Maier,Theresa Calafut,1998-04-15 Polypropylene The Definitive User s Guide and Databook presents in a single volume a

panoramic and up to the minute user's guide for today's most important thermoplastic. The book examines every aspect of science, technology, engineering, properties, design, processing, applications, of the continuing development and use of polypropylene. The unique treatment means that specialists can not only find what they want but for the first time can relate to and understand the needs and requirements of others in the product development chain. The entire work is underpinned by very extensive collections of property data that allow the reader to put the information to real industrial and commercial use. Despite the preeminence and unrivaled versatility of polypropylene as a thermoplastic material, to manufacture relatively few books have been devoted to its study. Polypropylene: The Definitive User's Guide and Databook not only fills the gap but breaks new ground in doing so. Polypropylene is the most popular thermoplastic in use today and still one of the fastest growing. Polypropylene: The Definitive User's Guide and Databook is the complete workbook and reference resource for all those who work with the material. Its comprehensive scope uniquely caters to polymer scientists, plastics engineers, processing technologists, product designers, machinery and mold makers, product managers, end users, researchers, and students alike.

The Complete Photo Guide to Clothing Construction Christine Haynes, 2014-02-01. The Complete Photo Guide to Clothing Construction helps you master all of the techniques needed to sew clothes including tops, dresses, pants, skirts, and even outerwear. This technique-driven book follows the entire process of clothing construction including a section on the sewing machine and other tools, materials used, information on working with patterns and fitting, laying out the pattern, pieces, cutting and marking, and on through every step of construction to the final button. Large detailed photos guide you from start to finish and help give you a visual basis for learning the skills. This comprehensive guide is a long-lasting reference for anyone who sews clothes. It fills in all the technique details not supplied by manufacturers of the clothing patterns that most sewers use for all of their projects. The Complete Photo Guide to Clothing Construction explains the reasons behind the methods, warns of pitfalls to watch out for, and provides you with valuable tips that help you reach a satisfying, successful end with every project. Examples show both men's and women's fashions as well as children's clothes.
