## **Ode A Jean Moreas:**

**Ode à Jean Moréas** Raymond de La Tailhède, 1891      Poetry and Radical Politics in Fin de Siècle France Patrick McGuinness, 2015 Poetry and Radical Politics in fin de siècle France explores the relations between poetry and politics in France in the last decade of the 19th century The period covers perhaps the most important developments in modern French poetry from the post Commune climate that spawned the decadent movement through to the allegedly ivory towered aestheticism of Mallarmé and the Symbolists In terms of French politics history and culture the period was no less dramatic with the legacy of the Commune the political and financial instability that followed the anarchist campaigns the Dreyfus affair and the growth of Action française Patrick McGuinness argues that the anarchist politics of many Symbolist poets is a reaction to their own isolation and to poetry's anxious relations with the public too difficult to be widely read Symbolist poets react to the loss of poetry's centrality among the arts by delegating their radicalism to prose they can call in prose for the overthrow of the state and support anarchist bombers while at the same time writing poems about dribbling fountains and dazzling sunsets for each other This study demonstrates the connections between the anti Symbolist reaction of the école romane of 1891 in which Charles Maurras first made his name and the far right cultural politics of Action française in the early 20th century It also redefines many of the debates about late 19th century French poetry by putting an argument forward for the political engagements of the Symbolists while the French intellectual as a national icon was being forged McGuinness insists on profound continuities between the end of the 19th century and the beginning of the 20th in terms of cultural politics literary debate and poetic theory and shows how politics is to be found in unexpected ways in the least political seeming literature of the period The famous line by Peguy that everything begins in mysticism and ends in politics has an appealing sweep and grace This book has its own more modest and specific version of a similar journey it begins in Mallarmé and ends in Maurras

**Oscar Wilde** Matthew Sturgis, 2021-10-12 The fullest most textual most accurate most human account of Oscar Wilde's unique and dazzling life based on extensive new research and newly discovered materials from Wilde's personal letters and transcripts of his first trial to newly uncovered papers of his early romantic and dangerous escapades and the two year prison term that shattered his soul and his life Simply the best modern biography of Wilde Evening Standard Drawing on material that has come to light in the past thirty years including newly discovered letters documents first draft notebooks and the full transcript of the libel trial Matthew Sturgis meticulously portrays the key events and influences that shaped Oscar Wilde's life returning the man to his times and to the facts giving us Wilde's own experience as he experienced it Here fully and richly portrayed is Wilde's Irish childhood a dreamy aloof boy a stellar classicist at boarding school a born entertainer with a talent for comedy and a need for an audience his years at Oxford a brilliant undergraduate punctuated by his reckless disregard for authority his arrival in London in 1878 already noticeable everywhere his ten year marriage to Constance Lloyd the father of two boys Constance unwittingly welcoming young men

into the household who became Oscar's lovers and dying in exile at the age of thirty nine Wilde's development as a playwright becoming the high priest of the aesthetic movement his successes his celebrity and in later years his irresistible pull toward another double life in flagrant defiance and disregard of England's strict sodomy laws the blackmailer's charter the tragic story of his fall that sent him to prison for two years at hard labor destroying his life and shattering his soul
