At the same time, she also wanted to downshift the too fast pace of her life. So she flipped the script on meal prep by focusing on individual ingredients. By prepping a handful of healthy ingredients at the start of the week, she learned that she could enjoy a variety of meals and snacks without getting bored. And she found she could control what she ate with more clarity. It became easy to eat more vegetables and simple proteins, eliminate processed foods and gluten to manage her celiac disease and reduce refined sugar. Her debut cookbook is packed with 100 simple and ingenious big batch recipes that can either be frozen or repurposed into totally different delicious meals. A dinner of Coconut Chickpea Curry with rice can be enjoyed the next day as a tostada at lunch and a side of peas and crispy prosciutto becomes breakfast when you add a jammy egg on top. The recipes are all free of refined sugar, many are naturally anti-inflammatory and dairy is minimal and optional. Lisa's approachable method for eating well and preparing meals with ease will inspire home cooks to downshift their lives too by making healthy meals without a fuss.

McLean, 2006-08-30 This cookbook covers the years 1840 through 1945 a time during which American cookery underwent a full scale revolution Gas and electric stoves replaced hearth cookery Milk products came from commercial dairy farms rather than the family cow Daily meals were no longer bound by seasons and regions as canned bottled and eventually frozen products flooded the market and trains began to transport produce and meat from one end of the country to the other During two World Wars and the Great Depression women entered the work force in unprecedented numbers and household servants abandoned low paying domestic jobs to work in factories As a result of these monumental changes American home cooking became irrevocably simplified and cookery skills geared more toward juggling time to comb grocery store shelves for the best and most economical products than toward butchering and preserving an entire animal carcass or pickling fruits and vegetables This cookbook reflects these changes with each of the three chapters capturing the home cooking that typified the era The first chapter covers the pre industrial period 1840 to 1875 during this time home cooks knew how to broil roast grill fry and boil on an open hearth

flame and its embers without getting severely injured They also handled whole sheep carcasses made gelatin from boiled pigs trotters grew their own yeast and prepared their own preserves The second chapter covers 1876 through 1910 a time when rapid urbanization transformed the United States from an agrarian society into an industrial giant giving rise to food corporations such as Armour Swift Campbell s Heinz and Pillsbury The mass production and mass marketing of commercial foods began to transform home cooking meat could be purchased from a local butcher or grocery store and commercial gelatin became widely available While many cooks still made their own pickles and preserves commercial varieties multiplied From 1910 to 1945 the period covered by Chapter 3 the home cook became a full fledged consumer and the national food supply became standardized to a large extent As the industrialization of the American food supply progressed commercially produced breads pastries sauces pickles and preserves began to take over kitchen cupboards and undermine the home cooks ability to produce their own meals from scratch The recipes have been culled from some of the most popular commercial and community cookbooks of the nineteenth and early twentieth centuries Taken together the more than 300 recipes reflect the major cookbook trends of the era Suggested menus are provided for replicating entire meals All-Time Best Dinners for Two America's Test Kitchen,2018-09-04 Leave it to America s Test Kitchen to help you get a perfectly scaled dinner for two on the table no guesswork required Whether you re in the mood for a takeout inspired stir fry or a more refined beef tenderloin you ll find recipes to satisfy everyone s tastes To scale down our favorite dinners to serve two we ve reengineered 75 recipes from the ground up using ramekins to make individual Chicken Pot Pies and blade steaks instead of chuck to produce a streamlined Yankee Pot Roast From easy weeknight options Teriyaki Glazed Steak Tips and Skillet Pork Lo Mein to date night in meals Honey Roasted Cornish Game Hens and Shrimp Scampi hearty meatless mains for vegetarians Baked Manicotti and Soba Noodles with Roasted Eggplant and Sesame to comforting Sunday dinners Beef Stroganoff and Chicken Piccata All Time Best Dinners for Two offers options for any occasion **The New Cooking School Cookbook** America's Test Kitchen,2021-11-16 Learn how to cook just about anything with this easy to follow cookbook for beginners featuring 80 themed courses 400 recipes and 200 kitchen hacks and skills for cooking at home Go to cooking school in your own kitchen In this cookbook for beginners and experienced cooks America s Test Kitchen teaches you cooking basics from poaching the perfect egg to making Italian pasta from scratch Learn how to cook with 80 focused courses from Pizza and Fried Rice to Fish on the Grill Insights on cooking techniques key takeaways and the food science of each course Demonstrations of a wide range of skills progressing from basic to more advanced Easy to digest sections so you can stop reading and start cooking Infographic pages that dive deeper into each recipe and their ingredients Why should you salt food at multiple stages during the cooking process How is olive oil really produced and why do mushrooms benefit from water when sauteing Come learn all this and more with The New Cooking School your ultimate guide to cooking basics and kitchen hacks for cooking at home Steak and Cake Elizabeth Karmel,2019-04-29 Discover just how luscious and indulgent both steak and cake can be with
