Sheppard,2020-08-04 Shows how humans have brought us to the brink and how humanity can find solutions I urge people to read with humility and the daring to act Harpal Singh former Chair Save the Children India and former Vice Chair Save the Children International In conversations with people all over the world from government officials and business leaders to taxi drivers and schoolteachers Blair Sheppard global leader for strategy and leadership at PwC discovered they all had surprisingly similar concerns In this prescient and pragmatic book he and his team sum up these concerns in what they call the ADAPT framework Asymmetry of wealth Disruption wrought by the unexpected and often problematic consequences of technology Age disparities stresses caused by very young or very old populations in developed and emerging countries Polarization as a symptom of the breakdown in global and national consensus and loss of Trust in the institutions that underpin and stabilize society These concerns are in turn precipitating four crises a crisis of prosperity a crisis of technology a crisis of institutional legitimacy and a crisis of leadership Sheppard and his team analyze the complex roots of these crises but they also offer solutions albeit often

seemingly counterintuitive ones For example in an era of globalization we need to place a much greater emphasis on developing self sustaining local economies And as technology permeates our lives we need computer scientists and engineers conversant with sociology and psychology and poets who can code The authors argue persuasively that we have only a decade to make headway on these problems But if we tackle them now thoughtfully imaginatively creatively and energetically in ten years we could be looking at a dawn instead of darkness

The Triumph of the Gun-Rights Argument Harry L. Wilson,2015-01-16 Taking the bold position that the battle over gun control has already been won by the pro gun rights faction this book will be equally informative to those immersed in the debate and those new to it Gun control evokes passions equaled by few other subjects As this book shows the debate over firearms begins with cultural values and extends into questions of constitutional rights public health and safety and politics Examining its subject through the prism of the Sandy Hook shootings the book looks at the influence of elected officials the courts interest groups and average citizens in shaping gun control laws It shares poll results detailing what the public really thinks about guns and why and it explains the various components of gun policy and policymaking to show how they come together to form the current reality While small skirmishes about the right to bear arms will continue for some time the author a self described gun owning academic asserts that changing public opinion Supreme Court decisions dominance of gun rights interest groups the Democratic Party's virtual withdrawal from the discussion and a declining violent crime rate have formed a perfect storm resulting in the effective end of the gun control debate This assertion and the thoughtful examination that leads to it will be of equal interest to those engaged in the argument and those researching it for the first time
