What is Latin American History? Marshall Eakin, 2021-09-13. What is Latin American History? surveys the development of this vibrant and dynamic field of study in North America, Latin America, and Europe. And yet, despite their demographic presence, there has been little scholarship focused on this group. *Constituting Central American-Americans* is an exploration of the historical and disciplinary conditions that have structured U.S. Central American identity and of the ways in which this identity challenges how we frame current discussions of Latina/o American ethnic and diasporic identities. Cárdenas challenges us to think about Central America and its diaspora in relation to other U.S. ethno-racial identities.
