Popularity Of Astrology Relevance Of Astrology:

Astrology and Popular Religion in the Modern West Nicholas Campion, 2016-04-15 This book explores an area of contemporary religion spirituality and popular culture which has not so far been investigated in depth the phenomenon of astrology in the modern west Locating modern astrology historically and sociologically in its religious New Age and millenarian contexts Nicholas Campion considers astrology's relation to modernity and draws on extensive fieldwork and interviews with leading modern astrologers to present an invaluable contribution to our understanding of the origins and nature of New Age ideology This book challenges the notion that astrology is either marginal or a feature of postmodernism Concluding that astrology is more popular than the usual figures suggest Campion argues that modern astrology is largely shaped by New Age thought influenced by the European Millenarian tradition that it can be seen as an heir to classical Gnosticism and is part of the vernacular religion of the modern west **Astrology through History** William E.

Burns, 2018-07-20 Alphabetically arranged entries cover the history of astrology from ancient Mesopotamia to the 21st century In addition to surveying the Western tradition the book explores Islamic Indian East Asian and Mesoamerican astrology The field of astrology is growing rapidly as historians recognize its centrality to the intellectual life of the past and sociologists and anthropologists treat its importance in a number of modern cultures Despite the historical and cultural significance of the subject most reference works on astrology focus on instructional techniques and are written by astrologers with little or no interest in the history of the topic This book instead offers an objective treatment of astrology across world history from ancient Mesopotamia to the present The book provides alphabetically arranged entries by expert contributors writing on such topics as horoscopes court astrologers Renaissance astrology and comets While it considers the Western tradition it also treats Islamic Indian East Asian and Mesoamerican astrology In doing so it explores the role of astrology in shaping science literature religion art and other defining cultural traditions Sidebars offer excerpts from various historical texts while entries provide suggestions for further reading The Popular Encyclopedia of Apologetics Ed

Hindson, Ergun Caner, 2008-05-01 The perfect combination of scholarship and accessible presentation for Christians who desire to know how to better understand and defend their faith Bestselling authors Ed Hindson and Ergun Caner have brought together a who's who of apologetic experts including Lee Strobel Norm Geisler Josh McDowell and John Ankerberg to produce a resource that's both easy to understand and comprehensive in scope Every entry provides a biblical perspective and mentions the key essentials that believers need to know about a wide variety of apologetic concerns including issues concerning God Christ and the Bible scientific and historical controversies ethical matters genetic engineering homosexuality ecology feminism a Christian response to world religions and cults a Christian response to the major worldviews and philosophies of our day Included with each entry are practical applications for approaching or defending the issue at hand along with recommendations for additional reading on the subject **The Facts on Astrology** John Ankerberg, John
