Metafolklore Alexander V. Avakov, 2012-12 The book is organized in Folklore Units Each Folklore Unit has Context and may have one or more Metacontexts with citations of works of great philosophers or writers hence the title of the book is Metafolklore The book covers the life of immigrants from the USSR in the U S remembers life in Russia and gradually concentrates on the modus operandi of the KGB FBI CIA NYPD NSA ECHELON Foreign Intelligence Surveillance Court AI and ISI It covers frontiers of legal theory of surveillance What distinguishes this book is the intensely personal account of the events and issues

Plato's Dreams Realized Aleksandr Vladimirovich Avakov, 2006 Arrested in the Soviet Union in 1975 for composing and distributing subversive pamphlets compiled of quotes from official Soviet sources Alexander V Avakov was sentenced to hard labor in a KGB camp After serving his sentence he emigrated to the United States with his family in 1981 Avakov soon found himself subject to the shadowy invasion of FBI surveillance for no apparent reason was it for the letters he wrote to friends back home In his book Avakov examines the evolution of electronic surveillance as well as the extent of modern total surveillance with a consideration of the impact of electronic surveillance on citizen rights and the philosophical basis for the connection between rights and privacy Without privacy there is no autonomy of person without autonomy of person there is no freedom Yet the United States government employs several legal mechanisms which hinge on innovative uses of electronic surveillance to evade the safeguards that are the pride of America Such techniques include the use of friendly countries intelligence services and the Echelon program to avoid the ticklish problem of obtaining warrants With the war on terror and new legislation such as the USA Patriot Act the US government has been expanding the use of searches without warrants such as wiretaps and other forms of surveillance to gather information that technically is supposed to be barred from presentation in criminal court as evidence The resultant weakening of the exclusionary rule and due process in general violate the Constitution and make a mockery of the freedoms America advertises to the rest of the world America he shows declares high minded legal ideals but has consistently cheated in their implementation There is logic tradition and a stable modus operandi in the way the US security apparatus violates

the Constitution The history of political spying in the US as well as warnings by US legal authorities point to the dangers of electronic surveillance to human rights The author outlines various ways in which surveillance of citizens is increasing then examines the bases of our expectations of liberty from Plato to the US Constitution In the tradition of the Russian intelligentsia he brings a broad knowledge of literature philosophy history and legal studies to his analysis Avakov concludes with a discussion of practical solutions to counter these dangers as suggested in a number of publications **The Manual of How to Cheat on Your Wife** Grace Ann Neff,2002-06 **Prison Keeper Examination Instruction, New York City, New York State and New Jersey** ,1917 **The Art of Investigation** Chelsea A. Binns,Bruce Sackman,2019-12-09 The Art of Investigation examines the qualities required to be a professional thorough and effective investigator As the title suggests it delves into more than the steps and procedures involved in managing an investigation it also covers the soft skills necessary to effectively direct investigations and intuit along the way The editors and contributing authors are the best in their field and bring a wealth of real world knowledge and experience to the subject There are several publications available on the nuts and bolts of the process and stages of an investigation That ground has been covered However little has been published on the investigative skills required the traits necessary and the qualities endemic to an inquisitive mind that can be cultivated to improve an investigator s professional skill set Each chapter discusses the applicability of the traits to the contributor s own work and experience as an investigator In doing so the contributors provide a story or set of stories from their personal experience which demonstrates a given trait and its importance in the course of their investigative work and career This will be first hand experience that will serve to help any investigative professional in the course of their work The case examples included throughout are sometimes surprising but always engaging and insightful An investigator must keep an open mind above all else and this book will lift the veil on the inner workings of an investigation in addition to the thought processes and inner monologues of an investigator as part of that process Key Features Chapters highlight the qualities and traits the soft skills that are required and which can be improved over time to be a thorough investigator A veritable Who s Who of renowned investigative experts lend their personal expertise and experience to this how to manual for investigators A unique approach is applied and provides self help advice for both new and experienced investigative and security professionals The book focuses on the learned acquired and intuitive skills of investigation a nuanced but essential aspect of the investigative skill set The Art of Investigation will be a welcome addition to any investigator s toolkit and will also be of interest to students in criminal justice security and Homeland Security programs security consultants corporate and private security professionals and the legal community The Publishers' Trade List Annual ,1917 *Introspectors* Rick Post, Dex Wheeler is a mind reader He s content to scrape by using his ability to take advantage of others to finance his ski bum lifestyle Cheating at poker is his main source of income While in Vegas Dex overhears thoughts of a jewelry thief who is slicing up priceless pieces and selling off the stones Dex heads to NYC to save the jewelry from its fate at the hands of the
