

New Way Additional Mathematics is a student-oriented series to help students learn the relevant concepts and skills for the Additional Mathematics syllabus for Hong Kong. It not only includes abundant worked examples for the Hong Kong Certificate of Education Examination, but also bridges the gap between the three levels of mathematics and covers more than Mathematics 1. This comprehensive mathematical and grammatical series is an innovative Additional Mathematics textbook for both students and teachers.

Special Features:

- Simple and clear English
- Inductive and conceptual approach
- Well graded examples and carefully selected exercises
- Most topics and type helping students to understand difficult ideas in solutions and learn the solving techniques
- Abundant graded exercises containing the latest trends in technology
- Chapter objectives and summary at the beginning and the end of each chapter respectively giving brief introduction and detailed learning materials covered
- Full indexes giving further examples and practice that improve the learning materials at each topic
- Concepts, theorems and formulae highlighted in colour boxes
- Chinese translations of mathematical terms
- Appendix consisting of answers and index

In addition, the Teacher's Edition that incorporates comprehensive teaching materials, suggested solutions for all problems and exercises, and comments for MCQs questions is provided for teachers to help them in preparing lessons.
