mark loes maflsh - making studies easy

GRADE 12 MATHEMATICS
NOVEMBER EXAMINATION PAPER 2

QUESTION 1

The following frequency table provides the number of goals scored by the Protea netball team during 50 matches in 2018.

Number of goals	Frequency	Cumulative Frequency
$5 < x \leq 10$	6	b
$10 < x \leq 15$	a	14
$15 < x \leq 20$	13	27
$20 < x \leq 25$	9	c
$25 < x \leq 30$	7	43
$30 < x \leq 35$	d	48
$35 < x \leq 40$	e	50

1.1 Determine the values a to e. (5)

1.2 Calculate the average goals scored in 2018. (2)
[7]

QUESTION 2

The table below shows the data for the heartrate per minute of ten males. Their heartrate is checked before they cycle for 10min (x) and after they have exercised (y).

	1	2	3	4	5	6	7	8	9	10
Heartrate before	68	90	125	80	86	112	53	110	85	130
Heartrate after	96	100	158	126	138	148	90	175	180	190

2.1 Represent the data as a scatter diagram on the grid provided. (3)

2.2 Calculate the mean heartrate before AND after exercise. (2)

2.3 Determine the formula for the least regression line to 4 decimal places. (2)

2.4 Calculate the correlation coefficient to 4 decimal places AND comment on the strength of it. (2)

2.5 Draw the least squares regression line on your scatter diagram. (7)
[16]

QUESTION 3

The table below shows the distances (in kilometers) travelled daily by a sales representative for 21 working days in a certain month.

131	132	140	140	141	144	146
147	149	150	151	158	167	169
169	172	174	175	178	187	189

3.1 Calculate the mean distance travelled by the sales representative. (2)

3.2 Write down the five-number summary for this data. (4)

3.3 Draw the box-and-whisker diagram for this set of data. (2)

3.4 Calculate the standard deviation of the distance travelled. (2)
[10]

QUESTION 4

4.1 The diagram shows P, A, Q, R and S lies on the circumference of the circle with centre O. SB is a tangent at S and RSWP, ACWS and PWB are straightlines.

Proof that:

4.1.1 $SB \parallel AP$ (4)

4.1.2 $SR^2 = WS.AR$ (5)

4.1.3 $AR = \frac{SR^2}{WS} + WS$ (4)

Pixl Paper 2 Mathematics November 2014

Beniamino Murgante,Sanjay Misra,Ana Maria Alves Coutinho Rocha,Carmelo Torre,Jorge Gustavo Rocha,Maria Irene Falcão,David Taniar,Bernady O. Apduhan,Osvaldo Gervasi

Pixl Paper 2 Mathematics November 2014:

Educating for the 21st Century Suzanne Choo,Deb Sawch,Alison Villanueva,Ruth Vinz,2016-10-20 All over the world governments policymakers and educators are advocating the need to educate students for the 21st first century This book provides insights into what this means and the ways 21st century education is theorized and implemented in practice The first part Perspectives Mapping our futures in the making uncovers the contradictions tensions and processes that shape 21st century education discourses The second part Policies Constructing the future through policymaking discusses how 21st century education is translated into policies and the resulting tensions that emerge from top down state sanctioned policies and bottom up initiatives The third part Practices Enacting the Future in Local Contexts discusses on the ground initiatives that schools in various countries around the world enact to educate their students for the 21st century This volume includes contributions from leading scholars in the field as well as educators from schools and those working with schools *Breast Imaging* Hiroshi Fujita,Takeshi Hara,Chisako Muramatsu,2014-06-23 This book constitutes the refereed proceedings of the 12th International Workshop on Breast Imaging IWDM 2014 held in Gifu City Japan in June July 2014 The 24 revised full papers and 73 revised poster papers presented together with 6 invited talks were carefully reviewed and selected from 122 submissions The papers are organized in topical sections on screening outcomes ultrasound breast density imaging physics CAD tomosynthesis and ICT and image processing **Teaching English to Young Learners** Janice Bland,2015-09-24 Aimed at student teachers educators and practitioners Teaching English Language to Young Learners outlines and explains the crucial issues themes and scenarios relating to this area of teaching Each chapter by a leading international scholar offers a thorough introduction to a central theme of English as a foreign language EFL with preteens with clear presentation of the theoretical background and detailed references for further reading providing access to the most recent scholarship Exploring the essential issues critically and in depth including the disadvantages as well as advantages of Teaching English as a Foreign Language TEFL with young learners topics include task based learning in the primary school storytelling drama technology vocabulary development intercultural understanding Content and Language Integrated Learning CLIL scenarios assessment Innovative and rapidly emerging topics are covered such as immersion teaching picturebooks in the EFL classroom and English with pre primary children Handbook of Visual Optics, Two-Volume Set Pablo Artal,2017-06-27 Handbook of Visual Optics offers an authoritative overview of encyclopedic knowledge in the field of physiological optics It builds from fundamental concepts to the science and technology of instruments and practical procedures of vision correction integrating expert knowledge from physics medicine biology psychology and engineering The chapters comprehensively cover all aspects of modern study and practice from optical principles and optics of the eye and retina to novel ophthalmic tools for imaging and visual testing devices and techniques for visual correction and the relationship between ocular optics and visual perception **Curves and Surfaces** Jean-Daniel Boissonnat,Albert Cohen,Olivier Gibaru,Christian Gout,Tom

Lyche,Marie-Laurence Mazure,Larry L. Schumaker,2015-08-13 This volume constitutes the thoroughly refereed post conference proceedings of the 8th International Conference on Curves and Surfaces held in Paris France in June 2014 The conference had the overall theme Representation and Approximation of Curves and Surfaces and Applications The 32 revised full papers presented were carefully reviewed and selected from 39 submissions The scope of the conference was on following topics approximation theory computer aided geometric design computer graphics and visualization computational geometry and topology geometry processing image and signal processing interpolation and smoothing mesh generation finite elements and splines scattered data processing and learning theory sparse and high dimensional approximation subdivision wavelets and multi resolution method **Multimedia Communications, Services and Security** Andrzej Dziech,Andrzej Czyzewski,2014-05-20 This volume constitutes the refereed proceedings of the 7th International Conference on Multimedia Communications Services and Security MCSS 2014 held in Krakow Poland in June 2014 The 21 full papers included in the volume were selected from numerous submissions The papers cover ongoing research activities in the following topics audiovisual systems novel multimedia architectures multimedia data fusion acquisition of multimedia content quality of experience management watermarking technology and applications content searching methods interactive multimedia applications cybercrime countermeasures cryptography biometry as well as privacy protection solutions Computational Science and Its Applications - ICCSA 2014 Beniamino Murgante,Sanjay Misra,Ana Maria Alves Coutinho Rocha,Carmelo Torre,Jorge Gustavo Rocha,Maria Irene Falcão,David Taniar,Bernady O. Apduhan,Osvaldo Gervasi,2014-07-01 The six volume set LNCS 8579 8584 constitutes the refereed proceedings of the 14th International Conference on Computational Science and Its Applications ICCSA 2014 held in Guimar es Portugal in June July 2014 The 347 revised papers presented in 30 workshops and a special track were carefully reviewed and selected from 1167 The 289 papers presented in the workshops cover various areas in computational science ranging from computational science technologies to specific areas of computational science such as computational geometry and security **MultiMedia Modeling** Cathal Gurrin,Frank Hopfgartner,Wolfgang Hurst,Håvard Johansen,Hyowon Lee,Noel O'Connor,2014-01-02 The two volume set LNCS 8325 and 8326 constitutes the thoroughly refereed proceedings of the 20th Anniversary International Conference on Multimedia Modeling MMM 2014 held in Dublin Ireland in January 2014 The 46 revised regular papers 11 short papers and 9 demonstration papers were carefully reviewed and selected from 176 submissions 28 special session papers and 6 papers from Video Browser Showdown workshop are also included in the proceedings The papers included in these two volumes cover a diverse range of topics including applications of multimedia modelling interactive retrieval image and video collections 3D and augmented reality temporal analysis of multimedia content compression and streaming Special session papers cover the following topics Mediadrom artful post TV scenarios MM analysis for surveillance video and security applications 3D multimedia computing and modeling social geo media analytics and retrieval multimedia hyperlinking and

retrieval   Energy Minimization Methods in Computer Vision and Pattern Recognition Marcello Pelillo,Edwin Hancock,2018-03-23 This volume constitutes the refereed proceedings of the 11th International Conference on Energy Minimization Methods in Computer Vision and Pattern Recognition EMMCVPR 2017 held in Venice Italy in October November 2017 The 37 revised full papers were carefully reviewed and selected from 51 submissions The papers are organized in topical sections on Clustering and Quantum Methods Motion and Tracking Image Processing and Segmentation Color Shading and Reflectance of Light Propagation and Time evolution and Inference Labeling and Relaxation   **Geometric Methods in Physics** Piotr Kielanowski,Pierre Bieliavsky,Alexander Odesskii,Anatol Odzijewicz,Martin Schlichenmaier,Theodore Voronov,2014-08-19 The Bia owie a Workshops on Geometric Methods in Physics which are hosted in the unique setting of the Bia owie a natural forest in Poland are among the most important meetings in the field Every year some 80 to 100 participants from both the mathematics and physics world join to discuss new developments and to exchange ideas The current volume was produced on the occasion of the 32nd meeting in 2013 It is now becoming a tradition that the Workshop is followed by a School on Geometry and Physics which consists of advanced lectures for graduate students and young researchers Selected speakers at the 2013 Workshop were asked to contribute to this book and their work was supplemented by additional review articles The selection shows that despite its now long tradition the workshop remains at the cutting edge of research The 2013 Workshop also celebrated the 75th birthday of Daniel Sternheimer and on this occasion the discussion mainly focused on his contributions to mathematical physics such as deformation quantization Poisson geometry symplectic geometry and non commutative differential geometry   **Image and Video Technology** Reinhard Klette,Mariano Rivera,Shin`ichi Satoh,2014-01-31 This book constitutes the thoroughly refereed post conference proceedings of the 6th Pacific Rim Symposium on Image and Video Technology PSIVT 2013 held in Guanajuato M xico in October November 2013 The total of 43 revised papers was carefully reviewed and selected from 90 submissions The papers are organized in topical sections on image video processing and analysis image video retrieval and scene understanding applications of image and video technology biomedical image processing and analysis biometrics and image forensics computational photography and arts computer and robot vision pattern recognition and video surveillance   *Serious Games* Minhua Ma,Bobbie Fletcher,Stefan Göbel,Jannicke Baalsrud Hauge,Tim Marsh,2020-10-27 This book constitutes the refereed proceedings of the 6th Joint International Conference on Serious Games JCSG 2020 held in Stoke on Trent UK in November 2020 The 19 full papers presented together with 3 short papers were carefully reviewed and selected from 38 submissions The papers offer a wide range in the use of serious games in several fields like learning simulation training health well being management assessment or marketing and much more   **Neural Information Processing** Biao Luo,Long Cheng,Zheng-Guang Wu,Hongyi Li,Chaojie Li,2023-11-14 The six volume set LNCS 14447 until 14452 constitutes the refereed proceedings of the 30th International Conference on Neural Information Processing ICONIP 2023 held in Changsha

China in November 2023 The 652 papers presented in the proceedings set were carefully reviewed and selected from 1274 submissions They focus on theory and algorithms cognitive neurosciences human centred computing applications in neuroscience neural networks deep learning and related fields **Proceedings of the Eighth International Conference on Soft Computing and Pattern Recognition (SoCPaR 2016)** Ajith Abraham,Aswani Kumar Cherukuri,Ana Maria Madureira,Azah Kamilah Muda,2017-08-17 This volume presents 70 carefully selected papers from a major joint event the 8th International Conference on Soft Computing and Pattern Recognition SoCPaR 2016 and the 8th International Conference on Computational Aspects of Social Networks CASoN 2016 SoCPaR CASoN 2016 which was organized by the Machine Intelligence Research Labs MIR Labs USA and Vellore Institute of Technology VIT India and held at the VIT on December 19 21 2016 It brings together researchers and practitioners from academia and industry to share their experiences and exchange new ideas on all interdisciplinary areas of soft computing and pattern recognition as well as intelligent methods applied to social networks This book is a valuable resource for practicing engineers scientists and researchers working in the field of soft computing pattern recognition and social networks **Teaching Primary Science Constructively** Keith Skamp,Christine Preston,2017-09-05 Teaching Primary Science Constructively helps readers to create effective science learning experiences for primary students by using a constructivist approach to learning This best selling text explains the principles of constructivism and their implications for learning and teaching and discusses core strategies for developing science understanding and science inquiry processes and skills Chapters also provide research based ideas for implementing a constructivist approach within a number of content strands Throughout there are strong links to the key ideas themes and terminology of the revised Australian Curriculum Science This sixth edition includes a new introductory chapter addressing readers preconceptions and concerns about teaching primary science **Conference Proceedings. New Perspectives in Science Education** Pixel,2017 Object Tracking Technology Ashish Kumar,Rachna Jain,Ajantha Devi Vairamani,Anand Nayyar,2023-09-25 With the increase in urban population it became necessary to keep track of the object of interest In favor of SDGs for sustainable smart city with the advancement in technology visual tracking extends to track multi target present in the scene rather estimating location for single target only In contrast to single object tracking multi target introduces one extra step of detection Tracking multi target includes detecting and categorizing the target into multiple classes in the first frame and provides each individual target an ID to keep its track in the subsequent frames of a video stream One category of multi target algorithms exploits global information to track the target of the detected target On the other hand some algorithms consider present and past information of the target to provide efficient tracking solutions Apart from these deep leaning based algorithms provide reliable and accurate solutions But these algorithms are computationally slow when applied in real time This book presents and summarizes the various visual tracking algorithms and challenges in the domain The various feature that can be extracted from the target and target saliency prediction is also covered It explores a

comprehensive analysis of the evolution from traditional methods to deep learning methods from single object tracking to multi target tracking In addition the application of visual tracking and the future of visual tracking can also be introduced to provide the future aspects in the domain to the reader This book also discusses the advancement in the area with critical performance analysis of each proposed algorithm This book will be formulated with intent to uncover the challenges and possibilities of efficient and effective tracking of single or multi object addressing the various environmental and hardware challenges The intended audience includes academicians engineers postgraduate students developers professionals military personals scientists data analysts practitioners and people who are interested in exploring more about tracking Another projected audience are the researchers and academicians who identify and develop methodologies frameworks tools and applications through reference citations literature reviews quantitative qualitative results and discussions **Energy Minimization Methods in Computer Vision and Pattern Recognition** Xue-Cheng Tai,Egil Bae,Tony F. Chan,Marius Lysaker,2015-01-07 This volume constitutes the refereed proceedings of the 10th International Conference on Energy Minimization Methods in Computer Vision and Pattern Recognition EMMCVPR 2015 held in Hong Kong China in January 2015 The 36 revised full papers were carefully reviewed and selected from 45 submissions The papers are organized in topical sections on discrete and continuous optimization image restoration and inpainting segmentation PDE and variational methods motion tracking and multiview reconstruction statistical methods and learning and medical image analysis

Doing AI Richard Heimann,2021-12-14 Artificial intelligence AI has captured our imaginations and become a distraction Too many leaders embrace the oversized narratives of artificial minds outpacing human intelligence and lose sight of the original problems they were meant to solve When businesses try to do AI they place an abstract solution before problems and customers without fully considering whether it is wise whether the hype is true or how AI will impact their organization in the long term Often absent is sound reasoning for why they should go down this path in the first place Doing AI explores AI for what it actually is and what it is not and the problems it can truly solve In these pages author Richard Heimann unravels the tricky relationship between problems and high tech solutions exploring the pitfalls in solution centric thinking and explaining how businesses should rethink AI in a way that aligns with their cultures goals and values As the Chief AI Officer at Cybraics Inc Richard Heimann knows from experience that AI specific strategies are often bad for business Doing AI is his comprehensive guide that will help readers understand AI avoid common pitfalls and identify beneficial applications for their companies This book is a must read for anyone looking for clarity and practical guidance for identifying problems and effectively solving them rather than getting sidetracked by a shiny new solution that doesn t solve anything **Conference Proceedings. The Future of Education** Pixel,2017

Pixl Paper 2 Mathematics November 2014 Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has be more evident than ever. They have the capability to inspire, provoke, and ignite change. Such is the essence of the book **Pixl Paper 2 Mathematics November 2014**, a literary masterpiece that delves deep in to the significance of words and their affect our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book is key themes, examine its writing style, and analyze its overall affect readers.

Pixl Paper 2 Mathematics November 2014 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Pixl Paper 2 Mathematics November 2014 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Pixl Paper 2 Mathematics November 2014 has opened up a world of possibilities. Downloading Pixl Paper 2 Mathematics November 2014 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Pixl Paper 2 Mathematics November 2014 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Pixl Paper 2 Mathematics November 2014. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Pixl Paper 2 Mathematics November 2014. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Pixl Paper 2 Mathematics November 2014, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download Pixl Paper 2 Mathematics November 2014 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Pixl Paper 2 Mathematics November 2014 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Pixl Paper 2 Mathematics November 2014 is one of the best book in our library for free trial. We provide copy of Pixl Paper 2 Mathematics November 2014 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Pixl Paper 2 Mathematics November 2014. Where to download Pixl Paper 2 Mathematics November 2014 online for free? Are you looking for Pixl Paper 2 Mathematics November 2014 PDF? This is definitely going to save you time and cash in something you should think about.
