News Channel 15 Myspace Report:

MediaWriting W. Richard Whitaker, Ronald D. Smith, Janet E. Ramsey, 2013-03-01 MediaWriting is an introductory hands on textbook for students preparing to write in the current multimedia environment Rather than just talk about the differences among the styles of print broadcast and public relations MediaWriting synthesizes and integrates them while weaving in basic principles of Internet writing and social media reporting Complete with real world examples practical writing exercises and tips and information for entering into the profession MediaWriting continues to give students the tools they need to become a successful media writer The new edition has been extensively rewritten to reflect the dynamic nature of the profession paying significant attention to how the Internet and social media have become essential communication tools for print and broadcast journalists and public relations professionals Further updates and features include Increased attention to computer assisted reporting the preparation of online copy and social media applications Two new chapters on lead writing and new new media A separate chapter focused solely on ethics Explanatory how to boxes that help students understand and retain main themes Illustrative It Happened to Me vignettes from the authors professional experiences Discussion questions and exercises at the end of every chapter Suggested readings that highlight biographies books and websites that expand the scope and definition of professionalism In addition to new multimedia elements the fourth edition s companion website features enhanced resources for both students and instructors including chapter overviews writing tips a test bank sample critiques and a sample syllabus

Social Networks as the New Frontier of Terrorism Laura Scaife, 2017-01-06
Terrorism Why does this word grab our attention so Propaganda machines have adopted modern technology as a means to always have their content available Regardless of the hour or time zone information is being shared by somebody somewhere Social media is a game changer influencing the way in which terror groups are changing their tactics and also how their acts of terror are perceived by the members of the public they intend to influence This book explores how social media adoption by terrorists interacts with privacy law freedom of expression data protection and surveillance legislation through an exploration of the fascinating primary resources themselves covering everything from the Snowden Leaks the rise of ISIS to Charlie Hebdo The book also covers lesser worn paths such as the travel guide that proudly boasts that you can get Bounty and Twix bars mid conflict and the best local hair salons for jihadi brides These vignettes amongst the many others explored in this volume bring to life the legal policy and ethical debates considered in this volume representing an important part in the development of understanding terrorist narratives on social media by framing the legislative debate This book represents an invaluable guide for lawyers government bodies the defence services academics students and businesses

Billboard, 2009-05-09 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Wired for Thought Jeffrey M.

Stibel,Erik Calonius,Peter Delgrosso,2009 The Internet is more than just a series of interconnected computer networks it s the first real replication of the human brain outside the human body To leverage its power you first need to understand how the Internet has evolved to take on similarities to the brain This engaging and provocative book provides the answer

Billboard ,2011-07-02 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Billboard ,2008-08-23 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

The Young and the Digital S. Craig Watkins,2009-10-01 In The Young and the Digital S Craig Watkins skillfully draws from more than 500 surveys and 350 in depth interviews with young people parents and educators to understand how a digital lifestyle is affecting the ways youth learn play bond and communicate Timely and deeply relevant the book covers the influence of MySpace and Facebook the growing appetite for anytime anywhere media and fast entertainment how online digital gates reinforce race and class divisions and how technology is transforming America s classrooms Watkins also debunks popular myths surrounding cyberpredators Internet addiction and social isolation The result is a fascinating portrait both celebratory and wary about the coming of age of the first fully wired generation

Analysing Representations of Social Media in European News Media Discourse Christine Develotte,Anthippi Potolia,Eija Suomela-Salmi,2021-11-01 This book explores representations of social media in European media discourses across different socio historical contexts demonstrating how such analysis can illuminate the tension between global and local in media discourses in today s globalised world The volume draws on data from a trilingual corpus from different editions of the free daily Metro from Finland France and Greece spanning a five year period with a focus on

Facebook and Twitter Adopting a French discourse analysis approach which takes as its point of departure the notion of discourse as the social practice of representing the book integrates qualitative and quantitative analyses to investigate the social and political role depictions of social media play in specific socio historical contexts This approach brings to the fore both commonalities and differences in the popularity of specific platforms and coverage of specific news topics and hot button issues In so doing the volume elucidates the ways in which global practices become integrated and immersed into local contexts offering avenues for future research on social media in news discourses This book will be of interest to scholars in applied linguistics intercultural communication discourse analysis media studies and cultural studies

Social Media and the Good Life Mark Y. Herring, 2015-06-29 Social media have accelerated communication expanded business horizons and connected millions of individuals who otherwise would never have met But not everything social media touch turns to gold much of it is brass Social networking sites are used by scammers criminals and sexual predators and many people now self diagnose illness based on misinformation shared online Businesses make great claims about social media as a marketing tool but few show any real returns We communicate through social media but are we really saying anything Is social media doomed to be a conduit of narcissism or can it become a channel for responsible communication Can social networking overcome its manifold violations of privacy Must we sacrifice our identities in order to tweet or friend our associates This book examines some of the legal and ethical issues surrounding social media their impact on civil discourse and their role in suicides murders and criminal enterprise

The Future of Reputation Daniel J. Solove, 2007-01-01 Teeming with chatrooms online discussion groups and blogs the Internet offers previously unimagined opportunities for personal expression and communication But there s a dark side to the story A trail of information fragments about us is forever preserved on the Internet instantly available in a Google search A permanent chronicle of our private lives often of dubious reliability and sometimes totally false will follow us wherever we go accessible to friends strangers dates

employers neighbors relatives and anyone else who cares to look This engrossing book brimming with amazing examples of gossip slander and rumor on the Internet explores the profound implications of the online collision between free speech and privacy Daniel Solove an authority on information privacy law offers a fascinating account of how the Internet is transforming gossip the way we shame others and our ability to protect our own reputations Focusing on blogs Internet communities cybermobs and other current trends he shows that ironically the unconstrained flow of information on the Internet may impede opportunities for self development and freedom Long standing notions of privacy need review the author contends unless we establish a balance between privacy and free speech we may discover that the freedom of the Internet makes us less free

Social Networking Communities and E-Dating Services: Concepts and Implications Romm Livermore, Celia, Setzekorn, Kristina, 2008-08-31 This book provides an overview of the major questions that researchers and practitioners in this area are addressing at this time and by outlining the possible future directions for theory development and empirical research on social networking and eDating Provided by publisher

Rewired Larry Rosen, 2010-03-30 This book offers insight and help to motivate and maximize learning for the Internet Generation from the coauthor of The Distracted Mind Eric Milou Professor of Mathematics Rowan University Look around at today's youth and you can see how technology has changed their lives They lie on their beds and study while texting and chatting online with friends and scrolling through TikTok How does the new charged up multitasking generation respond to traditional textbooks and lectures Are we effectively reaching today's technologically advanced youth Rewired is the first book to help educators and parents teach to this new generation's radically different learning styles and needs This book will also help parents learn what to expect from their techie children concerning school homework and even socialization In short it is a book that exposes the impact of generational differences on learning while providing strategies for engaging students at school and at home Larry's research based positive proactive messages are a welcome relief from the unsupported fear based messages that are unfortunately also present Rewired should be considered a must read by all professionals who work with youth especially those in leadership positions Nancy Willard Director of Center for Safe and Responsible Internet Use
