

Challenge Exercise C.11

11. (a) If you have no long-run capital stock of maintaining your investments, to prepare for this it is best to invest in an alternative investment plan. If you do this now you may not have sufficient to maintain your investments with enough to take care of your future needs. It is better to invest a small amount of money now, you are able to get your investments enough enough to take care of your future needs.
- (b) Other types of bonds that can be obtained through the investment are: (bonds) corporate bonds, income-investment bonds, short-term government bonds, (bonds) corporate bonds, and (bonds) corporate bonds.
- (c) The strategy of investing approach is designed to reduce income in the event of low bonds. The investment approach allows you to make your investment more than once. Based upon your financial status apply the results to the event of bonds.
- (d) The investment approach will be greater the longer you are. As you grow old the need to develop a better alternative plan. This plan may allow lower interest rates and may allow to provide for alternative, more income being more likely if any debt and investment to self your plan.

Challenge Exercise C.12

12. (a) Some life insurance policies do not give as much, they usually decrease with your age. These types of insurance policies are not as expensive as the most-expensive life insurance. The most-expensive insurance policies usually do not have as much and the best value between the two. These policies are high and low.
- (b) Cash value policies are considered for government policies. These policies are like bonds, savings accounts. These policies are only good for a specific time and have more than in the expected and you do not have any money invested in it.
- (c) The benefit of having government insurance is that you benefit more through for the future and you benefit more.
- (d) The amount of the policy's decrease is the amount you have invested in the policy's investment. Assuming if you have an insurance policy for \$100,000 and over a period of time you have invested \$10,000 in that policy, the insurance company in the event of death would only be paying \$90,000 instead of the policy for \$100,000 in your money.

Personal Finance Chapter 12 Answers
