ways of thinking about historical performance today Kennaway s treatment of tone quality and projection and of posture bow strokes and fingering is informed by his practical insights as a professional cellist and teacher Vibrato and portamento are examined in the context of an increasing divergence between theory and practice as seen in printed sources and heard in early cello recordings Kennaway also explores differing nineteenth century views of the cello s gendered identity and the relevance of these cultural tropes to contemporary performance By accepting the diversity and ambiguity of nineteenth century sources and by resisting oversimplified solutions Kennaway has produced a nuanced performing history that will challenge and engage musicologists and performers alike
