The Work of Print Lisa M. Maruca, 2012-03-15 The Work of Print traces a shift in the very definition of literature from one that encompasses the material conditions of the production and distribution of books to the more familiar emphasis on the solitary author's ownership of an abstract text Drawing on contemporary accounts of those involved in the trade printers booksellers publishers and distributors Lisa Maruca examines attitudes about the creative process and approaches to the commodification of writing The work of print describes the labors through which literature was produced both the physical labor of making books and the underlying cultural work performed by a set of ideologies about who counted as a maker of texts Printers manuals tracts on typography legal documents and booksellers autobiographies reveal that print workers

conceived of their roles as central to the production of literature Maruca s insightful readings of these documents alongside traditional works of fiction and authors correspondence show that the claims of print workers and booksellers were part of a struggle for ownership and control as the concept of author as proprietor of his or her intellectual property began to take hold in the mid 1700s gradually eclipsing print workers contributions to the process of textual creation The print trade asserted its authority using a rhetoric of hierarchical and binary sexuality and gender which affected women working in the industry and limited the type of work they were allowed to perform In response women developed strategies to redeploy conventional ideas of gender to gain concessions for themselves as publishers and distributors of printed material strategies that formed a foundation for the rise of female authorship later in the eighteenth century Encompassing the histories of literature labor technology publishing and gender The Work of Print ultimately offers significant insights into the ideology of authorship and intellectual property and our understanding of textuality and print in the digital age Pacific Ports Manual ,1921 Jews, Christian Society, & Royal Power in Medieval Barcelona Elka Klein,2006 Traces the development of the Jewish community in Barcelona from 1050 to 1300 and its interactions with greater Catalan society and its rulers Journal of the Royal Asiatic Society of Great Britain and Ireland ,1901 Journal of the Royal Asiatic Society of Great Britain and Ireland Royal Asiatic Society of Great Britain and Ireland,1901 Journal of the Royal Army Medical Corps Great Britain.
