## **Of Life And Times Old Conflict And Young Hope:**

Life and Times of Benjamin Franklin James Parton, 1864      Hope and the Kantian Legacy Katerina Mihaylova, Anna Ezekiel, 2023-09-21 Hope is understood to be a significant part of human experience including for motivating behaviour promoting happiness and justifying a conception of the self as having agency Yet substantial gaps remain regarding the development of the concept of hope in the history of philosophy This collection addresses this gap by reconstructing and analysing a variety of approaches to hope in late 18th and 19th century German philosophy In 1781 Kant's idea of a rational hope shifted the terms of discussion about hope and its role for human self understanding In the 19th century a wide ranging debate over the meaning and function of hope emerged in response to his work Drawing on expertise from a diverse group of contributors this collection explores perspectives on hope from Kant Fichte Schelling Schopenhauer J S Beck J C Hoffbauer Wilhelm von Humboldt Georg Friedrich Creuzer Kierkegaard and others Chapters consider different aspects of the concept of hope including the rationality of hope appropriate and inappropriate applications of hope and the function of hope in relation to religion and society The result is a valuable collection covering a century of the role of hope in shaping cognitive attitudes and constructing social political and moral communities As an overview of philosophical approaches to hope during this period including by philosophers who are seldom studied today the collection constitutes a valuable resource for exploring the development of this important concept in post Kantian German philosophy      **The Reform Advocate** , 1926

**The Stages of Life** Hugh Crago, 2016-08-11 Is personality in the genes Do our infant experiences matter even though we can't remember them Why do patterns repeat within the lives of individuals and families The Stages of Life provides answers to these and other intriguing questions and presents a refreshingly readable introduction to human development from birth to death The book synthesises those theories and research findings that are most helpful in explaining the paradoxes and complexities of human personality and human problems The book provides a thought provoking discussion of several important topics including how personality evolves in response to both genetic and social influences how individuals differ and what this means for them how some problems tend to develop at particular stages of the life course from early childhood through to midlife and old age Throughout the book Hugh Crago relates both nature and nurture to the challenges individuals must face from early childhood through to old age He draws attention to often ignored clinical findings about cross generational repetition in families and shows how recent developments in epigenetics may supply an explanation for such mysterious phenomena Written without jargon and full of new and provocative ideas the book will be of great interest to students of counselling and psychotherapy and it also has much to offer the general reader With its engaging examples from history literature and the author's own life readers will find that The Stages of Life illuminates puzzles in their own lives and opens a road to self acceptance      *The Friend* , 1848      *Death Consciousness and the East* Sujeet Karn, 2024-08-30 This unique new book addresses the rise of death studies as an academic discipline and serves those who work in the

anthropology of death and loss It gives a perspective on death with reference to Maoists politics and violence in Nepal so will also appeal to scholars of the region and its Maoists movements This work aims to add and contribute to cultural and regional perspective in death studies There has been little written on death studies in conflict situations from a South Asian perspective Therefore this book extends the current literature in death and bereavement perspectives beyond western academic exploration

**Trade List Annual** ,1887      **Social Progress** ,1922      **Kierkegaard and the Poetry of the Gospel** Frances

Maughan-Brown,Rick Anthony Furtak,2025-09-18 This is the first book in any language to collect scholarly essays on Kierkegaard s extraordinary series of Lily Discourses Long considered merely devotional writings the Lily Discourses constitute a sustained and repeated attempt to respond to the imperative issues in Matthew s Gospel Kierkegaard discovers in figures of the lily and the bird a paradoxical obligation to think together unremittingly both suffering and joy the fleeting nature of experience and the effort to endow this very transience with enduring significance In Kierkegaard and the Poetry of the Gospel a diverse group of emerging and established interpreters addresses the religious literary and philosophical dimensions of these discourses In the process they identify and develop a theory of language and of exemplarity crucial to all of Kierkegaard s writings To ask what the lily and bird teach is also to ask what it means or could mean to be human This collection is pivotal in registering clarifying and celebrating Kierkegaard s multiple responses to that question suspended at the heart of his Lily Discourses It is the go to text for anyone teaching or writing about the Lily Discourses across philosophy literary studies and religion      Protecting America's Aged, Children, and Poor ,1986      Creating A Safe harbor ,      *St. Andrew's Cross* ,1906      The Delineator R. S. O'Loughlin,H. F. Montgomery,Charles Dwyer,1927      *Children and Youth in Armed Conflict* Tamanna M. Shah,2024-12-10 This book contains an Open Access chapter The second of two volumes the chapters offer a compelling exploration of how children and youth endure conflict and how their stories are told and retold in the public sphere influencing advocacy policymaking and community responses worldwide
