

The USA drops a nuke on Japan. This was the start of the cold war because they were basically starting down Russia. They were trying to scare them.

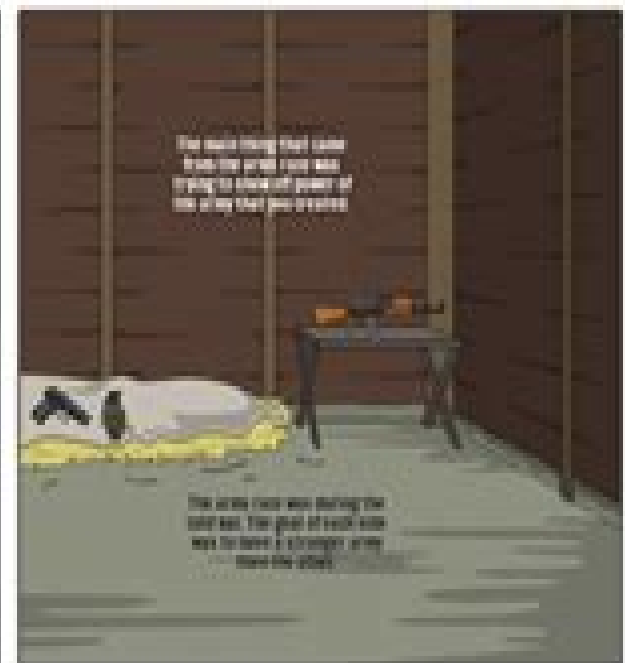

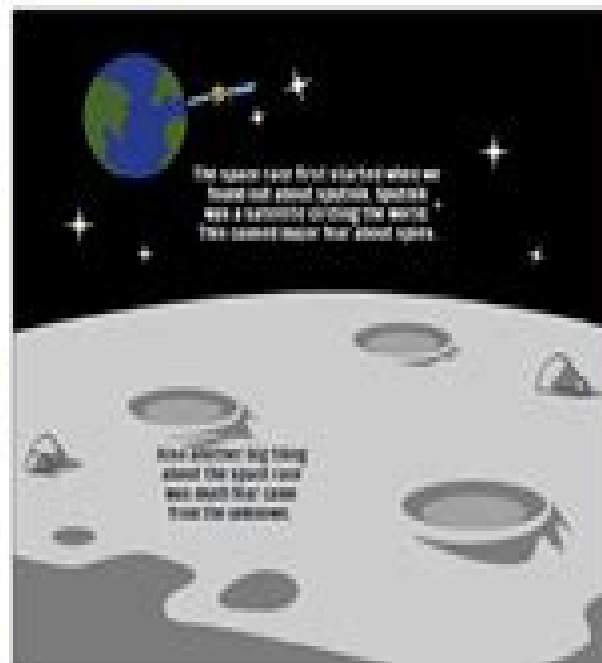

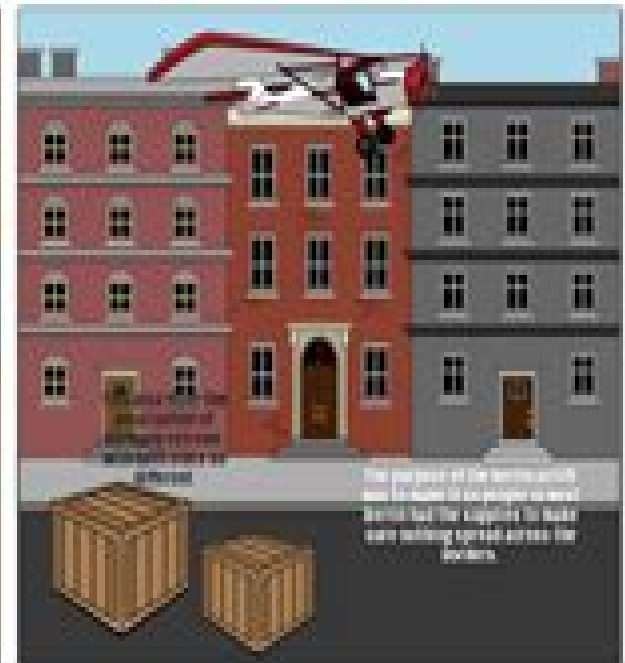

We need containment to make sure communism doesn't spread across the globe. It'll spread faster if we don't stop it.

Containment is the practice of making sure something doesn't spread to areas that it shouldn't.

We also want to make a pact with other countries to help contain Russia. We will call this group pact to prevent the peace.

Sapphire A Tale Of The Cold War:

Sapphire Thomas Graham Jr.,2014-12-08 Sapphire as the Preface explains is a tale or saga of perhaps the most dangerous period of the Cold War This was a time when the two superpower antagonists seeking the mastery of the world were challenging each other in important peripheral areas around the world risking dangerous escalation to major war At the same time they were creating enormous arsenals of total destruction on hair trigger alert in a situation where neither side had a good idea what the other was doing therefore having to always worst case everything It is extraordinary that the fatal mistake was not made somewhere along the line and it nearly was during the Cuban Missile Crisis in 1962 at the end of this period precipitating worldwide nuclear war Into this maelstrom entered a young woman tasked by her employer the Central Intelligence Agency to try to find a way to provide more openness between the sides and reduce worst case planning as well as to try to help prevent regional confrontations from damaging US interests and spinning into world crisis Sapphire is the story of that young woman primarily during the years 1954 to 1961

Rockets and People, Volume III, Hot Days of the Cold War , Abuses of the Erotic Josh Cerretti,2019-07-01 Events ranging from sexual abuse at Abu Ghraib to the end of Don t Ask Don t Tell hint that important issues surrounding gender and sexuality remain at the core of political and cultural problems Nonetheless intersectional analyses of militarism that account for questions of race class and gender remain exceedingly rare Abuses of the Erotic fills this gap by offering a comprehensive picture of how military values have permeated the civilian cultural sphere and by investigating connections between sexuality and militarism in the United States since the late 1980s Josh Cerretti takes up the urgent task of applying an interdisciplinary transnational framework to the role of sexuality in promoting expanding and sustaining the war on terror to understand the links between what Cerretti calls domestic militarism and later projects of state backed violence and intervention This work brings together scholarship on domestic and international militarization in relation to both homosexuality and heterosexuality to demonstrate how sexual and gender politics have been deployed to bolster U S military policies and by tracking over a decade of militarized sexuality how these instances have foundationally changed how we think of sexual and gender politics today
