

# Company Picnic Planning Guide

When the time comes and your ready to plan your company picnic we hope you find this guide and checklist helpful.

**Budget:** Your budget should account for the costs of the venue, food, games and activities, entertainment, and giveaways/prizes. Though company picnics are a time for relaxation - this is a time to pull out all the stops and show your employees how much you appreciate them.

**Date:** Selecting the date for your picnic is more challenging than it may seem. As many business owners will have events, trips, and projects planned months in advance, planning ahead of time is your best bet.

**Guest List:** Of course each and every one of your employees should be invited to your celebration. You will then need to decide if you'd like to also extend the invitation to their significant others and children, if any.

**Invitations:** Theme or not - an invitation should be created as a way to invite your employees as well as their friends and family! You could even consider getting creative with your invitations- and link them to social media. You might consider including a QR code that would redirect the recipient to the Facebook event page. This would allow you to easily track the RSVPs, comments, questions, and concerns of your guests.

**Venue:** If your office location provides an outdoor picnic location then you are in luck, and so is your budget! If it doesn't there are many budget friendly, and splurge options as well. Consider local parks, beaches, lakes, community centers, campgrounds, and even zoos.

**Menu:** The standard picnic foods are always loved and appreciated by our employees - you know the standard, burgers, hotdogs, salads, etc. If it is in your budget you might consider a caterer! You might even consider having each of your employees bringing a dish to pass - this way recipes can be shared, and the workload is split.

**Entertainment:** Entertainment could come in a variety of forms- be it a band, a DJ, a performer, or something less extravagant. Keep in mind, once again that if children will be in attendance you'll want to keep this family-friendly. If nothing else some music for background noise is always a great idea.

**Activities:** Activities may be just for fun - but you could also use this as an opportunity for team building. Consider brain games like puzzles, and trivia, and also more physically demanding games and activities like volleyball, badminton, tug of war etc. Consider creating teams to challenge your employees to work together in environments and situations other than those commonly encountered in the workplace. You might even consider team names or colors to help unify and strengthen each team, with coordinating tee shirts?

**Giveaways:** Winners of activities, raffles, etc. should be rewarded for their efforts! For these types of "prizes" we recommend higher ticket items for people to get excited about - it also stimulates a competitive environment. Perhaps a dinner for the winning team, a hotel in a location of their choice, a television? You might also consider smaller gifts for everyone to take home, especially if children will be in attendance.

**Promotion:** We hope that these ideas will assist in the planning of your company picnic this year. During the picnic be sure to have someone responsible for recording the day's events, which will also help your traction on your various social media accounts. You might even have an employee live tweet the picnic featuring personalized hashtags: #LiveTweetTheCompanyPicnic #CompanyPicnic2016. Photos of setup, activities, food, and prizes are all good things to post. Although it is a good idea to throughout the day you'll want to be careful not to post too much. The videos and photos captured can later be shared as a way to promote your company - a true reflection of your company's personality!

[laser parameters basics and settings trotec laser](#) - Feb 28 2023

web laser parameters are a combination of the following settings speed power hz passes air assist z offset controlled defocusing resolution ppi frequency hz passes laser parameters in the trotec jobcontrol laser software with the trotec jobcontrol software you will discover a wide selection of pre tested laser parameters already available

*laser cutting parameters the ultimate guide acctek laser* - Jul 04 2023

web finding the optimal laser cutting parameters requires a systematic and methodical approach as it involves optimizing various factors to achieve the desired cut quality speed and accuracy here is a detailed step by step guide on how to determine the best laser cutting parameters for your specific material and application

**cutting parameters g u eagle laser** - Mar 20 2022

web sep 22 2023 a set of appropriate cutting parameters is one of the most important technology for getting good machining results you can set a large group of parameters e g laser power cut speed focus position assist gas etc which can control almost every single detail of a cutting process

**laser parameter an overview sciencedirect topics** - Nov 27 2022

web in the laser cutting process laser parameters such as laser output power and pulsating frequency cutting speed assisting gas pressure and focal distance determine the end product quality the sideways burning along the cutting paths results in poor cutting quality particularly wedge cuts forming in sheet metal

**machining parameter optimization for laser machining** - Sep 25 2022

web jul 1 2022 this study evaluates the combination of laser cutting parameters to produce good machining result by using statistical method via jmp software 4 variable parameters were considered including material thickness laser

**laser cutting parameters the definitive guide baison** - Aug 05 2023

web dec 27 2022 the laser parameters include laser cutting quality wavelength beam polarization power and intensity cutting speed processing gas focal point and material specifications importance of laser cutting parameters
