

How to be the Perfect Pickup Artist

Pickup artists achieve success with women in ways other than relying on good looks or instinct. It can take some work, but here are some tips to get you started.

AI

Wait for an "Approach Invitation", a favorable body language signal, like eye contact or a smile. If you want to build tension, playfully ignore the AI for a while before heading over.

Groups or alone

Don't be afraid to approach a woman no matter if she's in a group or alone. If you're afraid to go over alone, bring a wingman.

AFC

An average frustrated chump or AFC is a term coined to describe males who are clueless and incompetent with women.

Hands out of pockets

If you are at a bar looking like you are bored, don't expect to get a positive response if you approach a girl. If you seem like a buzzkill, she will be less likely to talk to you.

Call attention

Interact with your friends or the bartender. Not only will staying in an active, talkative state help you when you finally do approach, it makes it much more likely that you even will.

Keep her curious

Evade her questions with humor or counter-questions as long as possible. It'll show her you're not trying to impress her, and it'll make her curious who you really are.

Practice the approach

The next time you're out, just go up to a girl and start a conversation. She may turn you down, but the only way to perfect your game is to do this with as many women as possible.

IOI

Learn to read a woman's signals (called indicators of interest, termed IOI) like when she plays with her hair and laughs. This is an essential skill to acquire, because it'll let you know when you can take the next step.

Opening

Initiating a conversation is called "opening," and whatever the pickup artist says while opening is called an "opener." Openers can be "canned" (prepared in advance), or improvised.

She isn't hot

Since you think the girl is hot, you are more likely to show her that she is indeed too valuable for you. From here on out, no girl is hot, she's either "cute" or "alright."

Cold approaching

This occurs when the "target" hasn't given out an "approach invitation" to the pickup artist. Avoid doing this.
