New Year S Eve With My Step:

Build-A-Boob Lisa Masters, 2013-03-14 Build A Boob is the inspirational story of one woman's refusal to give up on having her breasts and her life restored after breast cancer radiation destroyed her chest at the age of 46 Breast cancer affects us all Most of us know someone who has it or has had it What we don't know and don't often hear about are the stories of pain and the physical and emotional scars that are left behind This is about survival after the cure Her story offers hope to millions of women showing how actually using liposuction can rebuild a breast by regenerating one's own skin Very few plastic surgeons are currently using this procedure and this is an important issue for all women The technique of using liposuction to rebuild a breast in its entirety is not new What is new is that Lisa Masters stems cells from her fat totally restored the skin and fat damaged by radiation allowing the eventual insertion of a permanent implant All of this was done through trial and error and her plastic surgeon Dr Sergio Zamora says that this procedure works every single time The process took four and half years to complete In addition she addresses medical insurance concerns and how her HMO Florida Health Care BC BS supported her through this lengthy process Lisa like millions after being diagnosed with invasive breast cancer went through the typical therapies She underwent two lumpectomies chemotherapy a bilateral mastectomy followed by immediate reconstruction with the insertion of tissue expanders and a hysterectomy When she healed from the surgeries she had radiation therapy It only took 15 additional surgeries but Lisa Masters now has two breasts and a purpose to spread the word and break the silence of those who live with the scars that breast cancer has left behind The book is written from her perspective which includes 25 very graphic breast photos from beginning to end along with her own photo in order to make the story personal The medical photos alone tell a story of success and they are difficult to look at However she feels those photos must be shown to the world and must be connected to a face her face Build A Boob talks about Lisa Masters family and their life prior to cancer The book also talks about the toil this disease took on everyone involved Build A Boob is a story of failure pain determination and success told with humor and optimism that involves a tenacious plastic surgeon and a woman who never settled Included is a Forward written by plastic surgeon Dr Sergio Zamora Daytona Beach FL *The Drama*, 1919 A Year at Marshywood Marina McLune, 2023-03-26 It's 1979 and Amanda Fernsby nineteen and inexperienced dreams of lasting love She leaves London with her parents to start a new life in rural Sussex moving into Marshywood a charming rustic cottage Now surrounded by nature she is excited to begin her new life but there are bumps in the road ahead What about Samantha her closest friend who she's going to miss And then of course there's Mark Sam's gorgeous cousin who frustratingly she's only just met Being miles apart what chance do they have now Will she find another job And perhaps Amanda's biggest worry of all does life in the countryside limit her opportunities for finding true love When Sam and Mark visit in the summer a series of shocking events begin to unfold and Amanda finds herself on an emotional roller coaster with all her hopes unravelling What will the future hold for her now Has her parents gamble to pursue the rural

dream created more losers than winners or will there still be a pathway to happiness Delve deep into the beauty of the natural world and get lost in the music and culture of days gone by in this refreshingly different and moving debut novel Uplifting real and straight from the heart it will take you along an entertaining journey which has the potential to stay with you for years to come Reader s reviews I was absolutely riveted with the story I just had to know what happened next and I listened to the novel in 24 hours Marina McLune will have you laughing and crying as you experience the social differences between urban London and rural Sussex through Amanda s eyes in the late 70 s Her writing style will have you emotionally invested into what will happen with Amanda and the relationships she holds dear A definite page turner Marshywood is Little House on the Prairie in 1980 UK I enjoyed this unique novel and all the 70 s references are so much fun Marina did a fantastic job of writing a beautiful English country romance while touching of some more serious issues for its time It s a well written book All of the references to life in the late 70 s are charming and authentic This book was a fun read I forgot how different it was back in the early 80 s with no smart phones internet and only pen and paper and an old landline phone How did we survive lol A Year at Marshywood is a compelling and emotionally resonant tale that will captivate listeners from beginning to end McLune s evocative storytelling and Scott s masterful narration ensure that this audiobook leaves a lasting impression This lovely gently paced tale tells their story over 12 months and is very nostalgic if like me you were around at that time Highly recommended
