Observations On A Life Not Yet Observed Scott Douglas:

Principles, Approaches and Issues in Participant Observation Danny L. Jorgensen, 2020-02-19 This book provides a succinct student friendly outline of the principles approaches and issues in participant observation An examination of these basic tenets is important for clarifying the philosophical rationale for conducting participant observation making important research decisions and appreciating the strengths and weaknesses of different approaches within the method Participant observation as a formal means of inquiry is developed in close relation with the competing approaches of reality ontology truthfully apprehending reality epistemology and formal research methodology In this volume Jorgensen discusses the resulting methodologies of positivism humanism and most recently postmodernism in relation to principles approaches and issues in participant observation Specific features of participant observation as exemplified in a wide range of classic and contemporary studies are examined by way of these methodological approaches along with the troublesome complexities of values politics ethics and contemporary debates over appropriate representations of the resulting findings about human life This concise primer is suitable for undergraduate and graduate students in a wide range of disciplines such as anthropology religious studies sociology and nursing

Participant Observation Danny L. Jorgensen, 1989-02-01 While providing an introduction to basic principles and strategies Participant Observation also explores the philosophy and methodology underlying the actual practice of participant observation Taking a thoroughly practical approach to the methods of participant observation Danny L Jorgensen illustrates these methods with both classic and current research studies By using the materials in this book the reader can begin conducting participant observation research on their own

Qualitative Approaches to Criminal Justice Mark Pogrebin, 2003 The growth in popularity of qualitative research in the social sciences over the last two decades has been nothing short of amazing Qualitative Approaches to Criminal Justice Perspectives from the Field reveals some of the reasons for the success and stature of this unique methodological approach Exploring the real life experiences of criminal justice professionals this anthology is the first book to focus solely on the use of qualitative research in various components of the criminal justice system The collection is organized from two criminal justice perspectives one qualitatively oriented and the other system oriented including overviews of each qualitative method and commentaries that analyze the research techniques Case studies illustrating actual fieldwork practices bring theory vividly to life Qualitative Approaches to Criminal Justice Perspectives from the Field is multi faceted in both its content and application Through its investigative techniques which rely mainly on observations participant observation and open ended interviews qualitative research reveals parts of the social world that remain hidden to more traditional methodological techniques Recommended as a companion to an administration of criminal justice course as well as courses in qualitative research in criminal justice Also recommended as a supplemental text for any research methods course in a criminal justice degree program including sociology political science and legal studies
