New York Dissidence:

Dissidence Marie Leduc, 2018-11-20 How the valorization of artistic and political dissidence has contributed to the rise of Chinese contemporary art in the West Interest in Chinese contemporary art increased dramatically in the West shortly after the 1989 Tiananmen Square protests Sparked by political sympathy and the mediatized response to the event Western curators critics and art historians were quick to view the new art as an expression of dissident resistance to the Chinese regime In this book Marie Leduc proposes that this attribution of political dissidence is not only the result of latent Cold War perceptions about China but also indicative of the art world's demand for artistically and politically provocative work a demand that mirrors the valorization of free expression in liberal democracies Focusing on nine Chinese artists Wang Du Wang Keping Huang Yong Ping Yang Jiechang Chen Zhen Yan Pei Ming Shen Yuan Ru Xiaofan and Du Zhenjun who migrated to Paris in and around 1989 Leduc explores how their work was recognized before and after the Tiananmen Square incident Drawing on personal interviews with the artists and curators and through an analysis of important exhibitions events reviews and curatorial texts she demonstrates how these and other Chinese artists have been celebrated both for their artistic dissidence their formal innovations and introduction of new media and concepts and for their political dissidence how their work challenges political values in both China and the West As Leduc concludes the rise of Chinese contemporary art in the West highlights the significance of artistic and political dissidence in the production of contemporary art and the often unrecognized relationship between contemporary art and liberal democracy

Confronting Totalitarian Minds: Jan Patočka on Politics and Dissidence Aspen E. Brinton, 2021-05-01 The Czech philosopher Jan Patočka not only witnessed some of the most turbulent politics of twentieth century Central Europe but shaped his philosophy in response to that tumult One of the last students of Edmund Husserl and Martin Heidegger he inspired Václav Havel and other dissidents who confronted the Communist regime before 1989 as well as being actively involved in authoring and enacting Charter 77 He died in 1977 from medical complications resulting from interrogations of the secret police Confronting Totalitarian Minds examines his legacy along with several contemporary applications of his ideas about dissidence solidarity and the human being's existential confrontation with unjust politics Expanding the current possibilities of comparative political theory the author puts Patočka's ideas about dissidence citizen mobilization and civic responsibility into conversation with notable world historical figures like Mahatma Gandhi Vaclav Havel Dietrich Bonhoeffer and other contemporary activists In adding a fresh voice to contemporary conversations on transcending injustice Confronting Totalitarian Minds seeks to educate a wider audience about this philosopher's continued relevance to political dissidents across the world

Architecture and the Paradox of Dissidence Ines Weizman, 2014-02-03 Architecture and the Paradox of Dissidence maps out and expands upon the methodologies of architectural action and reinvigorates the concept of dissent within the architectural field It expands the notion of dissidence to other similar practices and strategies of resistance in a variety of historical and geographical

contexts The book also discusses how the gestures and techniques of past struggles as well as dilemmas of working in politically suppressive regimes can help to inform those of today This collection of essays from expert scholars demonstrates the multiple responses to this subject the potential and dangers of dissidence and thus constructs a robust lexicon of concepts that will point to possible ways forward for politically and theoretically committed architects and practitioners

Dissident Marxism David Renton, 2013-07-04 We are witnessing the birth of a new politics anti capitalist libertarian and anti war But where do today s dissidents come from *Dissident Marxism* argues that their roots can be found in the life and work of an earlier generation of socialist revolutionaries including such inspiring figures as the Soviet poet Mayakovsky the Marxist philosopher Karl Korsch Communist historians Edward Thompson and Dona Torr the Egyptian surrealist Georges Henein American New Left economists Paul Baran and Paul Sweezy advocates of Third World liberation including Walter Rodney and Samir Amin Harry Braverman the author of *Labor and Monopoly Capital* and David Widgery the journalist of the May 68 revolts What these writers shared was a commitment to the values of socialism from below the idea that change must be driven by the mass movements of the oppressed In a world dominated by slump fascism and war they retained a commitment to total democracy *Dissident Marxism* describes the left in history Some readers will enjoy it as a history of revolutionary socialism in the years between Stalin s rise and the fall of the Berlin Wall Others will find here a challenging thesis that the most enduring of left wing traditions and highly relevant to the times we live in today were located in a space between the New Left and Trotskyism *Dissident Marxism* explores the lives and thinking of some of the most creative and striking members of the twentieth century left and asks if the new anti capitalist movement might provide an opportunity for just such another left wing generation to emerge

The Dissident Politics in Václav Havel's Vanek Plays Carol Strong, 2023-09-05 *The Dissident Politics in Václav Havel's Vanek Plays* Who Is Ferdinand Vanek Anyway focuses on Ferdinand Vanek a semi autobiographical character created by Václav Havel and featured in a series of nine plays written by Havel himself and three other dissident writers Pavel Kohout Pavel Landovsk and Jir Dienstbier By exploring the Vanek experience Carol Strong details a multi episodic absurdist journey that provides an insider s view of the challenges facing those daring enough to question the status quo a view that remains relevant today Strong s contention is that the lines found in these plays served as a secret language of dissent in Cold War Czechoslovakia which called the citizenry to contemplate the need for societal reform As the plays were written at a time when the work of Havel and other dissidents were banned the plays were never performed publicly but through clandestine living room performances and the sharing of samizdat scripts the plays found an audience Select phrases were indeed whispered throughout underground networks and helped forge a sense of oppositional solidarity among potential activists Strong s argument is that the Vanek experience metaphorically highlights how official power mechanisms are among the least insidious forms of societal power as the state must follow predictable patterns of legal jurisprudence By contrast non governmental forms of power as exercised by one s

fellow citizens through informal social channels can challenge oppositional actors more because of the personal tone they adopt Using this approach Strong presents a timelessly relevant critique of modern society with its consumerist conformist tendencies Dissident Practices Claudia Calirman,2023-03-01 In *Dissident Practices* Claudia Calirman examines sixty years of visual art by prominent and emerging Brazilian women artists from the 1960s to the present covering the period from the military dictatorship to the return to democracy in the mid 1980s the social changes of the 2000s the rise of the Right in the late 2010s and the recent development of an overtly feminist art practice Though they were lauded as key figures in Brazilian art these artists still faced adversity and constraints because of their gender Although many of them in the 1960s and 1970s disavowed the term feminism Calirman gives a nuanced account of how they responded to authoritarianism engaged with trauma in the aftermath of the military dictatorship interrogated social gender norms and fought against women's objectification By battling social inequalities structures of power and state violence these artists create political agency in a society in which women remain targets of brutality and discrimination **Dissident**

Philosophers T. Allan Hillman,Tully Borland,2021-11-19 The book consists of sixteen essays and an introduction from prominent philosophers who are at odds with the predominant political trends of academic philosophy political trends primarily associated with leftism Some of these philosophers identify explicitly with the political right an admittedly broad term which ranges from American conservative to British Tory from religious right to non religious right from libertarian to authoritarian Yet other dissident philosophers eschew the left right dichotomy altogether while maintaining a firm political distance from the majority of their left leaning colleagues The primary goal of the volume is to represent a broad constituency of political philosophies and perspectives at variance with the prevailing political sentiments of the academy Each essay is partly autobiographical in nature detailing personal experiences that have influenced these philosophers throughout their lives and partly philosophical putting forth reflections on the intellectual viability of a right leaning or decidedly non left leaning political philosophy or some segment of it The contemporary university is supposed to be the locus of viewpoint diversity and yet as is evident to professors students and virtually anyone else who sets foot within its halls it most certainly is not particularly in matters political Nevertheless these essays are not instances of special pleading or grievance incitement Instead each article provides a glimpse into the life of an academic philosopher whose views have largely been at odds with peers and colleagues Furthermore all of the essays were consciously constructed with the aim of being philosophically rigorous while eschewing technical language and verbose prose In short the essays will be enjoyable to a wide audience *Dissident Postmodernists* Paul Maltby,2016-11-11 Critics who hold that postmodernist art is essentially adversarial and apolitical have ignored the historical context of the postmodern focus on the problems of language Paul Maltby examines a major current of postmodernist fiction that can be read as a dissident response to developments of late capitalism that have transformed the field of language and communication **Dissident Discipleship** David

Augsburger,2006-06-01 We all want to improve our spiritual lives but the task often can seem overwhelming And while there is no shortage of self help gurus hawking their wares not enough Christians are making meaningful progress toward a deeper relationship with God Now best selling author David Augsburger reveals the life giving nature of surrender and service in Dissident Discipleship Moving beyond self centered therapies and Lone Ranger spirituality Augsburger reveals that our spiritual lives will grow when we look outside of ourselves and lay down our lives in service to God and neighbor Anyone interested in the topic of spiritual growth from pastors to counselors will be sure to welcome Augsburger s balanced approach **Dissident Syria** miriam cooke,2007-08-14 An account of dissidence in Hafiz Asads Syria describing how intellectuals tried to navigate between charges of complicity with the state and treason against it

New York Dissidence Introduction

In today's digital age, the availability of New York Dissidence books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of New York Dissidence books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of New York Dissidence books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing New York Dissidence versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, New York Dissidence books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing New York Dissidence books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for New York Dissidence books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, New York Dissidence books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of New York Dissidence books and manuals for download and embark on your journey of knowledge?
