Larkin, 2015-04-25 Deep Knowledge is a book about how peoples ideas change as they learn to teach Using the experiences of six middle and high school student teachers as they learn to teach science in diverse classrooms Larkin explores how their work changes the way they think about students society schools and science itself Through engaging case stories Deep Knowledge challenges some commonly held assumptions about learning to teach and tackles problems inherent in many teacher education programs This

book digs deep into the details of teacher learning in a way seldom attempted in teacher education textbooks The
Unschooling Handbook Mary Griffith, 2010-05-05 To Unschoolers Learning Is As Natural As Breathing Did you know that a
growing percentage of home schoolers are becoming unschoolers The unschooling movement is founded on the principle that
children learn best when they pursue their own natural curiosities and interests Without bells schedules and rules about
what to do and when the knowledge they gain through mindful living and exploration is absorbed more easily and
enthusiastically Learning is a natural inborn impulse and the world is rich with lessons to be learned and puzzles to be solved
Successful unschooling parents know how to stimulate and direct their children s learning impulse Once you read this book
