The Art of Interfaith Spiritual Care Walter Blair Stratford,2016-06-23 Relationships between people are frequently compromised as a result of religious viewpoints but appropriate spiritual care requires bridges to understanding that will allow for trust and justice to become visible The pattern for this book is shaped on the recognition that while religious expressions differ markedly in their presentation we can discern at the core of all religious expressions a supposition of sacred presence It is therefore helpful for us all in the daily events of our lives that we approach people of other faiths with a degree of humility recognizing that neither we nor they have a final answer to the question of faith The book is divided into four parts each part containing some chapters in which elements of interfaith care are considered Part one explores the complexities of interfaith engagement Part two discusses ways for caring for each other in the search for meaning Part three claims that spirituality is most difficult if not impossible to define but can be visible in a variety of experiences The fourth part explores ways in which all that has gone before may be put into practice as spiritual care
