Exiled Shadow Norman Manea, 2023-01-01 A virtuoso collage novel about narrative identity and exile from international literary sensation Norman Manea One of the most eloquent living witnesses of the European 20th century Norman Manea at 87 has brought out Exiled Shadow a contemplative work of fiction in a strong clarion translation into English by Carla Baricz A fitting summarization of a rich and deeply honorable career Sam Sacks Wall Street Journal Exiled Shadow belongs among the great intricate and uncompromising works of contemporary literature Jan Knoffeke Neue Zürcher Zeitung Switzerland In this vibrant mosaic of voices sources and stories the protagonist known only as the Nomadic Misanthrope leaves communist Romania and is reunited with his friend Gunther an unrepentant Marxist exiled in Berlin Their meeting sparks a spirited dialogue that endures throughout the Nomadic Misanthrope's subsequent decades in the United States At the center of the plot is the figure of the shadow the insubstantial shape of the exile the wandering Jew the death camp survivor the individual under totalitarianism the dark side of the Jungian personality a figure that calls into question the boundaries of the human condition Recalling the beloved nineteenth century German tale of Peter Schlemihl the man who sold his shadow for a bag of gold this is Norman Manea's most daring work yet an intimate record of alienation and endurance

The Shadow of Death Mark Canuel, 2016-07-26 The Shadow of Death is a timely and ambitious reassessment of English Romantic literature and the unique role it played in one of the great liberal political causes of the modern age Mark Canuel argues that Romantic writers in Great Britain led one of the earliest assaults on the death penalty and were instrumental in bringing about penal law reforms He demonstrates how writers like Percy Bysshe Shelley Lord Byron William Wordsworth and Jane Austen defined the fundamental contradictions that continue to inform today's debates about capital punishment Celebrated reformers like Sir Samuel Romilly and William Ewart campaigned against the widespread use of death to punish crimes ranging from murder to petty theft but they were most influential for initiating a system of penalties built upon conflicting motivations and justifications Canuel examines the ways Romantic poets and novelists magnified these tensions while treating them as uniquely aesthetic opportunities seized upon contending rationales of punishment to express imaginative power and revealed how the imagination fueled the new penal code's disturbing vitality Death penalty reform Canuel argues in fact emerged from a new way of thinking about punishment as a negotiation among rationales rather than a seamless whole with leniency and severity constantly at odds He concludes by exploring how Romantic penal reform continues to influence contemporary views about the justice and injustice of legal sanctions

Shadows of Being Marko Uršič, 2019-01-15 This book is a study of the phenomena of shadows meant in a broader sense as symbolic forms The shadow

is a less real surface replica of some more real form From the Platonic point of view empirical objects are shadows of ideas while from the modern natural point of view shadows are seen and conceived primarily as weaker replicas of bodies which give evidence of their material reality In the first three essays here several topics from the Ancient Egypt and Greece to modern arts and sciences are considered while in the fourth essay the contemporary virtual reality cyber technology and the internet as our parallel shadow world are discussed from the philosophical point of view The main and innovative point of this book is the connection between the meaning of shadows in philosophy and art on the one hand and their role in modern science and technology on the other The book will appeal to a wide span of readers from academic circles students and artists to the general reader interested in the humanities especially in philosophy and art *In the Shadow of the Dictators* Paul Corthorn,2006-08-23 Paul Corthorn presents an illuminating in depth study of the British Left s response to the rise of international fascism in the 1930s He uses a range of newly available archival sources to analyse how the Labour left which took the form of the Socialist League between 1932 and 1937 and the Independent Labour Party reacted to developments such as Mussolini s invasion of Abyssinia Franco s uprising in Spain and Hitler s drive for territorial expansion He argues that their responses to these threats from the fascist dictators were shaped above all by their constantly changing views of another dictatorship the Soviet Union under Stalin an elegant piece of innovative research on the Labour left between 1932 and 1939 based on an impressive amount of research and on a perceptive and sensitive handling of the evidence collected this elegantly written book fills a major gap in the existing literature Professor E F Biagini University of Cambridge The Shadow-line Joseph Conrad,2003 Written in 1915 The Shadow Line is based upon events and experiences from twenty seven years earlier to which Conrad returned obsessively in his fiction A young sea captain s first command brings with it a succession of crises his sea is becalmed the crew laid low by fever and his deranged first mate is convinced that the ship is haunted by the malignant spirit of a previous captain This is indeed a work full of sudden passions in which Conrad is able to show how the full intensity of existence can be experienced by the man who in the words of the older Captain Giles is prepared to stand up to his bad luck to his mistakes to his conscience A subtle and penetrating analysis of the nature of manhood The Shadow Line investigates varieties of masculinity and desire in a subtext that counters the tale s seemingly conventional surface Shadow Work Emily Hodgson Anderson,2025-03-04 How is it that reading and writing can at once isolate us and bring us closer to others Blending personal narrative with literary criticism Emily Hodgson Anderson considers what a life spent with books has taught her about loneliness and human connection She delves into the unseen labor of women authors and mothers and she argues that we can reimagine intimacy through books Herself a book lover and writer a teacher of literature and a single mom Anderson reflects on the loneliness and the strength that can come from living writing and parenting alone Shadow Work puts writers such as Jane Austen Mary Shelley Laurence Sterne and Shakespeare into unexpected conversations with authors of children s literature and contemporary fiction among them Roald Dahl Laura

Ingalls Wilder Zadie Smith and Lewis Carroll Elegantly and poignantly written this book examines what it means to revisit longtime literary companions and how literature can help us better understand what we show and hide about ourselves

Amitav Ghosh's The Shadow Lines : A critical Anthology Sandip Ain,2011 *Shadow Pasts* William D. Rubinstein,2014-09-11 For many intelligent people the stuff of history does not consist of the kind of dry as dust investigations of diplomatic economic or political history that most university historians research and write about but the famous topics of history's mysteries who was Jack the Ripper Was there a conspiracy to kill President Kennedy Did Richard III murder the Princes in the Tower What are the mysteries of the ancient Pyramids Not only have a great many books and articles been written on these and similar topics by so called amateur historians but they have generated societies conferences newsletters and television programmes Many people who are not academic historians take a keen interest in these topics and have in some cases made themselves real experts on them with interesting theories of their own Despite all of this however these topics are virtually ignored by academic historians and can be treated with contempt In *Shadow Pasts* William D Rubinstein a well known and widely published history professor examines seven of the most famous and interesting topics which have been discussed debated examined and written about by amateur historians Each of these mysteries and the theories surrounding them are examined in detail with Professor Rubinstein presenting his own original and sometimes surprising conclusions about what really happened [Shadows of the Prophet](#) Douglas S. In the Shadow of the Dinosaurs Nicholas C. Fraser,Hans-Dieter Sues,1997-08-28 The early Mesozoic period was a critical period in the evolution of life on land when most of today s major groups of terrestrial vertebrates arose and dinosaurs and pterosaurs rose to prominence In recent years this period has received a great deal of attention from palaeontologists and it is now felt that the small vertebrates which lived in the shadows of the first dinosaurs tell us a great deal about the evolution of modern terrestrial ecosystems This book is an attempt to collate all the information on the small vertebrates and features contributions by experts with international reputations in their fields There are chapters on the taxonomy and phylogeny of the key vertebrate groups followed by a section dealing with the most significant fossiliferous assemblages worldwide The final section looks at how faunal turnover at this time is measured and examines the possibility of mass extinctions

The Shadow of Eternity Sharon C. Seelig,2021-12-14 The poetry of Herbert Vaughan and Traherne represents an attempt to shape their lives and verse around the fact of divine presence and influence writes Sharon Seelig The relationship between belief and expression in these three metaphysical poets is the subject of this deeply perceptive study Each of these poets held to some extent the notion of dual reality of the world as indicative of a higher reality but their responses to this tradition vary greatly from the ongoing struggle between God and the poet of The Temple which finally transforms the materials of everyday life and worship to the

more difficult unity of Silex Scintillans with its tension between illumination and resignation to the ecstatic proclamations of Thomas Traherne whose sense of divine reality at first seems so strong as to destroy the characteristic metaphysical tension between this world and the next Seelig's study proceeds from individual poems to the whole work exploring the relation of cosmology and religious experience to poetic form **The United States Catalog** ,1921 *Sunlight and Shadow in the Christian Life* William John Knox Little,1892 **In The Shadow of St. Paul's Cathedral** Margaret Willes,2022-04-26 The extraordinary story of St Paul's Churchyard the area of London that was a center of social and intellectual life for more than a millennium St Paul's Cathedral stands at the heart of London an enduring symbol of the city Less well known is the neighborhood at its base that hummed with life for over a thousand years becoming a theater for debate and protest knowledge and gossip For the first time Margaret Willes tells the full story of the area She explores the dramatic religious debates at Paul's Cross the bookshops where Shakespeare came in search of inspiration and the theater where boy actors performed plays by leading dramatists After the Great Fire of 1666 the Churchyard became the center of the English literary world its bookshops nestling among establishments offering luxury goods This remarkable community came to an abrupt end with the Blitz First the soaring spire of Old St Paul's and then Wren's splendid Baroque dome had dominated the area but now the vibrant secular society that had lived in their shadow was no more *The Long Shadow: The Legacies of the Great War in the Twentieth Century* David Reynolds,2014-05-12 Winner of the 2014 PEN Hessell Tiltman Prize for the Best Work of History Brilliant the most challenging and intelligent book on the Great War and our perceptions of it that any of us will read John Charley The Times London One of the most violent conflicts in the history of civilization World War I has been strangely forgotten in American culture It has become a ghostly war fought in a haze of memory often seen merely as a distant preamble to World War II In *The Long Shadow* critically acclaimed historian David Reynolds seeks to broaden our vision by assessing the impact of the Great War across the twentieth century He shows how events in that turbulent century particularly World War II the Cold War and the collapse of Communism shaped and reshaped attitudes to 1914-18 By exploring big themes such as democracy and empire nationalism and capitalism as well as art and poetry *The Long Shadow* is stunningly broad in its historical perspective Reynolds throws light on the vast expanse of the last century and explains why 1914-18 is a conflict that America is still struggling to comprehend Forging connections between people places and ideas *The Long Shadow* ventures across the traditional subcultures of historical scholarship to offer a rich and layered examination not only of politics diplomacy and security but also of economics art and literature The result is a magisterial reinterpretation of the place of the Great War in modern history **In Shakespeare's Shadow** Michael Blanding,2021-03-30 The true story of a self-taught sleuth's quest to prove his eye-opening theory about the source of the world's most famous plays taking readers inside the vibrant era of Elizabethan England as well as the contemporary scene of Shakespeare scholars and obsessives What if Shakespeare wrote Shakespeare but someone else wrote him first Acclaimed author of *The Map Thief* Michael

Blanding presents the twinning narratives of renegade scholar Dennis McCarthy and Elizabethan courtier Sir Thomas North. Unlike those who believe someone else secretly wrote Shakespeare, McCarthy argues that Shakespeare wrote the plays but he adapted them from source plays written by North decades before. In *Shakespeare's Shadow*, alternates between the enigmatic life of North, the intrigues of the Tudor court, the rivalries of English Renaissance theater, and academic outsider McCarthy's attempts to air his provocative ideas in the clubby world of Shakespearean scholarship. Through it all, Blanding employs his keen journalistic eye to craft a captivating drama upending our understanding of the beloved playwright and his singular genius. Winner of the 2021 International Book Award in Narrative Non-Fiction.
