A People's History of American Higher Education Philo A. Hutcheson, 2019-06-19 This pathbreaking textbook addresses key issues which have often been condemned to exceptions and footnotes if not ignored completely in historical considerations of U S higher education particularly race ethnicity gender and class Organized thematically this book builds from the ground up shedding light on the full diverse range of institutions including small liberal arts schools junior and community colleges black and white women s colleges black colleges and state colleges that have been instrumental in creating the higher education system we know today A People s History of American Higher Education surveys the varied characteristics of the diverse populations constituting or striving for the middle class through educational attainment providing a narrative that unites often divergent historical fields The author engages readers in a powerful revised understanding of what institutions and participants beyond the oft cited elite groups have done for American higher education A People s History of American Higher Education focuses on those participants who may not have been members of elite groups yet who helped push elite institutions and the country as a whole Hutcheson introduces readers to both social and intellectual history providing invaluable perspectives and methodologies for graduate students and faculty members alike This essential history of American higher education brings a fresh perspective to the field challenging the accepted ways of thinking historically about colleges and universities

Justice Reform and Development Linn A. Hammergren, 2014-04-29 This book explores the objectives pursued in donor programs the methods used to advance them and the underlying assumptions and strategies It emphasizes the unexpected and sometimes unpleasant consequences of ignoring not only political and societal constraints but also advances in our technical approaches to performance improvement the one area where the First World has a comparative advantage The geographic scope of the work is broad incorporating examples from Eastern and Central Europe Latin America Africa and the Asia Pacific region as well as from several First World nations Justice Reform and Development examines First World assistance to justice or rule of law reforms in developing and transitional societies arguing that its purported failure is vastly exaggerated largely because of unrealistic expectations as to what could be accomplished Change nonetheless is needed if the programs are to continue and would be best based on targeting specific performance problems incorporation of donor countries experience with their own reforms and greater attention to relevant research While contributing to an on going debate among practitioners and academics involved in justice programs this book will also be accessible to readers with little exposure to the topics especially advanced undergraduate and graduate students in law political science and areas studies
