Machiavelli in the Making Claude Lefort, 2012-03-30 In *Machiavelli in the Making* the influential French scholar and public intellectual Claude Lefort introduces a wholly novel interpretation of Niccolò Machiavelli's oeuvre revealing in the

Florentine's thought a thoroughly modern concept of the political with implications for our experience of politics here and now. Lefort extricates Machiavelli's thought from the dominant interpretations of Machiavelli as the founder of objective political science which having liberated itself from the religious and moralizing tendencies of medieval political reflection attempts to arrive at a realistic discourse on the operations of raw power. Lefort ultimately finds that Machiavelli's discourse opens the place of the political which had previously been occupied by theology and morality. An essential contribution to the ongoing reassessment of Machiavelli's significance. Machiavelli in the Making also stands as a crucial text for the understanding of Lefort's later writings on democracy and totalitarianism. *Spinoza-Machiavelli Encounter* Vittorio Morfino, 2018-11-14. Vittorio Morfino draws out the implications of the dynamic Spinoza-Machiavelli encounter by focusing on the concepts of causality, temporality and politics. This allows him to think through the relationship between ontology and politics leading to an understanding of history as a complex and plural interweaving of different rhythms.
