Subj: LETTER OF RECOMMENDATION FOR SERGEANT JUSTIN S. BARNES, USMC

1. It is my pleasure to recommend Sergeant Barnes for future employment. Over the last three years, I have had the pleasure of working with Sgt Barnes in a range of capacities. He is one of my top non-commissioned officers and can always be counted upon to complete the task at hand and deliver quality results. He is a leader who is driven, physically fit and fully capable of the roles and responsibilities of a supervisor. He exhibits the intellectual curiosity that we expect in Marines in pursuing solutions to the complex problems that a he tackles on a daily basis. He is never satisfied with the status quo, and continually seeks to gain knowledge and information to make him a stronger leader and professional.

2. Sgt Barnes demonstrated his leadership abilities during our seven month deployment throughout Asia and the Middle East. He ensured the Marines he led were always ready for operations and he expertly maintained his equipment in a full operational status. His diligence and attention to detail ensured his Marines succeeded in all facets of operations in austere locations such as Djibouti. He also was instrumental in their professional development, providing guidance and mentoring in their growth within the organization.

3. Sgt Barnes has my highest endorsement as a leader and professional. He is a natural, tough leader whose Marines respect him for his forthrightness but also for the compassion he shows them and their families. I have watched him grow professionally over the last three years and have no doubt that he will be a great asset to your company.

4. I can be reached at (703) 302-0563 or edward.donovan@usmc.mil.

 identity and existence were much in question Although the Marines were formally established by Congress in 1798 and
 subsequently distinguished themselves fighting on the Barbary Coast their essential mission and identity remained unclear
 throughout most of the nineteenth century But amid the crosscurrents of industrialization technological change

 ultimately secured its significant and enduring military role In this enlightening study Shulimson argues that the Marine
