Reid, 2018-04-03 New York Times bestselling author T R Reid travels around the world to solve the urgent problem of America's failing tax code unravelling a complex topic in plain English and telling a rollicking story along the way The U S tax code is a total write off Crammed with loopholes and special interest provisions it works for no one except tax lawyers accountants and huge corporations Not for the first time we have reached a breaking point That happened in 1922 and again in 1954 and again in 1986 In other words every thirty two years Which means that the next complete overhaul is due in 2018 But what should be in this new tax code Can we make the U S tax system simpler fairer and more efficient Yes yes and yes Can we cut tax rates and still bring in more revenue Yes Other rich countries from Estonia to New Zealand to the UK advanced high tech free market democracies have all devised tax regimes that are equitable effective and easy on the taxpayer But the United States has languished So byzantine are the current statutes that by our government's own estimates Americans spend six billion hours and 10 billion every year preparing and filing their taxes In the Netherlands that task takes a mere fifteen minutes Successful American companies like Apple Caterpillar and Google effectively pay no tax at all in some instances because of loopholes that allow them to move profits offshore Indeed the dysfunctional tax system has become a major cause of economic inequality In *A Fine Mess* T R Reid crisscrosses the globe in search of the exact solutions to these urgent problems With an uncanny knack for making a complex subject not just accessible but gripping he investigates what makes good taxation not that's not an oxymoron and brings that knowledge home where it is needed most Never talking down or reflexively siding with either wing of politics T R Reid presses the case for sensible root and branch reforms with a companionable ebullience This affects everyone Doing our

taxes will never be America's favorite pastime but it can and should be so much easier and fairer *Revolting Recipes From History* Seren Charrington Hollins, 2023-01-31 Nothing causes a stir on social media platforms like a topical discussion on the latest food trend. Modern day chefs like to think that they are creative and often claim to push boundaries of food creation but if we want to explore real culinary creativity then we need to look to our ancestors. Writer and food historian Seren Charrington Hollins delves into the history of culinary experimentation to bring us some of the weirdest and most stomach churning food delicacies to ever grace a dining table. She uncovers the rather gruesome history behind some everyday staples, uncovers bizarre and curious recipes whilst casting a light on foods that have fallen from culinary grace such as cows' udders and tripe, showing that revulsion is just a matter of taste, times and perhaps knowledge. From pickled brains to headcheese through to song birds and nymph's thighs, this book explores foods that have evoked disgust and delight in diners depending on culinary perspective. So pull up a chair, unfold your napkin and get ready for a highly entertaining and enlightening journey to explore what makes a recipe revolting. Be warned, you'll need a strong stomach and an open mind. *Lead with Your Heart* Lewis Green, 2007-11 Stop thinking about profits and start thinking about how to create better experiences. *Lead With Your Heart* is about changing the way you do business.
