Engineers for Korea Kyonghee Han, Gary Downey, 2013-04-01 The engineer is bearer of the nation s industrialization says the tower pictured on the front cover President Park Chung hee 1917 1979 was seeking

to scale up a unified national identity through industrialization with engineers as iconic leaders But Park encountered huge obstacles in what he called the second economy of mental nationalism Technical workers had long been subordinate to classically trained scholar officials Even as the country became an industrial powerhouse the makers of engineers never found approaches to techno national formation engineering education and training that Koreans would wholly embrace This book follows the fraught attempts of engineers to identify with Korea as a whole It is for engineers both Korean and non Korean who seek to become better critical analysts of their own expertise identities and commitments It is for non engineers who encounter or are affected by Korean engineers and engineering and want to understand and engage them It is for researchers who serve as critical participants in the making of engineers and puzzle over the contents and effects of techno national formation
