Prentice, 2017-12-29 The most comprehensive textbook available on therapeutic modalities in rehabilitation enhanced by a full color presentation and numerous case studies A Doody s Core Title

for 2020 Therapeutic Modalities in Rehabilitation is a theoretically based but practically oriented guide to the use of therapeutic modalities for practicing clinicians and their students. It clearly presents the basis for use of each different type of modality and allows clinicians to make their own decision as to which will be the most effective in a given situation. Presented in full color, the text describes various concepts, principles, and theories that are supported by scientific research, factual evidence, and experience of the authors in dealing with various conditions. Essential text for Physical Therapy and Occupational Therapy programs. Author Bill Prentice was inducted into the National Athletic Trainers Association Hall of Fame in 2004. Evidenced based and supported by case studies and laboratory activities to demonstrate the application of the modalities on patients.

Physical Agents in Rehabilitation - E Book Michelle H. Cameron, 2013-08-02 NEW Video clips on companion Evolve site demonstrate techniques and procedures described in the text. NEW Content specific to OTs has been added to the core text including upper extremity cases for all physical agent chapters. NEW Organization of the text by agent type increases the book's ease of use. NEW Expanded sections on thermal agents and electrical currents will give students a better understanding of how to use these types of agents in practice.
