minute worldwide Each incident is a constant and ever demanding challenge to the law enforcement and the personal security professionals in particular A detailed but understandable manual for the Executive Protection Officer is a priority and the answer to those challenging situations *The Fine Art of Executive Protection* is a detailed but understandable manual for the Executive Protection Officer providing answers to those challenging situations Information about every aspect of executive protection is not only an important part of the professional s training curriculum but plays also a vital role for the client who seeks protection This manual will provide a clear view of all aspects not only for the professional but also for prospect clients To make sure of this all available training and study material individual case studies and real scenarios combined with professional experience served as a foundation for this specialist s manual *The Fine Art of Executive Protection* in its comprehensive and straight forward form will guide the reader through the diversity of disciplines and skills which are

essential for any professional of the executive protection and private security sector This book provides detailed information and knowledge necessary and indispensable not only for the novice but also for the experienced executive protection professional It provides the clear knowledge and a thorough understanding of the characteristics diversity and demands of this profession It contains all the essential ingredients necessary for an effective protection planning and successful service demanded by any executive protection specialist Providing all the tools techniques and applications needed for this specific job it also shall motivate some talents which may need to be developed further and to face not only today's protection needs but also those of the future The book not only contains detailed professional information for the person seeking a post in the glamorous world of the executive protection business but also provides all the information necessary for those under threat and in need of close protection and a secure environment A protection seeking client will find detailed information about Executive Protection and Physical Security Executive or Personal Protection was once considered a service only and exclusive for the rich famous and a few selected government officials But recent events and an increase in violence quickly transformed Executive Protection into a sought after service commodity worldwide Keeping this in mind any part of this guide is therefore easily adaptable and adjusted to any region or country in the world However one must carefully consider and act within the local laws to assure a successful protection service

Mercenaries: A Guide to Private Armies and Private Military Companies Alan Axelrod, 2013-12-27 Mercenaries have been active in battle from the beginning of military history and as private armies and military support firms they are a major component of warfare today Security military advice training logistics support policing technological expertise intelligence transportation all are outsourced to a greater or lesser degree in the U S military However privatization is not a uniquely American phenomenon Countries as diverse as Saudi Arabia and Australia rely on privatization in one form or another Historically heads of state politicians and other administrators have justified use of mercenaries on the basis of their effectiveness and cost savings These reasons and others continue to serve as rationales for use of private military companies in military strategy **Mercenaries A Guide to Private Armies and Private Military Companies** provides a comprehensive survey and guide to mercenary forces entrepreneurs and corporations active on the international military scene today including a concise history of mercenaries and private armies on land sea and in the air Narrative chapters are amply supplemented by sidebars including biographies of major figures key statistics historical and current documents contracts and legislation on private armies and outsourced military services Each chapter includes a bibliography of books journal articles and web sites and a general bibliography concludes the entire work

Behind the Shield A. Hunsicker, 2011 The worldwide number of incidents involving civil disturbances public unrests demonstrations uprisings and riots is increasing by the minute Each incident presents an ever demanding challenge for law enforcement and security professionals A detailed and understandable manual for security enforcement and riot control professionals is a priority and the answer to those challenging situations Any professional actively directly or indirectly

engaged in crowd control operations vice or veteran whether in a unit or as team leader must train for and be able to pinpoint even the most unexpected security concerns Behind the Shield contains carefully selected and illustrated material for the crowd control law enforcement and security professional All of the available training and study material individual case studies and real scenarios combined with professional experience serve as the foundation for this specialist s manual Comprehensive detailed and straightforward Behind the Shield is the only book to offer an in depth look into the operational aspects of crowd control operations It guides the reader through a diversity of advanced disciplines and skills and contains all the necessary ingredients for effective crowd control planning and operations Information about every aspect of crowd control operations is t only an important part of the professional s ongoing training curriculum but is also crucial for those officials who seek a professional operation and solution facing t only today s security needs but also those of the future

The Guide to National Professional Certification Programs Philip M. Harris,2001 The job market continues to change Highly skilled and specialized workers are in demand Traditional education cannot meet all the needs to create specialty skill workers Certification provides up to date training and development while promoting individual or professional skills and knowledge in a focused manner Certification as a way of continuing professional eduction can also be more cost effective

The Unconventional Close Protection Training Manual Robert Scali,2018-01-27 I wrote this book to teach people with no background in the protection industry how to not only be their own bodyguard but how to learn new skills so that they may eventually protect other people professionally If you want to learn the business and become a Private Security or Close Protection Operator you must learn a series of skill sets How you gain any skill set can vary from person to person Some people acquire the skills in the military police or even after years of hands on martial arts training You do not have to become a Green Beret Navy SEAL or CIA Contractor to acquire a series of proficient skill sets on survival combatives or shooting All you have to do to acquire some new skills in personal protection is to have the desire to learn and then apply what you have learned safely and with a high level of proficiency I will pass on small pearls of wisdom throughout this book The gems that I pass on to you have been passed on to me in many different ways throughout my life Each jewel will be a new skill or a direction to learn The more that you learn the more you will understand Any person with the passion for learning will pick up these new skills and instantly apply them The more that you read about close protection the more you will learn from this book The more that you physically do the more ingrained your skills will become into daily operational procedures Even if you learn just one new thing from this book that saves your life or someone else s then it was worth learning that skill Stay flexible in your thinking and keep an open mind as you read this book The more you learn about yourself the more you will want to know and apply your new skills towards your everyday life Eventually you will be able to tie all of the pearls from this book together and become operationally proficient and stay safe in many different scenarios

Guideline Manual United States. Law Enforcement Assistance Administration,1977 **Urbanization, Policing, and**

Security Gary Corder, Dilip K. Das, AnnMarie Corder, 2009-12-16 In terms of raw numbers the amount of world urban dwellers have increased four fold skyrocketing from 740 million in 1950 to almost 3.3 billion in 2007 This ongoing urbanization will continue to create major security challenges in most countries Based on contributions from academics and practitioners from countries as diverse as Nigeria Pakistan

The Counter Terrorist Manual Leroy Thompson, 2009-10-19 A comprehensive guide to counterterrorism units around the world and their recruitment training weapons equipment tactics and missions In the past thirty five years counterterrorist units have been deployed to deal with airplane ship train and bus hijackings They have rescued hostages in various types of buildings and have dealt with barricaded bank robbers prison rioters and assorted dangerous criminals Thousands have been rescued and millions have been safer because terrorists were aware that elite antiterrorist units were poised to act should they take hostages Following the September 11th attack on the World Trade Centre the mission of many anti terrorist units has expanded Some units now track terrorists to their lairs in other countries and strike them there Despite the significant and growing role of these units little is known about the way they operate The selection training structure and principles of maintaining such units together with basic theories of asymmetric warfare are the subject of Thompson's latest work In a practical step by step guide he analyses the necessary organization of such elite teams the arming and equipping of units and methods for a variety of missions from hostage rescue and high level dignitary protection to securing foreign embassies and counter WMD strikes Open the pages of this book and enter the world of the counterterrorist operator Praise for The Counter Terrorist Manual A finely illustrated guidebook to antiterrorist units deployed to handle airplane ship train and bus hijackings Units around the world are examined in a survey of these elite antiterrorist units and their operations a pick for any military library and packed with color photos of equipment and more Midwest Book Review

Monthly Catalog of United States Government Publications United States. Superintendent of Documents, 1985 February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications September issue includes List of depository libraries June and December issues include semiannual index

The Complete Idiot's Guide to the Perfect Resume Susan Ireland,2002-12 Includes tips on writing an effective resume creating an accurate yet impressive job statement networking using software programs and other resume technologies and making the most of your experience

South Asia Defence And Strategic Year Book - 2009 General Deepak Kapoor,,AVSM PVSM, SM VSM Chief of Army Staff (India),2009 The third edition of the South Asia Defence and Strategic Year Book offers an analysis of defence economic and social issues that impact regional security in South Asia The wide ranging perspectives give a deep insight into the factors and linkages that impact the emerging international relations of the region with particular emphasis on India which is an economic military and political powerhouse with an expanding footprint in the World South Asia is a region that is rife with geopolitics By virtue of its population and location it is a reflection of the challenges of the interconnected integrated and interdependent world Its security environment is relatively unsettled and is a reason for both hope and despair Its issues which have international as well as regional relevance have their own dynamics and trends that need a deeper understanding The Year Book aims to provide a comprehensive overview of the security environment in the region by focusing on an in depth analysis of military capabilities and strategic imperatives obtaining in the region Apart from outlining the general security environment detailed military balance trends in weapon systems and technology defence industry missile and nuclear capabilities and terrorism issues have been highlighted Growing strategic linkages and independence of nation states make it imperative to consider the region as a whole to incorporate a holistic approach The Year Book also contains studies on China and other Southeast Asian nations to that effect Thus the underlying theme of this publication is to enable understanding through information While the threat of terrorism remains at the forefront of most analyses the move towards popular and democratically elected governments in South Asia

has not eclipsed the existing challenges to governance in all the countries of the region Poverty and economic disparities coupled with ethnic and social divisions have created political and social fault lines that have been exploited by non state actors with their own agendas Thus we hope to promote peace through understanding by delineating the issues of concern in the region *The United Nations and the Protection of the Rights of Women* ,2005 *Domestic Criminal Violence* ,1982
