**Studies on Secret Records, Personal and Historic with Other Papers** Thomas de Quincey, 2025-08-20 Reprint of the original first published in 1857 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

Studies on Secret Records, Personal and Historic, with Other Papers Thomas de Quincey, 1858      De Quincey's Works  
...: Studies on secret records, personal and historic; with other papers Thomas De Quincey, 1863      De Quincey's Works:  
Studies on secret records, personal and historic Thomas De Quincey, 1858      *Secret Talks Between Tokyo and Washington*  
Kiichi Miyazawa, 2007-01-01 *Secret Talks Between Tokyo and Washington* offers an insider's perspective of the political economic and security related negotiations of Japan and America between 1949 and 1954 Translated by Robert D Eldridge for the first time the memoirs of Miyazawa Kiichi reaches a global audience This book is a critical link to understanding the views and reactions of the Japanese government both when it was under occupation and then as a newly independent nation during which time the young talented and international minded Kiichi played a central role A firm believer in the Yoshida Doctrine Kiichi argued that Japan should play a civilian economic role instead of becoming a military power in order to satisfy its ego a position that occasionally set him apart from his contemporaries In this book Kiichi offers valuable insight into the bilateral relationship that has evolved between Japan and the United States from the early post war as he describes in detail the many events personalities and ideas he came across during his years serving as then Finance Minister Ikeda Hayato's secretary and his own work in the Upper House *Secret Talks Between Tokyo and Washington* is an enlightening text that will appeal to those interested in Asian studies and international relations      **Zhivago's Secret Journey** Paolo Mancosu, 2016-09-01 Paolo Mancosu continues an investigation he began in his 2013 book *Inside the Zhivago Storm* which the New York Book Review of Books described as a tour de force of literary detection worthy of a scholarly Sherlock Holmes In this book Mancosu extends his detective work by reconstructing the network of contacts that helped Pasternak smuggle the typescripts of Doctor Zhivago outside the Soviet Union and following the vicissitudes of the typescripts when they arrived in the West Mancosu draws on a wealth of firsthand sources to piece together the long standing mysteries surrounding the many different typescripts that played a role in the publication of Doctor Zhivago thereby solving the problem of which typescript served as the basis of the first Russian edition a pirate publication covertly orchestrated by the Central Intelligence Agency CIA He also offers a new perspective aided by the recently declassified CIA documents by narrowing the focus as to who might have passed the typescript to the CIA In the process Mancosu reveals details of events that were treated as top secret by all those involved vividly recounting the history of the publication of Pasternak's epic work with all its human and political ramifications      Secrets of Personal Culture and Business Power Bernard Meador, 1914      A Digest of Cases of Trade Mark, Trade Name, Trade Secret, Goodwill, Etc. Decided in the Courts of the United Kingdom, India, the

Colonies and the United States of America Sebastian,1879      The French Secret Services ,1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France s principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular      **Privacy and Personal Data Protection Law in Asia** Adrian Mak,Ching Him Ho,Anselmo Reyes,2024-12-12 Covering 16 Asian jurisdictions representing differing stages in the development of data protection regulatory systems this book offers an in depth cross jurisdictional commentary on the developing world of Asian privacy and personal data protection with a special focus on private international law issues It brings together an international team of contributors who reflect on the framework of data privacy and protection laws in their respective regions Topics discussed range from the extent to which such laws may have extraterritorial effect or may conflict with the laws of other states to shortcomings of existing systems and their potential for improvement More than a valuable contribution to comparative private conflict of laws literature from an Asian perspective the book also considers possible future trajectories for existing laws It covers the extent to which Asian regimes will inevitably need to integrate with ever evolving privacy and personal data protection initiatives in the EU the USA and China It also assesses the extent to which existing regimes are sufficiently robust to handle the challenges of future technical developments in data collection and data transfer across borders especially in relation to the activities of giant corporations such as Meta Facebook Google Amazon Alibaba and Tencent The result is a wide ranging and forward thinking resource which provides practitioners and researchers with an account of data privacy law and personal data protection laws in Asia and their cross border implications as those regulations are now and as they might be in the future      *Can Banks Still Keep a Secret?* Sandra Booyesen,Dora Neo,2017-05-18 An insight into bank secrecy in major jurisdictions complemented by chapters on privacy data protection conflict of laws and exchange of information      *From Me to You the Tapestry of Life and Its Secrets* Lily Foyster,2013-12-03 Are you unhappy with life Are you trapped by your limiting beliefs Is your

relationship more of a burden than a blessing A practical and inspiring guide to enhancing your life From Me to You The Tapestry of Life and Its Secrets investigates how attitude can be the key to a life filled with successor bitter regret By taking the time to honestly assess your life and your approach to challenges you can find the tools you need to redirect your life toward a more positive and productive path Youll learn how to be more confident persistent assertive and influential Life coach Lily Foyster explores the healing power of forgiveness Tapping into the ability to truly forgive yourself and others is the key to feeling better She looks at the impact of relationships and the power they have to support or destroy self esteem and self respect Foyster seeks to leave a gift on this planet and let others discover earlier certain things that took her years to learn By applying her lessons you can change the way you see the world You can enhance your life You have within you the power to create a magnificent life for yourself

**My Persecutions by the Ethnical and the National Secret Political Organizations** Istvan Adorjan,2021-03-27 Foreword A purpose of this book is to describe in a theoretically synthesized manner my persecutions originated by the kind of secret societies termed by me ethnical or national secret political organizations as knowledge conditioned by and resulted from my respective personal experiences The Secret Agent Joseph Conrad,1990-05-25 The Secret Agent 1907 is a compelling tale of espionage and terrorism set in Edwardian London Ironically subtitled A Simple Tale it paints a terrifying portrait of revolutionaries and anarchists whose personal lives are as barren and futile as their public acts of violence It concludes with the unwitting accomplice of a would be terrorist blowing himself to bits with his own bomb the terrorist s subsequent murder by his own wife and the wife s own suicide This new edition is based on a painstaking comparison of the original manuscript of the work with its first truncated appearance in the American magazine Ridgeway s A Militant Weekly for God and Country and with all subsequent book form publications overseen by Conrad himself The result is a new text purged of the printers errors and editorial interventions that have been reproduced in all previous printings There is also a critical introduction an essay on the text a textual apparatus and helpful explanatory notes

**Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination**  
**Book 6: Khayyami Science** Mohammad H. Tamdgidi,2023-06-10 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a twelve book series of which this book is the sixth volume subtitled Khayyami Science The Methodological Structures of the Robaiyat in All the Scientific Works of Omar Khayyam Each book independently readable can be best understood as a part of the whole series In Book 6 Tamdgidi shares the Arabic texts his new English translations based on others or his new Persian translations also included in the volume and hermeneutic analyses of five extant scientific writings of Khayyam a treatise in music on tetrachords a treatise on balance to measure the weights of precious metals in a body composed of them a treatise on dividing a circle quadrant to achieve a certain proportionality a treatise on classifying and solving all cubic and lower degree algebraic equations using geometric methods and a treatise on explaining three postulation problems in Euclid s book Elements Khayyam wrote three other non extant

scientific treatises on nature geography and music while a treatise in arithmetic is differently extant since it influenced the work of later Islamic and Western scientists His work in astronomy on solar calendar reform is also differently extant in the calendar used in Iran today A short tract on astrology attributed to him has been neglected Tamdgidi studies the scientific works in relation to Khayyam's own theological philosophical and astronomical views The study reveals that Khayyam's science was informed by a unifying methodological attention to ratios and proportionality So likewise any quatrain he wrote cannot be adequately understood without considering its place in the relational whole of its parent collection Khayyam's Robaiyat is found to be as a critique of fatalistic astrology his most important scientific work in astronomy rendered in poetic form Studying Khayyam's scientific works in relation to those of other scientists out of the context of his own philosophical theological and astronomical views would be like comparing the roundness of two fruits while ignoring that they are apples and oranges Khayyam was a relational holistic and self including objective thinker being systems and causal chains discerning creative transdisciplinary transcultural and applied in method He applied a poetic geometric imagination to solving algebraic problems and his logically methodical thinking did not spare even Euclid of criticism His treatise on Euclid unified numerical and magnitudinal notions of ratio and proportionality by way of broadening the notion of number to include both rational and irrational numbers transcending its Greek atomistic tradition Khayyam's classification of algebraic equations being capped at cubic types tells of his applied scientific intentions that can be interpreted in the context of his own Islamic philosophy and theology as an effort in building an algebraic and numerical theory of everything that is not only symbolic of body's three dimensions but also of the three foldness of intellect soul and body as essential types of a unitary substance created by God to evolve relatively on its own in a two fold succession order of coming from and going to its Source Although the succession order poses limits as captured in the astrological imagination existence is not fatalistic Khayyam's conceptualist view of the human subject as an objective creative force in a participatory universe allows for the possibility of human self determination and freedom depending on his or her self awakening a cause for which the Robaiyat was intended Its collection would be a balanced unity of wisdom gems ascending from multiplicity toward unity using Wine and various astrological geometrical numerical calendrical and musical tropes in relationally classified quatrains that follow a logical succession order

 Boris Volodarsky, 2023-05-31 This book is new in every aspect and not only because neither the official history nor an unofficial history of the KGB and its many predecessors and successors exists in any language In this volume the author deals with the origins of the KGB from the Tsarist Okhrana the first Russians secret political police to the OGPU Joint State Political Directorate one of the KGB predecessors between 1923 and 1934 Based on documents from the Russian archives the author clearly demonstrates that the Cheka and GPU OGPU were initially created to defend the revolution and not for espionage The Okhrana operated in both the Russian Empire and abroad against the revolutionaries and most of its operations presented in this book are little known The same is the case with regards to the period after the Cheka was established in December 1917 until ten years later when Trotsky was expelled from the Communist Party and exiled and Stalin rose to power For the long period after the Revolution and up to the Second World War and indeed beyond until the death of Stalin the Cheka s main weapon was terror to create a general climate of fear in a population In the book the work of the Cheka and its successors against the enemies of the revolution is paralleled with British and American operations against the Soviets inside and outside of Russia For the first time the creation of the Communist International Comintern is shown as an alternative Soviet espionage organization for wide scale foreign propaganda and subversion operations based on the new revelations from the Soviet archives Here the early Soviet intelligence operations in several countries are presented and analyzed for the first time as are raids on the Soviet missions abroad The Bolshevik smuggling of the Russian imperial treasures is shown based on the latest available archival sources with misinterpretations and sometimes false interpretations in existing literature revised After the Bolshevik revolution Mansfield Smith Cumming the first chief of SIS undertook to set up an entirely new Secret Service organization in Russia During those first ten years events would develop as a non stop struggle between British intelligence within Russia and abroad and the Cheka later GPU OGPU Before several show spy trials in 1927 British intelligence networks successfully operated in Russia later moving to the Baltic capitals Finland and Sweden while young Soviet intelligence officers moved to London Paris Berlin and Constantinople Many of those operations from both sides are presented in the book for the first time in this ground breaking study of the dark world of the KGB      **The**

**Philosopher's Stone** Joseph P. Farrell, 2009 Reveals the odd connections between alchemy and modern science and the odd discoveries of German and American scientists and what they portend      **Ordinary Writings, Personal Narratives** Martyn Lyons, 2007 Historians have often assumed that the lives of the poor and illiterate can never be known because they have left little record of their existence This book however will establish some of the main themes of a new field of historical study that of ordinary writings the improvised writings of the poor and the young      **Secret Sharers** Anthony Fothergill, 2006 This is the first book length account of Joseph Conrad s reception in Germany a virtually unresearched area of Conrad studies It demonstrates that Conrad was read and used by his German readers as a cosmopolitan literary and moral voice against the prevailing nationalism of Germany in the dark times of the 1930s and 1940s when their own voices were being silenced Challenging the longstanding assumption that Germany remained largely indifferent to his works this book demonstrates that particularly after the translation of the complete fiction commencing in the 1920s Conrad s works achieved near cult status in Germany On the basis of diaries and letters contemporary reviews and essays unpublished archival material as well as novels and films the author illuminates the range and importance of Conrad s presence as a powerful liberating imagination within twentieth century German culture Championed by Thomas Mann lauded by Hermann Hesse and decried as Conrad the Jew by the Nazis Conrad has remained an influential presence in post war German culture The study offers a completely fresh perspective on Conrad s works and speaks eloquently for the importance of recognizing the way trans national literary cultural relations have helped to shape European cultural history      The Conceivers of the "Holy Scriptures" Are Ethnical Secret Political Organizations (Second edition) Istvan Adorjan, 2019-04-12 With this book I expound my hypothesis that the holy scriptures generally and the bible especially were conceived by ethnical secret political organizations

Personal Secrets English Edition: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. Personal Secrets English Edition : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Personal Secrets English Edition : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Personal Secrets English Edition : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
